HOLMES SCHOOL GRAND RE-OPENING

On Tuesday, September 3rd, Mayor Raymond L. Flynn and Superintendent of Schools Dr. Lois Harrison Jones joined teachers, students, parents and neighbors to celebrate the grand re-opening of the Oliver Wendell Holmes Elementary School in Dorchester.

The Holmes recently underwent a \$2.4 million rehabilitation that has resulted in a safe, comfortable and exciting atmosphere for learning. Thirty-eight schools across the City are slated for similar modernizations as a part of Mayor Flynn's five-year, \$1.03 billion capital improvement plan "Rebuilding Boston."

"The City of Boston has made a tremendous effort to rejuvenate our public schools," said Mayor Flynn. "By improving the physical condition of Boston's schools, we are creating an environment that will have a positive effect on students, teachers, and administrators."

The Holmes School, after being closed for nearly two years, will open its doors as a model integration

program for children with mild to moderate learning disabilities in Kindergarten through Grade II. A new grade will be added in each subsequent year until the eighth grade.

"The City of Boston has created a wonderful new learning environment in a grand old school building. This renovation is a persuasive demonstration of the cooperation between the City and the School Department,"

said Dr. Harrison Jones. "The educational program beginning at the Holmes will be compelling: students will be part of a new approach to education, one that fully integrates students with special needs into regular education, and that explores new and creative ways to teach and motivate children."

Renovations at the Holmes were funded through the Mayor's Office of Capital Planning and construction was carried out under the direction of the Public Facilities Department.

TUNNEL BORING MACHINE ARRIVES IN BOSTON TO DIG NINE-MILE UNDERSEA TUNNEL

The largest tunnel boring machine ever to operate in New England arrived by barge today in Boston Harbor, where it will be used to excavate a nine and one-half mile tunnel below Massachusetts Bay as part of the Boston Harbor Project.

The 600-ton machine was shipped in five pieces from a plant in Manitowoc, Wisconsin, where it was built by the Robbins Company. The disassembled machine traveled through the Great Lakes to the Erie Canal, down the Hudson River and then up the East Coast to Boston Harbor.

The tunnel boring machine, known as a TBM, will be used to excavate a 24-foot diameter tunnel from Deer Island to a point nine and one-half miles east/northeast into Massachusetts Bay. The tunnel, which will be completed in July, 1995, will transport 450 million gallons of treated wastewater daily from a new wastewater treatment plant under

construction on Deer Island to the sea. The effluent to be carried by the tunnel will receive both primary and secondary treatment, which together will remove 85 percent of most contaminants.

"Boston is currently one of the world capitals of the tunneling industry," said Paul F. Levy, Executive Director of the Massachusetts Water Resources Authority, the agency responsible for the harbor cleanup. "With the arrival of the tunnel boring machine, the Authority begins the construction of one of the longest single entry and exit tunnels of its kind in the world."

"The MWRA outfall tunnel will be nearly as wide as the Callahan Tunnel and as long as the distance from Boston to Route 128. This construction is a massive undertaking that has brought world-class technology and talent to the Boston Harbor Project," said Levy. "Tunnel construction will also employ 500 electricians, tunnelers and operating engineers over the next three years."

Three shifts of 30 workers each will work 24 hours a day for the next four and one-half years to complete the tunnel by July 1995, when the MWRA's new primary treatment plant will be completed.

The Robbins Co., headquartered in Kent, Washington, custom-built the machine for the Authority's outfall tunnel, which is being constructed by the joint venture of the Kiewit Construction Co. of Omaha, the Guy F. Atkinson Construction Co. of San Francisco, and the Kenney Construction Co. of Wheeling, Illinois, under a \$202 million contract with the MWRA.

The 3,000 horsepower TBM is 26 and one-half feet in diameter, 40 feet long, and weighs 600 tons (as much as 110 elephants or two tugboats). The machine will be cutting through Cambridge argillite, a medium-hard gray rock, for a period of about three years.

The TBM was fully assembled and tested on the shop floor in Manitowoc. Then the machine was disassembled and prepared for shipping to Boston. The biggest of the five pieces of the ma-

chine weighs an estimated 100 tons. The machine will be lifted by crane from the barge on September 5, to the Deer Island Pier. From the pier the TBM will travel by heavy-haul vehicle to the northern side of the island, where it will be transferred to a platform adjacent to the outfall tunnel shaft.

The TBM will be stored on Deer Island until about mid-October, when it will be lowered into an assembly chamber at the bottom of the 420-foot deep shaft of the outfall tunnel. There, it will be reassembled and tested.

The TBM voyage from Manitowoc to Boston has been captained by John Selvick, Selvick Marine Towing, of Sturgeon Bay, Wisconsin.

MWRA TUNNEL BORING MACHINE

FACT SHEET

September 4, 1991

- The TBM will work around-the-clock and, guided beneath the sea floor by high precision surveying instruments, is expected to average 80 to 120 feet per day.

- Lasers will be utilized for the day-to-day guidance of the machine. When the TBM has bored about eight and one-quarter miles it will have reached

the location of the diffuser tunnel where 55 sealed pipes, or risers, will have already been installed. The riser will connect to the tunnel and bring the treated effluent up 250 feet to the ocean floor. There, each 40-ton cap will disperse the treated wastewater through eight openings to assure a thorough mixing with seawater.

- The joint venture of J. M. Cashman Inc. of Quincy, Massachusetts, and Interbeton Inc. of Williamsburg, Virginia, is currently drilling and assembling the riser pipes from a jack up barge in Massachusetts Bay.

- Two other tunnel projects are already under way on Deer Island. In April, the Authority broke ground for a tunnel that will connect Deer Island and Nut Island in Quincy. Under construction by the joint venture of the S. A. Healy Construction Corp., of Mc Cook, Illinois, and the Modern Continental Construction Co., Inc. of Cambridge, the five-mile cross-harbor tunnel will connect the new Nut Island headworks with the primary and secondary treatment facilities on Deer Island. The shafts that will form the end of the tunnel are currently being excavated. A second tunnel boring machine for that project is expected to begin boring from Deer Island in June 1992.

The joint venture of Kiewit/Atkinson/Kenney is using a third TBM to bore two tunnels as part of the new primary treatment plant at Deer Island. The tunnels, which are nearly one-half mile long and 11 and one-half feet in diameter, will convey raw sewage to the new plant for treatment.

- The Robbins Co., of Kent, Washington, built the first tunnel boring machine in 1952, and some of the 163 machines it has built since that time regularly achieved new world tunneling records. Five of the six tunneling machines working beneath the English Channel (linking Great Britain and France via the "Chunnel") bear the Robbins name.

- Other large TBMs that have seen duty in New England include a 22-foot diameter soft-ground machine that was used to extend the Massachusetts Bay Transportation Authority's red line

subway from Harvard Square to the Alewife station. Another 22-foot diameter hard-rock TBM was used to drill the three-mile long cooling tunnels for the Seabrook nuclear power plant in Seabrook, New Hampshire.

JOHN MEUNIER NAMED NEW LIAISON TO LESBIAN AND GAY COMMUNITY

Mayor Raymond L. Flynn today announced the appointment of John J. Meunier as the city's new liaison to the lesbian and gay community.

"I have known John Meunier for some time, and I am confident he will bring his talents and experience to work for the lesbian and gay community," said Mayor Flynn. "John's experience in public service and his commitment to social issues will be a benefit to the community and the City of Boston."

Meunier, 30, is a South Boston resident whose involvement in government dates back to 1982, when he worked as the regional campaign manager for Representative Gerry Studds. During that election, Meunier supervised campaign activities in 14 towns and managed the Studds for Congress headquarters. Meunier also worked on the Gerry D'Amico and Flynn campaigns in 1986.

Active in community politics and in the gay community, Meunier was an elected member of the Democratic Ward Committee, Ward 15, in Dorchester from 1986-88 and a recipient of the Boston "Work Smarter" award in 1990. Meunier is a former member of the Finance Committee for the Boston Living Center, a peer-lead organization for people with HIV and AIDS, and has been active in AIDS housing issues. He successfully completed a city-sponsored AIDS education course last May.

Until his appointment as liaison, Meunier worked as a marketing and design manager for the Public Facilities Department, the city's community development agency.

While at PFD, Meunier developed programs that helped small businesses

and those owned by minorities and women grow. Before that, Meunier was the Director of the HOMEBASE program in the PFD, creating a first-time homebuyers assistance service for Boston residents. He also lead a city-wide campaign to attract low/moderate income first-time buyers.

Meunier's experience in government and public service, he believes, will make him an effective liaison to the lesbian and gay community. His visibility and access to city officials, he says, will

allow him to better express the community's concerns. Meunier says his priorities reflect those of the lesbian and gay community — sensitizing the public to gay-related issues, dealing with all aspects of the AIDS pandemic, stemming anti-gay and lesbian violence and fostering civil rights.

Meunier is available for interviews and can be reached through the Mayor's Office of Neighborhood Services, 725-3485.

COMMITTEE FORMED TO STOP ABUSE OF HAITIANS IN THE DOMINICAN REPUBLIC

Just one month after Boston Mayor Raymond L. Flynn called for an investigation into alleged human rights abuses in the Dominican Republic's sugar cane industry, a number of local community activists have formed a committee to lobby for change in that country.

The ad-hoc committee of the Massachusetts Haitian-American Council is chaired by Yves Dambreville, the city's liaison to the Haitian and Caribbean communities and the Mattapan Neigh-

borhood Coordinator for the Mayor's Office of Neighborhood Services. The committee is looking for volunteers to lobby for action on the widespread reports of slavery in the cane fields.

Last month, Mayor Flynn wrote to several key members of Congress, calling their attention to reports that sugar cane workers are working under slave-like conditions in violation of the most basic human rights. Jobless Haitians are reportedly being lured to the Dominican Republic to work in the fields, only to find the conditions there akin to those of slave labor camps.

"This is not just a Haitian issue," Mayor Flynn said in his July 2 letter to members of the House and Senate For-

(Continued on next page)

eign Relations Committees. "It is an issue that all Americans should be concerned about."

The newly formed ad hoc committee is seeking people to plan and work for a lobbying strategy to correct the alleged human rights abuses, even as reports of mistreatment of cane workers continue to surface.

Haitian children as young as seven years old are being lured to the neighboring Dominican Republic with promises of jobs and riches. Instead, they find miserable working conditions in the fields of cane. They work long hours for little or no pay, receive no breaks and are always under the watchful eye of armed soldiers.

With no access to health care or sanitation, most of the workers are ill-nourished, prompting Mayor Flynn to call for action.

The ABC television news program "Prime Time Live" recently aired a segment that investigated the charges of mistreatment, showing the horrific conditions under which the laborers work. Hidden cameras showed slave traders on the streets of Haiti luring youngsters to the Dominican Republic, where they are sold as slaves to cane field owners — sometimes for \$12 each.

"Fostering human rights is a universal concern, and we need people from all walks of life to work for change in the Dominican Republic," said Dambreville.

Dr. Jean Louis Eustache, a Haitian community activist in Boston, said this week that volunteers could lobby corporations and public officials to look for ways to correct the situation in the Dominican Republic. "What we are saying to the public is that we need their support," Dr. Eustache said.

The Massachusetts Haitian - American Council urges all volunteers to contact Yves Dambreville at the Mayor's Office of Neighborhood Services at 725-3485 or Dr. Jean Louis Eustache at 825-9307.

NEW ENGLAND PATRIOTS STAR AND UNITED WAY VOLUNTEER CHRIS SINGLETON SAVES HIS TWIN BROTHER'S LIFE

By Tony Ferullo

On January 26, 1990, Chris Singleton, then a star player at the University of Arizona, was scheduled to perform his athletic skills for a group of National Football League (NFL) scouts. It was going to be a special day for Singleton, something he had dreamed about since the first time he put on a helmet and shoulder pads.

Such dreams, however, come true more often in the fairytale land of Hollywood than they do in the real world. Chris Singleton, now a linebacker with the New England Patriots, learned that lesson right away.

He couldn't showcase his talents when he was supposed to because he had more important business to take care of — like saving the life of his twin brother, Kevin.

"It was the natural thing to do," said Chris of the bone marrow transplant he supplied that day to Kevin, diagnosed as having acute lymphoblastic leukemia the previous summer. "My brother and I have always been close, but this made us closer. We're pretty much like one."

Singleton's comments came during a break in the filming of a United Way-NFL public service announcement, held at the Arlington Boys & Girls Club, an agency supported by the United Way of Massachusetts Bay.

"Thanks to research by the American Cancer Society (a partner with the United Way), Kevin has been helped," said Chris. "He is living proof that getting cancer is not hopeless. He showed that you can beat the disease."

Thanks to Chris' brotherly love, Kevin Singleton has conquered the biggest battle of his life. "What happened to me could happen to anybody," said Kevin. "It's part of nature. I've been through a lot, and I'm glad it's over."

"My goal is to play professional football one day, but if I don't make it, that's okay. I'll just give it my all in

whatever I do. I'm just happy to be alive."

This is the 18th year that the NFL and the United Way of America have teamed together to provide a series of 60-second public service television spots. The spots, featuring the 28 NFL teams, their players, coaches, owners and staff, reach 80 million viewers each weekend during the NFL season.

All of the NFL players volunteer without pay, to tell the story of how the United Way helps to improve the quality of life for millions of people across the country. Filling this role is a perfect match for Chris Singleton.

"I grew up (in Parsippany, New Jersey) with the United Way, that's why I'm so interested in what they do," explained Chris. "I'm proud to be involved with the organization. It's important to me."

Dan Brosnan, Executive Director of the Arlington Boys & Girls Club, witnessed the filming of the United Way NFL spot and was impressed with Chris Singleton's volunteer efforts.

"It's a noble thing that Chris is doing for the United Way," said Brosnan. "I feel good seeing a professional athlete giving something back to the community. That's what life is all about."

BOSTON HARBOR: MAKING HISTORY IN THE FUTURE

By Paul F. Levy

"I would like to see my kids enjoy Boston Harbor the way my grandparents did."

An essay written by 11th-grader Patrick Shea was characteristic of the 62 essays submitted to the Massachusetts Water Resources Authority as part of the Authority's second annual essay contest.

Writing on the theme, "Why it is important to save Boston Harbor," Patrick and the other young writers from 41 schools in 26 communities demonstrated a knowledge of the history and present conditions of the harbor, as well as an awareness of current MWRA ef

forts to "make history in the future" by controlling the pollution of Boston Harbor.

The essays indicate that our school system is producing a generation of young environmentalists. I was surprised and reassured by their arguments for stopping pollution and preserving our resources.

Fourth grader Lauren Miceli wrote, "We should take care of our world because it's the only world we have." David Wolman, Grade 11, noted that "Cleaning our waters is not solely an action of sympathy for the marine world, but it is an obligation to life on this planet." Denis Russell, Grade 11, wrote "You can't expect to upset the balance of nature and not be a part of the consequences."

Their words show that the young essayists understand the role they play in the future of our planet. They know that today's actions will have an impact on their lives and the lives of their children.

The essays were not all based on dreams for the future. Regarding the process of cleaning up the harbor, a practical 11th grader, Michelle Andre wrote, "If they can send a man or woman into space, they can clean up a harbor," while Brenda Dello Russo, Grade 8, stated, "We need a miracle" to clean up the harbor.

Now in its third year of construction, that "miracle" is moving quickly — ahead of schedule and under budget. Thanks to the hundreds of men and women, engineers, designers and construction workers on the job, the harbor cleanup is a dream in the making. Although the entire project is nine years from completion, interim steps have already resulted in cleaner beaches and reduced levels of toxins in the harbor.

When completed in 1999 a new primary and secondary wastewater treatment facility on Deer Island will process sewage from 43 communities in eastern Massachusetts. During the past year, work began on two tunnels, a nine and one-half mile effluent outfall tunnel and a five-mile cross-harbor tunnel that will convey wastewater from Nut Island to Deer Island. A processing plant that

will convert sludge to fertilizer and end the dumping of sludge into Boston Harbor is nearing completion at Quincy's Fore River Shipyard.

The young writers, tomorrow's voters, appear ready to hold future elected officials accountable for preserving the environment.

"The future looks hopeful for cleaner water, but we must be forceful with our state, and national governments in order to be sure that this process will be as efficient and as effective as possible," wrote David Wolman. In a "Letter of Hope" to Governor William Weld, seventh grader David Curran wrote, "I don't remember if one of your campaign speeches was to clean up the harbor; if it wasn't, it should have been."

In addition to environmental benefits, the hard-headed business men and women of the future recognize the economic benefits of a clean harbor. "One reason to clean Boston Harbor is that it would be a great tourist spot. It could bring lots of tourist money," noted eighth grader Rebecca Sault, while Trevor Henry, grade 12, advised, "It would also be economically beneficial for the fishing industry to be able to use the (shellfish) beds that lie in the harbor."

I believe that young people's interest in the state of Boston Harbor is a good indication of the dedication of our youth to preserving and protecting the environment. As Patrick Shea wrote, a clean Boston Harbor is "not only my dream, but the dream of many." The attitudes adopted today toward our resources will have an impact on generations to come.

Gisele Edwards, Grade 8, expressed the obligation that the Authority feels toward its charge, Boston Harbor, when she wrote: "I believe, as the North American Indians do, that no land can be truly owned by people, that it is the property of no one, but is something to be treasured and thankful for and kept in good care." I agree with you, Gisele. That is why the MWRA is cleaning up the harbor. We are preparing our treasure for its history-making role in the future.

Paul F. Levy is Executive Director of the Massachusetts Water Resources Authority. The essays quoted here are from St. Clement High School, Somerville; Lincoln/Hancock School, Quincy; the Mountain School, Vershire, Vermont; Woburn High, Woburn; Beachmont School, Revere; Our Lady of Perpetual Help, Boston; Central Middle School, Quincy; and Phillips Academy, Andover.

"BIRDSONGS OF THE MESOZOIC" IN CONCERT AT BPL

The Birdsongs of the Mesozoic quartet will perform a free concert of its unique blend of rock, jazz, classical, and improvisational sounds in the Mezzanine Conference Room of the Boston Public Library in Copley Square on Friday afternoon, September 20th, at 2 p.m.

Described by *Billboard* as a "mesmerizing instrumental venture into the space-age jungle," Birdsongs' sounds have a broad appeal that is reflected in its audiences that typically range from 16 to 60+.

With Martin Swope on guitar, Erik Lindgren and Rick Scott on keyboards, and Ken Field on saxophone the group's repertory consists primarily of original compositions. It is the non-original pieces, however, from Brian Eno's "Sombre Reptiles" to the theme from "The Simpsons," that best define the stylistic parameters of the quartet.

Instrumentation consists of piano, two synthesizers, guitar, and saxophone, with electronic and acoustic percussion. However, the group's creative use of sound includes such unusual "instruments" as an abbreviated clarinet, a 10-gallon paint can, a Plymouth Cougar hub cap, and a washboard. The result is a sound always rich in texture and interesting to the ear. According to the Roanoke (VA) *Times & World News*, "if Beethoven were alive today he might even want to sit in with these guys."

Their recordings have been reviewed internationally and they have appeared

(Continued on next page)

live in concert throughout the U.S. and Canada since their founding in 1980.

The performance is free and open to the public. Seating is limited. For more information please contact the Boston Public Library at 536-5400, Ext. 334.

"WINSLOW HOMER'S MYSTERY WOMAN" SUBJECT OF BPL LECTURE

Henry Adams, the Samuel Sosland curator of American Art at the Nelson-Atkins Museum of Art in Kansas City, Missouri, will deliver a lecture on "Winslow Homer's Mystery Woman" in the Rabb Lecture Hall of the Boston Public Library in Copley Square on Thursday evening, September 26th.

The 6 p.m. lecture is cosponsored by the Massachusetts Historical Society and funded by a grant from the Lowell Institute.

Mr. Adams has a special interest in 19th- and 20th-century painting. He has mounted exhibitions on John La Farge and Thomas Hart Benton and has published catalogs on both.

The program is free and open to the public. For more information, please contact the Massachusetts Historical Society in Boston at 536-1608.

PORTLAND STRING QUARTET IN CONCERT AT BPL

The Portland String Quartet will perform a free chamber music concert in the Rabb Lecture Hall of the Boston Public Library in Copley Square on Friday afternoon, September 20th.

The 1 p.m. program will include Walter Piston's String Quartet No. 1 and Antonin Dvorak's String Quartet in F Major, Op. 96 ("The American").

Since its inception in 1969, the Quartet has developed an enthusiastic following from appreciative audiences throughout the United States, Europe, Latin America, and the Far East. It has established a fine reputation for its strong and unusual programming, combining traditional masterpieces with contemporary works by established composers.

The Portland String Quartet is considered one of the foremost proponents of Walter Piston's chamber music and has listed in its discography his complete works. Dr. Piston wrote his "Concerto for String Quartet, Wind Ensemble and Percussion" in 1976 and dedicated it to the Quartet.

In 1981 the group performed a "Concert in Tribute to Walter Piston" at the BPL in recognition of the receipt of Dr. Piston's collection and the opening of the Piston Room exhibit area in the Research Library.

Currently in residence at Colby College in Waterville, Maine, the group maintains a rigorous performance schedule, touring privately and under the auspices of the U.S. State Department.

The performance is scheduled to coincide with the Conference of Performing Arts Sponsors being held in Boston and is free and open to the public. For more information please contact the Boston Public Library Music Department at 536-5400, Ext. 285.

Hayward, CA 94545	

Under the terms of the contracts the above vendors will supply parts to the Biomedical Engineering Department at the Department of Health and Hospitals for repairs to medical equipment located in various locations throughout the Department, and maintain a sufficient inventory of various parts to make needed repairs to equipment. Two of the companies maintain an inventory of batteries with unusual voltage for use in telemetry equipment and also can supply unique battery packs required by some of the medical equipment.

I have determined after reasonable investigation that the above vendors are the only practicable source for these miscellaneous parts and I made a written determination of that fact on March 7, 1991, by letter to the City Auditor, attached.

Compensation under this contract shall not exceed the above stated amounts which I have determined to be reasonable for the work to be performed.

The terms of these contracts shall be April 1, 1991 through March 31, 1992.

Because of the sole source of the miscellaneous parts to be procured, I believe that public advertising would serve no useful purpose.

The contract encompasses more than one fiscal year and the City's financial obligations are subject to the availability of an appropriation in accordance with the requirements of City of Boston Code, St. 4. SS. 4 & 8.

cordance with the requirements of City of Boston Code, St. 4. SS. 4 & 8.

Very truly yours,
Judith Kurland,
Commissioner.

Security System

February 26, 1991

Dear Sir:

I respectfully request your permission to dispense with public advertising and to award a sole source procurement contract to ADT Security Systems, Northeast, Inc., a corporation, located at 120 Linskey Way, Cambridge, Massachusetts 02142, for to maintain and service a 24 hour burglar alarm system.

Under the terms of the contract, ADT Security Systems, Northeast, Inc., will maintain and service a 24 hour burglar alarm system located at the Department of Narcotic Addition, 400 Frontage Road, South Boston, Massachusetts 02127. The vendor's employees will respond to the alarm and both the Boston Police Department and the Department of Health and Hospitals will be informed that the alarm has sounded. ADT Security Systems, Northeast, Inc., is uniquely qualified to do this work because they manufacture the equipment, performed the installation, have technically trained personnel and is the only vendor, whose employees will respond to the alarm.

I have determined after reasonable investigation ADT Security Systems, Northeast, Inc., is the only practicable source for this service and I made a written determination of that fact on February 4, 1991 by letter to the City Auditor, attached.

Compensation under this contract shall not exceed two thousand three hundred twenty dollars and thirty-two cents (\$2,320.32) which I have determined to be reasonable for the work to be performed.

The term of this contract shall by July 1, 1990 through June 30, 1991.

Because of the sole source of the services to be procured, I believe that public advertising would serve no useful purpose.

Originally this award would have been processed late because all the necessary paperwork had not been returned from the vendor until November 26, 1990. The confusion over Chapter 30B has extended the delay.

Very truly yours,
Judith Kurland,
Commissioner.

LAW DEPARTMENT

Professional Services

March 8, 1991

Dear Mr. Mayor:

I respectfully request your permission to dispense with public advertising and to award a contract to Michael Howie, M.D., an individual located at The Ohio State University Hospitals, Department of Anesthesiology, 410 West 10th Avenue, Columbus, Ohio, 43210-1228, for expert review and witness testimony in the case entitled *Daina Martin v. City of Boston, et al.* This contract is exempt from Chapter 30B and is awarded under the authority of the City Charter.

Under the terms of the contract, Dr. Howie will review documents and records in order to identify and frame a medical opinion, and where appropriate, will provide supportive expert testimony at time of trial. Dr. Howie is uniquely qualified to

(Continued on next page)

do this work because he is a board-certified physician with extensive medical-legal expertise.

Compensation under this contract shall not exceed Seven Thousand Five Hundred Dollars (\$7,500) to be paid at the rate of Two Hundred and Fifty Dollars (\$250) per hour, which I have determined reasonable for the work to be performed.

The term of this contract shall be March 8, 1991 through June 30, 1991.

Because of the professional nature of the services to be performed, I believe that public advertising would serve no useful purpose.

Very truly yours,

Joseph I. Mulligan,
Corporation Counsel.

CONTRACTS AMENDED

The Mayor has approved the amending of contracts, based on the following information:

DEPARTMENT OF HEALTH & HOSPITALS

C307-91

Taxi Services

Dear Sir:

Pursuant to the authority delegated to me by the Board of Health and Hospitals, I respectfully request Your Honor's permission to amend the contract with Red & White Cab Association, 474 Dorchester Avenue, South Boston, Massachusetts 02127 for the period July 1, 1990 through June 30, 1991 at a cost not to exceed twenty-seven thousand nine hundred dollars (\$27,900). This amendment complies with M.G.L., Chapter 30B in that it does not exceed 10 percent of the original contract amount.

This amendment will increase the contract sum by, two thousand seven hundred ninety dollars (\$2,790), thereby increasing the City's total liability under this contract, as so amended, to an amount not to exceed thirty thousand six hundred ninety dollars (\$30,690).

Under this contract Red & White Cab Association will provide Taxi Services for the transportation of packages and hospital personnel for Boston City Hospital only. This amendment is necessary because of the fare increase and the department's underestimation of usage.

In view of the above, and as the cost in my opinion, is reasonable, I recommend approval of this amendment.

Very truly yours,

Judith Kurland,
Commissioner.

C144-91

Temporary Radiology Technicians

Dear Sir:

Pursuant to the authority delegated to me by the Board of Health and Hospitals, I respectfully request Your Honor's permission to amend the contract with Staff Builders, 18 Tremont Street, Boston, Massachusetts 02108, to provide Temporary Radiology Technicians for the Department of Health and Hospitals for the period July 1, 1990 through June 30, 1991 at a cost not to exceed seventy thousand dollars (\$70,000). This amendment complies with M.G.L., Chapter 30B in that it does not exceed 10% of the original contract amount.

This amendment will increase the contract sum by five thousand dollars (\$5,000), thereby increasing the City's total liability under this contract, as so amended, to an amount not to exceed seventy-five thousand dollars (\$75,000).

When the contract was being processed we neglected to add Mattapan Hospital to the contract, therefore making it necessary to amend this contract. An increase is necessary to fulfill the actual needs of the governmental body and is more economical and practical than awarding another contract.

Therefore, in view of the above, and as the cost increase, in my opinion, is reasonable, I recommend approval of this amendment.

Very truly yours,

Judith Kurland,
Commissioner.

2360-91

LAW DEPARTMENT

Legal Intern Services

Dear Mr. Mayor:

On August 7, 1990, your Honor approved an award of a contract without public advertising for bids to Eileen Murphy, an individual located at 1992 Commonwealth Avenue #8, Brighton, Massachusetts 02135, for services rendered to the Law Department as a legal intern during the period August 1, 1990 through June 30, 1991.

Your approval is requested to amend this contract to ensure Ms. Murphy's continued services in the Law Library. This amendment is necessary due to the fact that she will have worked more hours over the term of her contract than were originally anticipated.

The cost of this amendment, which is effective April 1, 1991, shall not exceed two thousand five hundred dollars, (\$2,500), which I have determined to be reasonable. The contract as amended shall not exceed seven thousand five hundred dollars (\$7,500).

Because of the professional nature of the services to be performed, I believe that public advertising would serve no useful purpose.

Very truly yours,

Joseph I. Mulligan,
Corporation Counsel.

91-2725-01

POLICE DEPARTMENT

Emergency Waste Pickups

Dear Mayor Flynn:

On April 24, 1990, your Honor approved the award of a contract, following public advertising for bids to Reliable Rubbish Disposal, Inc., 62 Salem Turnpike, Saugus, Massachusetts 01906, for waste disposal services during the period July 1, 1990 through June 30, 1991 at a cost not to exceed \$6,731.

Your approval is requested to amend this contract to provide for emergency unscheduled waste pickups as ordered by the Director of Building Maintenance. Given that these services are needed on an emergency basis and will affect the regularly scheduled pickups of the vendor on contract with the department, I have determined that this increase is both necessary and more economical than the issuance of a new contract.

The cost of this amendment, which is effective on May 1, 1991, shall not exceed \$673.14, which I have determined to be reasonable. The total cost of this contract, as amended, shall not exceed \$7,404.54. This funding will be charged against

appropriation 011 211 0211 PD02 0250 with initial encumbrance of \$673.14. This amendment is being requested pursuant to M.G.L. 30B, Section 13.

Because amending this contract is the most economical manner in which to proceed, I respectfully request your approval.

Respectfully,

Francis M. Roache,
Commissioner

7691 (1)

PUBLIC WORKS DEPARTMENT Engineering and Design Services

Dear Mr. Mayor:

On April 15, 1987 your Honor approved award of a contract to Edwards and Kelcey, Inc. a corporation located at 529 Main Street, Boston, Massachusetts, to provide engineering and design services for the repair of the Summer Street Bridge over C Street in the City of Boston during the period of April 15, 1987 to December 31, 1987, at a cost not to exceed one hundred thousand five hundred dollars (\$110,500).

On June 17, 1987, your Honor approved amendment to reduce this contract to the amount of fifty-two thousand six hundred seventy (\$52,617), and also approved another amendment to extend the contract term to December 31, 1992.

Your approval is further requested to amend this contract because Massachusetts Department of Public Works requested the removal and placement of the bridge railing with type A railing and protective screening. Special details had to be developed to accommodate the end of the bridge railing at existing buildings and stay way opening, railing transitions at wingwall post attachments at existing fascia girder flanges and post attachments at existing gran walls.

The cost of this additional design work, which is effective April 15, 1991, shall not exceed five thousand three hundred dollars (\$4,300), resulting in an amended contract cost that shall not exceed fifty-six thousand nine hundred seventy dollars (\$56,917). This contract is not subject to M.G.L. c. 30B and ch. 7, s. 38A 1/2 - 380 and it will be awarded pursuant to the City Charter.

In view of the technical and professional nature of the services required, the expertise and familiarity of the designer with all existing conditions and the reasonable cost of such services, it is my view that further public advertising would serve no useful purpose.

Very truly yours,

Joseph F. Casazza,
Commissioner

C7391(89)

Consultant Services

Dear Mr. Mayor:

On January 9, 1988, your Honor approved award of a contract to Vanasse Hangen Brustlin, Inc., a corporation located at 202 Walnut Street, Watertown, Massachusetts, to provide design and engineering services for the reconstruction of Day Square and Eagle Square in East Boston and of Andrew Square in South Boston, (to simplify administration and lower costs, the above work was combined as one project) in the City of Boston during the period December 30, 1987 through November 30, 1989, at a cost not to exceed One Hundred and Thirty-Four Thousand Two Hundred and Ten Dollars (\$134,220).

Vanasse Hanger Brustlin, Inc., was awarded a contract based on a publicly advertised Request for Qualifications in the City Record on May 16, 1988.

I respectfully request your Honor's written permission to dispense with further public advertisement and amend for Consultant Services relative to Engineering Services for Traffic Analysts Andrew, Day and Eagle Squares.

This amendment is necessary to include streetscape improvements in both Day and Andrew Squares. After preliminary design analysis, such as, sidewalk paving, new street trees, new lighting and other streetscape amenities. These improvements would complement the traffic improvements and support the business community enhancing the streetscape environment for pedestrians.

The cost of these additional designs shall not exceed Forty Thousand, Eight Hundred Dollars (\$40,800), resulting in an amended contract cost that shall not exceed One Hundred Seventy-Five Thousand, Ten (\$175,010). This contract is not subject to G.L.C. 30B and it will be awarded pursuant to the City Charter.

Your permission is respectfully requested to further amend this contract to extend the contract term to December 15, 1991. We did not request this time amendment earlier because of an oversight.

In view of the technical and professional nature of the services required, the expertise and familiarity of the consultant with all existing conditions and the reasonable cost of such services, in my view that further public advertising would have no useful purpose, I, therefore, request permission to dispense with further advertising.

Very truly yours,
Joseph F. Casazza,
Commissioner.

CONTRACTS AWARDED AFTER ADVERTISING

The Mayor has approved the award of the contracts based on the following communications:

LAW DEPARTMENT Legal Services

July 31, 1990
C2369-91

Mr. Mayor:
Your Honor's permission is respectfully requested to award a contract for legal services to Rackemann, Sawyer and Brewster, One Financial Center, Boston, Massachusetts 02111. Pursuant to an Order passed by the City Council on August 17, 1988 and approved by your Honor on September 6, 1988, I have designated John J. Carroll, Esquire, and Michael Giaimo, Esquire, of the law firm of Rackemann, Sawyer and Brewster as "Special Outside Counsel." The position was classified that position as a special municipal employee in accordance with G.L. c. 268A, so-called "ethics law." Under this contract, Rackemann, Sawyer and Brewster will provide the services of Harold J. Carroll, Esquire, and Michael Giaimo, Esquire, assist the Corporation Counsel in the analysis of legal issues pertaining to the applicability to

the City of Boston of Chapter 687 of the Acts of 1989 which inserted a new Chapter 30B in the General Laws entitled "Uniform Procurement Act". Mr. Carroll shall also be authorized to represent the City in any litigation required in connection therewith at the option of the Corporation Counsel. He shall attend meetings for presentation of reports and recommendations as may be required from time to time by City officials and provide such other related services on an ongoing basis as I may deem necessary.

Mr. Carroll is a former Corporation Counsel who has expertise in municipal law and Boston's Charter and the Home Rule Amendment to the Massachusetts Constitution. While Corporation Counsel, Mr. Carroll litigated significant cases with constitutional import before the Supreme Judicial Court. By virtue of his extensive experience and knowledge of Boston's form of government, he is qualified to provide these services.

Rackemann, Sawyer and Brewster shall be compensated at the rate of one hundred seventy-five dollars (\$175.00) per hour, a composite rate for Mr. Carroll's services and the services of other partners and associates, a cost I consider reasonable. The term of this contract is the period July 1, 1990 through June 30, 1991. The total cost of this contract is an amount not to exceed fifty thousand dollars (\$50,000.00).

This request to your Honor is being submitted late because of the urgent need to retain Mr. Carroll's services before the necessary contract documents could be initiated.

Because of Mr. Carroll's unique combination of professional qualifications, it is my opinion that no public purpose would be served by public advertising.

Very truly yours,
Joseph I. Mulligan,
Corporation Counsel.

Emergency Repairs

C. 7457-91

April 1, 1991

Dear Mr. Mayor:

I request your Honor's permission to award a contract pursuant to the authority of G.L. c. 30B, Section 8, for Emergency Repairs to the Northern Avenue Bridge, for the period April 1, 1991 to June 30, 1991.

The Northern Avenue Bridge has suffered a mechanical failure of its hydraulic lifting system, which caused the grid deck to drop down approximately 12 inches below the roadway surface. This resulted in damage to the hydraulic system itself; the actual grid deck; supportive structural steel; and the sub-structure.

This bridge is critical to the marine, vehicular, and pedestrian traffic of the area, causing rerouting of most of the traffic and presented a serious threat to public safety.

Grand Banks Marine is currently engaged in a contract that was publicly bid, for mechanical repairs to our bridges and has extensive experience with the operating mechanisms of the bridge, and time being of a critical nature, and with craftsmen and equipment already on hand, I made the determination that a delay in the procurement of Emergency Repairs to the Northern Avenue Bridge would endanger the public safety of the people of Boston and/or their property.

For the reasons stated above, I respectfully request your Honor approve award of a contract for the above services to Grand Bank Marine, 701 Country Way, Box 390, North Scituate, Massachusetts, in the amount of \$90,000.00.

Very truly yours,
Joseph F. Casazza,
Commissioner.

PARKS & RECREATION DEPARTMENT

Design Services

C. 7051-91

February 28, 1991

Dear Mr. Mayor:

I respectfully request your Honor's permission to award a contract to The Halvorson Company, Inc., 161 Massachusetts Avenue, Boston, MA 02115-3050. Under the terms of the contract, the consultant will assist the Parks and Recreation Department in providing services for the prepa-

ration of the Phase One Bridle and Cross Country Running Paths, Franklin Park.

The Parks and Recreation Department publicly advertised a Request for Proposal (RFP) in the *City Record* October 15 and October 22, 1990 and in the *Central Register* October 17, 1990, to provide design development and construction documents for pathway design and layout for Franklin Park. Eleven firms responded to the request for proposals. After reviewing the submittals and numerically rating each consultant, three firms were selected for interviews. The evaluation criteria for submittals and interviews included relevant design experience for historic parks, sensitivity of proposed approach, and quality of relevant construction documents.

According to evaluative criteria, The Halvorson Company, Inc. offered the most capable and experienced consulting team for this project.

Compensation under the terms of the contract will be a fixed fee of thirty-two thousand dollars (\$32,000) with a supplemental service fee of twenty-eight thousand dollars (\$28,000.00). The total compensation for this contract therefore will not exceed sixty thousand dollars (\$60,000.00). Payment for the services will be from appropriation code 654-300-6690-0725 and the period of performance will be from March 30, 1991 through November 30, 1991.

This contract is exempt from the provisions of G.L. c. 30B, because it involves design services.

Based upon an extensive review of proposals submitted for consideration and interviews with the designers, I respectfully request your Honor's permission to enter into this contract.

Sincerely,

Lawrence A. Dwyer,
Commissioner.

**EDIC/BOSTON
Counseling Services**

C-16147-91

March 6, 1991

Dear Mayor Flynn:

Pursuant to the Contract between the Public Facilities Department (PFD) and the Economic Development and Industrial Corporation (EDIC), dated September 7, 1990, by which Contract EDIC was designated to administer Community Development Block Grant (CDBG) funds for the City of Boston; and further, by the vote of the Public Facilities Commission (PFC), dated July 12, 1990, stating that the Director of EDIC is authorized to request from the Mayor, on behalf of the Commission, written authority to enter into contracts with service providers funded under the CDBG program, I respectfully request your Honor's permission to award a contract to Sociedad Latina, Inc., a non-profit corporation, located at 1481 Tremont Street, Roxbury, Massachusetts, 02120, for the purpose of providing counseling services.

Under the terms of the contract, the Contractor will provide individual and family counseling services to approximately sixty-five (65) low to moderate income individuals, targeting the Mission Hill community. These services will be funded in conjunction with the State's Department of Social Services (DSS) Public-Private Partnership Program, in which the City contributes up to a twenty-five percent (25%) local share. The Contractor was selected based upon an evaluation of refunding proposals submitted to both DSS and the former Mayor's Office of Jobs and Community Services (JCS), which is now a division within the Economic Development and

Industrial Corporation of Boston (EDIC). Other selection criteria included the results of site monitoring visits conducted by JCS staff, an overview of the Contractor's performance during the prior contract period, administrative capability, reasonableness of cost, and the ability to serve the targeted population. Costs were determined by rates set by the State Rate Setting Commission and a negotiated number of service units determined by both DSS and EDIC.

Compensation under the terms of this contract shall not exceed eight thousand, four hundred thirty-six (\$8,436.00) dollars, payment to be made from the Community Development Block Grant (CDBG) program. The period of performance shall be from July 1, 1990 until June 30, 1991. This Contractor has had contracts with JCS for this program for the previous three (3) fiscal years at the following funding amounts: FY 88 — \$8,654; FY 89 — \$8,436; FY 90 — \$8,436. This request has been delayed due to the length of time involved in the funding review process, and due to the recent merger of JCS into the Economic Development and Industrial Corporation (EDIC). In addition, this request has been further delayed due to the prolonged negotiations between EDIC and the Contractor, and the subsequent late receipt of the contract documents from EDIC to the Contractor.

As this is a negotiated contract at a reasonable cost, based upon an extensive program and proposal review, I believe that public advertisement would serve no useful purpose.

Sincerely,
Donald A. Gillis,
Director

This contract is exempt from the provisions of G.L. c. 30B and is awarded under the authority of MGL c. 7, ss. 38A-1/2-0. These firms were selected based upon a thorough evaluation of their proposals by a three-member Designer Selection Committee. The Committee rated the proposals based upon criteria including: stability of the firm, experience and professional level of staff, experience with similar and other public sector projects, and quality of design. These selected firms were the top rated in their disciplines.

Your approval is hereby requested to award a contract to the firms listed for the period of July 1, 1991 to June 30, 1992, inclusive. In no event shall the payments to be made nor the maximum liability of the City under this contract for all firms exceed one hundred and forty-six thousand dollars (\$146,000.00).

It is my view that these firms are most competent and qualified to deliver these professional services in a timely and efficient manner. I, therefore, request permission to dispense with inviting sealed bids in the *City Record* pursuant to authority granted under the City of Boston Code, st. 4, s. 5.

Sincerely,
Lisa G. Chapnick,
Director.

**THE ENVIRONMENT DEPARTMENT
Household Hazardous Waste Services**

C-16147-91
June 5, 1991.

Dear Mr. Mayor:

I request your Honor's permission to award a contract pursuant to the authority of G.L. c. 30B, s. 5, for services to be procured under the competitive bid procedures.

In response to an advertisement published in the *City Record* on April 29, 1991, for the collection and disposal of household hazardous waste, the following bids were publicly opened and read on May 10, 1991:

Clean Harbors of Natick, Inc., 100 Crown Colony Drive, Quincy, MA 02269-9137, \$18,630.00.

Laidlaw Environmental Services, (Northeast Solvents, Inc.), 221 Sutton Street, Andover, MA 01845, \$10,285.00.

Triumvirate Environmental, Inc., 345 Dorchester Avenue, Boston, MA 02127, \$11,540.00.

A Bid Opening Certification Form was completed and signed on May 10, 1991. Duplicate bids were read at the Auditing Department on May 13, 1991.

Attachment A of the bid documents established the format for price comparison. Bid cost specifications were designed for an estimated collection

based on the collection sizes of previous years. The total cost for the collection is subject to change, and therefore exceed the amount of the bid up to the Environment Department's budgeted amount of \$30,000, based on the success of the collection event.

After consultation with the Law Department and the Auditing Department, I rejected the bids of both Clean Harbors of Natick, Inc. and Laidlaw Environmental Services on the basis of being non-responsive in accordance with evaluation criteria listed in the invitation to bid. Both firms deviated from the uniform pricing specifications set out on Attachment A. In addition to this, Laidlaw Environmental Services failed to submit the required bid proposal forms.

Inasmuch as Triumvirate Environmental, Inc. submitted the only responsible and responsive bid, and inasmuch as the bid is a reasonable one, your permission is requested to award this contract to Triumvirate Environmental, Inc. of 345 Dorchester Avenue, Boston, MA 02127, for the period June 1, 1991 through June 30, 1991, with the understanding that the total cost will not exceed the budgeted \$30,000 and will correspond to the size of the collection event and the cost information provided on Attachment A of the bid documents.

Very truly yours,
Lorraine M. Downey,
Director.

**CONTRACTS AWARDED
WITHOUT ADVERTISING**

The Mayor has approved the awarding of contracts without advertising, based on the following communications:

**HEALTH AND HOSPITALS
OB/GYN Services**

C39-91
March 13, 1991

Dear Mr. Mayor:

Pursuant to the authority delegated to me by the Board of Health and Hospitals, I respectfully request your Honor's permission to dispense with public advertising and to award a contract to the Trustees of Boston University, acting by the Boston University School of Medicine, a corporation, located at 80 East Concord Street, Boston, Massachusetts, 02118, for provision of OB/GYN services to Neighborhood Health Centers. This contract is exempt from the provisions of G.L. c. 30B and is awarded under the authority of the City Charter.

Under the terms of the contract, the Boston University School of Medicine will support the salaries and fringe of up to five full-time physicians who will provide six (6) clinical sessions per week at Neighborhood Health Centers affiliated with Boston City Hospital, two (2) labor and delivery sessions and one (1) surgery session at Boston City Hospital, and will devote one (1) session to teaching activities. In addition, each physician will serve "on call" to do deliveries and respond to patient emergencies. The University is uniquely qualified to do this work because it maintains a high quality post-graduate training program for physicians, partakes in medical re-

search and is capable of transmitting medical knowledge that will provide and maintain health care programs for the treatment of the sick and injured of the City of Boston.

This contract helps to support a unique partnership between Boston University School of Medicine, the Department of Health and Hospitals, the Massachusetts Department of Public Health and Affiliated Neighborhood Health Centers, Inc. The contract provides a comprehensive group practice approach to the delivery of high quality maternity and OB/GYN services to community health center patients. It is the only available maternity service that provides 24 hour coverage and continuity between prenatal and delivery care to community health center patients using Boston City Hospital.

Compensation under this contract shall not exceed two hundred seventy-five thousand nine hundred forty-one dollars (\$275,941.00), which I have determined to be reasonable for the work to be performed.

The term of this contract shall be July 1, 1990 to June 30, 1991.

Because of the professional nature of the services to be performed, I believe that public advertising would serve no useful purpose.

This award is being processed late because exact budget figures for physicians services in Maternity and OB/GYN services for neighborhood health centers were not determined until after the start of the contract year. The confusion over Chapter 30B has extended the delay.

Very truly yours,
Judith Kurland,
Commissioner.

Performing Tests

Dear Sir:

Pursuant to the authority delegated to me by the Board of Health and Hospitals, I respectfully request your Honor's permission to award a contract, without advertising to the Mallory Pathology Associates, Inc., 784 Massachusetts Avenue, Boston, Massachusetts 02118 for the period July 1, 1990 through June 30, 1991 at a cost not to exceed one hundred seventy thousand dollars (\$170,000.00).

Under this contract Mallory Associates will perform the following tests:

- 1) T4 and T8 cell counts (also known as leu 1 and 4, and/or Helper & Suppressor cells).
- 2) Monoclonal subsets of the above as needed to provide additional information.
- 3) T4 and T8 Ratio to include Pan T and Pan B quality assurance checks on all patients.

The unit cost for each monoclonal assay will be forty dollars (\$40.00).

No other vendor has been able to guarantee an adequate turnaround time or that the test would be done within a 2-3 month period. Mallory Associates is located on site, has agreed to give BCH clinical samples first priority and a hematopathologist will be available for consultation on each case as necessary.

The Clinical Services Division at Boston City Hospital wanted to evaluate the possibility of doing these test in house. After a 3 month study from July - September 1990, it was decided that it would be more cost effective to have the tests continue to be performed by the Mallory Associates.

No-bid contracts were awarded to Mallory Pathology Associates, Inc. in 1990 — \$220,000.00 and in 1989 — \$120,000.00.

(Continued on next page)

In view of the above, and because the cost, in my opinion, is reasonable, no benefit would inure to the City by publicly advertising for bids.

Because of the length of the evaluation period and the additional process required to obtain the necessary contract documents this award is being processed late.

Very truly yours,
Judith Kurland,
Commissioner.

**PUBLIC FACILITIES DEPARTMENT
Condominium Training Services**

C-16146-91
March 5, 1991

Dear Mr. Mayor:

Pursuant to a vote on February 20, 1991, I respectfully request your permission to dispense with public advertising and award a sole source procurement contract to OKM Associates, a Massachusetts Corporation, located at 165 Canal Street, Boston, Massachusetts 02114. The contractor will provide condominium management training to the buyers of new condominium units built through the Buildable Lots Program.

This contract is to provide a continuation of the condominium training services for the pilot round of Buildable Lots. OKM Associates began this program under Contract No. 15034-90. Because the timetable for development of the pilot rounds extended longer than initially planned, we initiated the process to extend the contract time in order that OKM Associates could conclude the training. Simultaneously, we sought an amendment to allocate additional funds necessary to provide remedial sessions for three of the condominium associations (these extra sessions were necessitated by one developer's lack of cooperation in transferring management to the condominium associations.) The amendment and time extension were subsequently rejected because they were not in compliance with Chapter 30B of the Massachusetts General Laws.

Prior to the original contract, OKM Associates had commenced the remedial training process with all of the condominium associations. This new contract is necessary to complete that process and to provide the remedial training. Because OKM Associates has already initiated the training process and established relationships with all of the new homeowners, it would be economically infeasible and disruptive to work with another vendor.

As there is no other practical alternative to OKM Associates' provision of these services, they must be considered a sole source.

I have determined after reasonable investigation OKM Associates is the only practicable source for the training and made a written determination of that fact on March 1, 1991, by letter to the City Auditor, attached.

Compensation under this contract shall not exceed five thousand two hundred fifty dollars (\$5,250.00) which I have determined to be reasonable for the work to be performed.

The term of this contract shall be March 19, 1991 to September 30, 1991.

Because of the sole source of the training to be procured, I believe that public advertising would serve no useful purpose.

Very truly yours,
Lisa Chapnick,
Director.

Re: Design of the Renovations to The Harvard Street Health Center, Phase II Project No. 5740.

Dear Mr. Mayor:

Pursuant to a vote of the Public Facilities Commission on February 20, 1991, I respectfully request your Honor's written permission to dispense with further public advertisement and award a contract to Lance Bailey & Associates, a sole proprietorship with offices at 21 Station Street, Brookline, MA 02147, for design of the renovations to the Harvard Street Health Center, Phase II including heating, electrical and plumbing system upgrading; roof and masonry repairs; foundation waterproofing; interior finishes; door and window replacement, site work including excavation and fence repairs. The scope of work includes preliminary design, design development, working drawings and construction supervision.

Compensation under this contract shall not exceed \$47,473.44 (including \$5,000.00 for supplementary services) which is a negotiated fee based on an estimated cost of construction of \$375,000.00, which I have determined to be a reasonable cost for the work to be performed. The term of this contract shall be for 24 months from the date of execution. This contract is exempt from the provisions of G.L. c. 30B and is awarded under the authority of MGL c. 7, 38A-1/2-0.

Lance Bailey Associates was awarded this contract based on a publicly advertised request for proposals in the *Boston Globe* and *City Record* on December 17, 1990, and the *Central Register* on December 19, 1990. The Public Facilities Designers Selection Committee evaluated 18 proposals employing a numerical matrix system. The numerical matrix rating for a firm reflects the combined score of each Committee member's ranking of this firm and thus the recommended firm has the lowest number. The numerical matrix rating numbers of the three finalists, in order of rank are as follows:

Lance Bailey & Associates	4
21 Station Street	
Brookline, MA 02147	
Rojas Vogt Assoc.	8
81 Mt. Auburn Street	
Cambridge, MA 02238	
ARCADD, Inc.	14
1001 Watertown Street	
W. Newton, MA 02165	

In view of the technical and professional nature of the services required, the qualifications and experience of the designer, and the selection process used, it is my view that further public advertising would serve no useful purpose. I, therefore, request permission to dispense with inviting sealed bids in the *City Record* under authority granted in the City of Boston Code, St. 4, s. 5.

Sincerely,
Lisa G. Chapnick,
Director.

Re: Design of the Renovations to Clemente & Columbus Park Field Houses and Mirabella Pool, Amendment No. 1, Project No. 5524.

C-3895-90

February 27, 1991

Dear Mr. Mayor:

Pursuant to a vote of the Public Facilities Commission on February 20, 1991, I respectfully request your Honor's written permission to dispense with further public advertisement and amend a contract executed on September 10, 1990 with Stull & Lee, Inc., a Massachusetts corporation with offices at 38 Chauncy Street, Boston, MA 02111, for design of the renovations to the Clemente Field House, the Columbus Park Field House and the Mirabella Pool. The scope of work included preliminary design, design development, working drawings and construction supervision. This contract is exempt from the provisions of G.L. c. 30B and is awarded under the authority of G.L. c. 7, ss. 38A1/2-0.

Stull & Lee, Inc. was awarded this contract based on a publicly advertised request for proposals in the *Boston Globe* and *City Record* on December 11, 1989, and the *City Register* on December 13, 1989.

This amendment is necessary for the following reasons. After a review of the existing conditions, the construction budget was increased to include asbestos abatement, soil testing and construction testing due to the unexpected presence of asbestos at the Columbus Park Site.

The cost of these additional design services shall not exceed \$42,843.00, resulting in an amended contract cost that shall not exceed \$94,974.00 (including \$56,249.00 for supplementary services), which is a fixed fee of 13.23% based on an increased estimated cost of construction from \$275,000.00 to \$425,000.00. The term of this contract shall be extended to March 10, 1993.

In view of the technical and professional nature of the services required, the expertise and familiarity of the designer with all existing conditions and the reasonable cost of such services, it is my view that further public advertising would serve no useful purpose. I, therefore, request permission to dispense with inviting sealed bids in the *City Record* under authority granted in the City of Boston Code, St. 4, s. 5.

Sincerely,
Lisa Chapnick,
Director.

Re: Maintenance Management Software — Project No. 5743.

C-7608-9

February 20, 1991

Dear Mayor Flynn:

Pursuant to a vote of the Public Facilities Department on February 7, 1991, I respectfully request your Honor's written permission to dispense with public advertising and to award a contract to Perennial Software, Inc., a Massachusetts corporation, located at 4 Snyder Road Medfield, MA 02052.

Under the terms of the contract, the contractor will provide and install Maintenance Management Software for use in the Alterations and Repair Unit of the Public Facilities Department. They will also provide on-call support, training system upgrades and limited customization for said management software. The contractor is especially qualified to do this work due to their past experience with a similar project and our review of comparable systems.

Prior to selecting Perennial Software, Inc. four (4) vendors were solicited and submitted written quotes. Selection criteria included price, experience with similar projects and scope of service.

be provided. Perennial Software, Inc. submitted the lowest bid price for the scope of services to be performed.

Compensation under this contract shall not exceed eight thousand dollars (\$8,000.00), which I have determined to be reasonable for the work to be performed. The term of this contract shall be for 12 months from the date of execution. The period of performance of the contract spans fiscal years. The estimated encumbrance for FY "91" is \$6,000.00. The estimated encumbrance for FY "92" will be \$2,000.00 and subject to the availability of funds in FY "92". The top three firms in order of rank are as follows:

Perennial Software, Inc.	1
Comacs Systems Corp.	2
Landis & Gyr. Powers, Inc.	3

Because of the City's interest to standardize computer software city-wide, a request for proposals was made of only those vendors whose preventive maintenance software programs are currently installed within city government. Therefore, it is my view that public advertising could serve no useful purpose. I, therefore, request permission to dispense with inviting sealed bids in the *City Record* under authority granted in the City of Boston Code, St. 4, s. 5.

Sincerely,
Lisa G. Chapnick,
Director.

Re: Contract with Pat Loheed Landscape Architects.

C-7612-91
March 13, 1991

Dear Mayor Flynn:

Pursuant to a vote of the Public Facilities Commission on March 7, 1991, I respectfully request your Honor's written permission to dispense with further public advertisement and amend a contract to Pat Loheed, a Sole Proprietor, with offices at 182 Main Street, Watertown, Massachusetts 02172. Under the terms of this contract, the contractor will provide landscape design and construction documents in connection with the DAG Street Improvements Project. This contract is exempt from the provisions of M.G.L. c. 30B and is awarded under the authority of G.L. c. 38A-1/2 et seq.

Compensation under this contract shall not exceed sixty thousand dollars (\$60,000), which I have determined to be reasonable for the services to be performed. The term of this contract shall be from April 1, 1991 to October 1, 1991. Funds for this contract shall come from those received under the Community Development Action Grant program.

The contractor was selected based upon a thorough evaluation of the proposal submitted in response to a publicly advertised request for proposals in the *Boston Globe* on September 10, 1990. Sixteen design teams returned completed proposals. All sixteen design teams were reviewed based on the PFD Designer Rating Sheet. The first review phase produced six finalists — two minority-owned, two women-owned and two non-minority owned firms. The second review phase consisted of PFD staff and members of the community. All finalists were interviewed and Pat Loheed Landscape Architects was selected based on its quality and accuracy of documents and drawings, past performance on projects, similar project experience, professional level of staff, and presentation skills.

As this is a negotiated contract at a reasonable cost, based upon an extensive program and proposal review, I believe that further public advertising would serve no useful purpose. I, therefore, request permission to dispense with inviting sealed bids in the *City Record*, pursuant to authority granted under the City of Boston Code, St. 4, s. 5.

Sincerely,
Lisa Chapnick,
Director.

Re: Design of the Renovations to 19 School Roofs — Amendment No. 3, Project No. 5155.

C-3211-88
April 8, 1991

Dear Mr. Mayor:

Pursuant to a vote of the Public Facilities Department on April 4, 1991, I respectfully request your Honor's written permission to dispense with further public advertisement and amend a contract executed on May 10, 1988 with Perry, Dean, Rogers & Partners, Inc., a Massachusetts corporation with offices at 177 Milk Street, Boston, MA 02109 for design of repairs and replacement of various school roofs (as listed below) including the repair of masonry walls, flashing, parapets, gutters and skylights where required.

Beethoven	Mendell
Edison	Mozart
Holmes	O'Hearn
Lewis	Parkman
Longfellow	Perkins
Mary Curley	Philbrick
Mason	Stone
McKay	Sumner
McKinley	Washington Irving

The scope of work of this contract, as amended, included preliminary design, design development working drawings and construction supervision. This contract is exempt from the provisions of G.L. c. 30B and is awarded under the authority of MGL c. 7, ss. 38A-1/2-0.

Perry, Dean, Rogers & Partners, Inc. was awarded this contract based on a publicly advertised request for proposals in the *Boston Globe* and *City Record* on October 12, 1987, and the *Central Register* on October 14, 1987.

This amendment is necessary for the following reasons. Field condition at the O'Hearn School required a continued need for construction supervision services. This was caused by the roofing contractor's failure to install roofing system as specified. The entire roof was rejected by the Public Facilities Department and the contractor reroofed the entire building. The additional construction supervision was backcharged through a deduct change order from the contractor's contract.

The cost of these additional design services shall not exceed \$7,000.00, resulting in an amended contract cost that shall not exceed \$355,640.00 (including \$107,000.00 for supplementary services), which is a fixed fee of 10.36% based on an estimated cost of construction of \$2,400,000.00. The term of this contract shall be extended to June 30, 1991.

In view of the technical and professional nature of the services required, the expertise and familiarity of the designer with all existing conditions and the reasonable cost of such services, it is my view that further public advertising would serve

no useful purpose. I, therefore, request permission to dispense with inviting sealed bids in the *City Record* under authority granted in the City of Boston Code, St. 4, s. 5.

Sincerely,
Lisa G. Chapnick,
Director.

PARKS AND RECREATION DEPARTMENT

RESCHEDULING BID DATE

NOTICE TO CONTRACTORS

Invitation for Bids for Contract Document Listed Below: Construction of Improvements to John Winthrop Playground, Dorchester, Mass.

The City of Boston, acting by the Parks Commission, 1010 Massachusetts Avenue, (3rd floor), Roxbury, MA, hereinafter referred to as the Awarding Authority hereby reschedules the bid date to September 26, 1991 instead of the proposed date September 19, 1991 to invite sealed bids for the project list above.

Whereas Federal grant-in-aid funds under the Urban Parks and Recreation Recovery Program (UPARR), U.S. Department of the Interior, have been granted for execution of this contract, the contractor will comply with applicable regulations, policies, guidelines, and requirements of the U.S. Office of Management and Budget Circular A-102 (revised), Uniform Administrative Requirements for Grants-In-Aid to State and Local Governments, and all other applicable federal, state, and local laws, rules and regulations. Also, the contractor will give assurance and certify with respect to the Federal grant that:

1. Contractors and all subcontractors will comply with the Copeland Anti-Kick Back Act (18 U.S.C. 874) as supplemented in Department of Labor regulations (29 CFR Part 3).

2. Contractor and all subcontractors awarded subcontracts for construction having a value of more than \$10,000 will comply with Executive Order 11246, entitled "Equal Employment Opportunity" as supplemented in Department of Labor regulations (41 CFR Chapter 60). Executive Order 11246 includes the Standard Federal Equal Employment Opportunity Construction Contract Specifications, the Notice of Requirement for Affirmative Action to Ensure Equal Employment Opportunity, the Equal Opportunity Clause, and Goals and Timetables for Female and Minority Participation in the Construction Industry.

3. Contracts in amounts in excess of \$100,000 shall be subject to the requirements of the Clean Air Act, as amended (42 U.S.C. 1857 et seq.).

4. Contractors and all subcontractors will comply with mandatory standards and policies relating to the State energy plan issued in compliance with the Energy Policy and Conservation Act (P.L. 94-165).

LAWRENCE A. DWYER,
Commissioner.

NOTICE TO CONTRACTORS

**Invitation for General Bids for LoPresti Park
Renovations — Project #5015, C. 30
Projects.**

The City of Boston, acting by its Director of the Public Facilities Department, 26 Court Street, 6th floor, Boston, MA 02108, hereinafter referred to as the Awarding Authority, invites sealed bids for "LoPresti Park Renovations."

Bids will be received up until twelve o'clock noon, Boston time, October 15, 1991 at the office of the Awarding Authority, 26 Court Street/6th floor, Boston, MA 02108, at which time and place they will be publicly opened and read aloud.

The bid shall be completely filled in, signed, enclosed in an envelope, sealed, and plainly marked with the description of the work to be done. The bid shall be filed with the Awarding Authority, at the office designated above, accompanied by a bid deposit in the form of a bid bond, certified check, treasurer's check or cashier's check made payable to the City of Boston, in the amount of 5 percent of his or her bid.

No bid may be withdrawn after the time limit for filing bids and for the five (5) days (Saturdays, Sundays, and legal holidays excluded) from the opening of the bids. In addition, no bid filed by the three lowest responsible and eligible bidders may be withdrawn prior to execution and delivery of the contract, unless no award has been made upon expiration of the prescribed time therefor.

The successful bidder will be required to provide for the payment of compensation by insurance and for the furnishing of other benefits under the Workmen's Compensation Law, General Laws (Ter. Ed.) Chapter 152, to all persons to be employed during the contract, and sufficient proof of compliance with the foregoing stipulation will be required before commencing performance of this contract.

The attention of all bidders is specifically directed to the Compliance Contract Supplement section of the specifications and the obligation of the contractor to take affirmative action in connection with employment practices in the performance of this contract. The contractor shall maintain the following ratios of workforce manhours: Minority: 25 percent of total manhours, Female: 10 percent of total manhours, Boston Residents: 50 percent of total manhours. Further, the bidder must give, in accordance with said provisions of the Compliance Contract Supplement section of the specifications, satisfactory assurance that at least 15 percent of its bid price shall be expended on Minority Business Enterprise and 5 percent on Women Business Enterprise. Bidders are hereby notified that this project is subject to M.G.L. C. 149, s. 27 and in accordance contractors must pay prevailing wages as set by the Commissioner of Labor and Industries.

PLANS AND SPECIFICATIONS will be available on or about September 23, 1991 at the Public Facilities Department to all interested parties who present a \$25 certified check payable to the City of Boston for each set. Plans and specifications must be returned in good condition within thirty days of the bid opening in order for the bidder to have the \$25 check returned.

A performance bond and labor and materials payment bond of a surety company qualified to do business under the laws of the Commonwealth and

satisfactory to the Awarding Authority, and in the sum of 100 percent of the contract price will be required of the successful bidder.

Each bidder will be required to certify in writing that he is able to furnish labor that can work in harmony with all other elements of labor employed or to be employed on the work.

The Awarding Authority reserves the right to waive any informalities and to reject any or all bids or any items of a bid, if it be in the public interest to do so.

PAUL D. ROCHE,
General Counsel.

CITY BREAKS GROUND FOR NEW RESIDENCE

City of Boston Breaks Ground for a New Residence and Daycare Center for Children with AIDS.

On Saturday, September 7, 1991, neighborhood residents, AIDS activists, and city officials joined Mayor Raymond L. Flynn to break ground for a new, \$1 million home for children with AIDS in Mattapan.

"Today's groundbreaking is a reaffirmation of Boston's commitment to the future challenge of helping live with AIDS," said Mayor Flynn. "This home and neighborhood will provide shelter and comfort for children whose families are temporarily unable to care for them due to their own illnesses, family crisis and other problems facing families living with AIDS."

Mayor Raymond L. Flynn and Mattapan residents break ground for a new residence and daycare facility for children with AIDS on the grounds of Mattapan Hospital on September 7, 1991. The new, \$1 million facility, to be completed by next spring, is part of Mayor Flynn's five-year capital improvement program, "Rebuilding Boston."

The new facility, which will be constructed on the grounds of Mattapan Hospital, will house 12 children and provide daycare services for 20 additional children with AIDS or HIV-infection.

In 1987, the City of Boston renovated a wing in the Dowling Building at Boston City Hospital to provide the country's first residence for chil-

dren with AIDS and HIV-infection. For four years, the Children with AIDS Program (CAP) has been a model program for meeting the ever-changing needs of this very young population infected with AIDS. In response to an increase in demand for the CAP program and the desire to provide the children with a more home-like environment, the City

planned to build a new residence in Mattapan.

Health officials estimate that by the end of next year there will be one million HIV-infected children nationwide and 10 million AIDS-related orphans by the year 2000. The Pediatric AIDS Clinic at Boston City Hospital treats over 100 children diagnosed with HIV-infection and it is estimated that nearly 50 children are living with AIDS in Boston and over 400 are HIV positive.

This project is a part of Mayor Flynn's five-year capital improvement plan, "Rebuilding Boston." The new \$1.02 million facility, scheduled to be completed next spring, was financed by \$770,000 from the City's capital budget and a \$250,000 federal grant from the Department of Health and Human Services.

**STATEMENT OF BOSTON
MAYOR RAYMOND L. FLYNN
PRESIDENT
UNITED STATES
CONFERENCE OF MAYORS
SEPTEMBER 6, 1991
"BRIDGEPORT, CHELSEA,
WORCESTER CITY HOSPITAL
THE 'URBAN MORTALITY'
RATE GROWS"**

Earlier this year, the City of Bridgeport, Connecticut, filed for bankruptcy.

This past week, the City of Chelsea, Massachusetts, ran out of money and placed itself at the mercies of an unresponsive state government.

And by the end of the week, Worcester City Hospital, which offered care to the poor and needy of that city, closed its doors after 120 years.

(Continued on next page)

Mayor's statement . . .

(Continued from front page)

Working families in Bridgeport and Chelsea are wondering how their children will be educated, their streets policed, and their roads paved.

Needy families in Worcester are wondering where they will go when their kids are sick, their parents are ailing or if some catastrophic illness strikes.

And all our national politicians want to talk about is how we save the people of Russia.

Mayor Richard Daley of Chicago said earlier this week, "perhaps we need a few more Bridgeports" — and whether we need them or not, we are getting them.

Now, when cities fall into distress, what do the media and many federal and state officials do? First, they look for examples of "mismanagement" — as if our federal government, with a \$400 billion deficit; and our states, with billions of dollars in deficits, are paragons of virtue.

Take the federal government, for example. From FY90 to FY 92, according to President Bush's proposed budget, civilian personnel cost rose by \$17.5 billion, or 14 percent over two years. In all, the Reagan and Bush administrations have added about 261,000 new employees to the federal payroll, while cities lay off teachers and policemen, and close public hospitals.

Does anyone ever accuse President Bush of "mismanagement" when the federal payroll skyrockets, or when travel expenditures in many federal agencies rise from twenty to fifty percent over the same period? Is that "good government"?

Our national priorities are totally backwards — we let poor cities, towns, and public hospitals fall into bankruptcy, and we let the federal government go on a public spending spree — hiring new employees, and flying the friendly skies at will, while bailing out the savings and loan industry, our best example of "privatization in reverse."

It's time for a fundamental change in the "fend for yourself" federalism policies of this nation. Washington needs to

stop sending mandates down to local governments and start sending money — beginning with a targeted fiscal assistance program for communities in trouble, particularly those which bear numerous social responsibilities that other communities avoid — housing the homeless, providing health care to the needy, supplying drug treatment to the addicted, and day care for single parents.

We also need a national revolt against overdependence on the property tax. New Hampshire touts its low state taxes, but neglects to tell people about the exorbitant taxes that localities must impose on property owners, regardless of income. No wonder why so much property in that state is in foreclosure proceedings.

In Massachusetts, the "Anti-Tax" zealots are driving poor cities into the ground. Boston has been hurt by three straight years of local aid cuts, totalling over \$80 million, but we at least, have a broad downtown commercial tax base. What happens to Chelsea, Brockton, or New Bedford? Do they raise property taxes through the roof? And in doing so, don't they place even more of a burden on poor and working families?

Perhaps in Massachusetts, and maybe nationally, mayors should say that they won't increase property taxes, and if people want services, they ought to go to their state and federal officials and say they want fair taxation, based on people's ability to pay, and fair revenue sharing at the federal and state level, to pay for "hometown America's" priorities.

As America's cities go, so goes America. Research has shown that failing cities breed failing suburbs. Like the people of the former Soviet Union, it is time for Americans to speak out against an out of touch central government that no longer works for us, and demand that we start rebuilding America by the grassroots — city by city, neighborhood by neighborhood.

Only then will we keep more cities from sharing Bridgeport's or Chelsea's fate.

FREEDOM FOR THE BALTIC STATES STATEMENT OF MAYOR RAYMOND L. FLYNN SEPTEMBER 1, 1991

As events in the Soviet Union continue to unfold, and the Baltic states edge closer and closer to independence, I can't help but recall a cold Sunday night in January of 1990. A large crowd has assembled on City Hall Plaza and we hoisted the flag of a free Lithuania.

It was a very moving sight, and I will always remember the strong emotions of the moment. People were excited — the small steps that the people of Lithuania, Latvia, and Estonia had been taking for fifty years, were now getting larger and bolder. But people were also frightened — these bold steps forward were treacherous.

Well, since that time, we have witnessed the sometimes slow, sometimes rapid, but almost always painful steps toward freedom and democracy in the Soviet Union. And when this progress was recently threatened, the people used their newly found freedoms to establish the simple truth that government is the servant of the people and not the master.

FIRST DAY OF SCHOOL

First Day of School: Mayor Flynn visits a classroom at the Chittick Elementary School in Hyde Park on the first day of school for Boston's students. A \$1.76-million modernization was recently completed at the Chittick School as a part of Mayor Flynn's five-year capital improvement plan, "Rebuilding Boston." In total, 38 schools across the City have been slated for extensive modernization as a part of the capital plan.

ENERGY EFFICIENCY OUTREACH PROGRAM WILL CONTINUE THROUGH MAYOR'S OFFICE OF NEIGHBORHOOD SERVICES

John Riordan, Director of the Mayor's Office of Neighborhood Services, announced today the renewal of a federal grant that funds a unique energy efficiency program throughout Boston.

In announcing the renewal of the federal Urban Consortium Energy Task Force grant for the program, Riordan said improving energy efficiency is important in bettering the quality of life for Boston's residents.

"The Mayor's Office of Neighborhood Services is proud of the work being done by our energy specialist, Russ Lopez, to lower the cost of electric bills in thousands of households across the city," Riordan said.

The "Energy Fitness Program," which is being overseen by Lopez in conjunction with the Mayor's Office of

Neighborhood Services and Boston Edison, has brought energy efficient lighting and other cost cutting materials to nearly 5,000 households across the city. With the renewal of the grant, Riordan said, the program can continue in its goal of refitting 24,000 households with energy efficient materials.

The average yearly savings on electric bills of most residents participating in the "fitness" program is estimated to be at \$30, and improving energy efficiency has a positive effect on the environment, said Riordan.

Additionally, the City of Boston is working with Boston Edison to bring more energy efficiency to city-owned properties — a project that could save the city millions of dollars on its bills.

Mayor Raymond L. Flynn has said energy efficiency is a priority for both the city and its residents and praised the "fitness" program for its efforts on behalf of the elderly and low and moderate income families.

UNITED WAY SETS GOAL OF \$49 MILLION FOR 1991 CAMPAIGN

In order to meet a wide range of local needs, such as funding for programs addressing homelessness, substance abuse, childcare, youth development, and home health care for the elderly, United Way of Massachusetts Bay volunteers are aiming to raise \$49 million during the 1991 campaign.

That monetary goal was announced today during United Way of Massachusetts Bay's kickoff breakfast to celebrate the official start of the 1991 fund-raising drive. The event, held at the Boston Park Plaza Hotel & Towers, was attended by 500 members of the United Way family.

"I'm going into this year's United Way campaign with a high degree of confidence," said 1991 United Way of Massachusetts Bay's Campaign Chair C. George Scala, Chairman and Chief Executive Officer of Lechmere, Inc. "The type of people assisting me in this year's fund-raising efforts are people who truly care about their community."

Despite dealing with a difficult economic climate, Scala mentioned that he and his team of volunteers are looking forward to a bright and successful campaign season.

"People helping helping — that's what the United Way is all about," said Scala. "People should feel good about giving to the United Way because they know their money goes to help numerous individuals who really need it. I honestly believe that giving should be a joyous act that comes right from the heart."

United Way's Chairman of the Board Richard C. Garrison, Chairman and Chief Executive Officer of Ingalls, Quinn & Johnson, agrees with Scala's feelings on contributing to the United Way.

"The purpose of the United Way campaign is to improve the quality of life for as many people as we possibly can," said Garrison. "The important thing is that we all work together in trying to fulfill that objective."

The kickoff event could best be described as a "working breakfast."

(Continued on next page)

Seated at each table among the group of volunteers was an executive director of a United Way agency. The executive director talked with the volunteers about how his or her agency is helping people in the community — people like Mike Crotty, who captured the hearts of everyone in the audience when he shared his inspirational story with them.

Crotty, 38, a husband and father of two, was diagnosed as having Hodgkin's disease, a form of cancer, in 1984. He and his family, supported by American Cancer Society services, hoped for the best. Last year, he was declared cured.

Volunteering much of his free time coaching youngsters in a variety of sports in the community, Crotty said, "It makes me feel good to know that the United Way supports the American Cancer Society. I'm living proof that you can be cured."

The United Way, New England's largest charitable organization, gives money to more than 200 agencies serving more than 1.7 million people in 81 eastern Massachusetts cities and towns. Eighty-five cents out of each dollar contributed to the United Way goes directly to fund programs and services to people in need.

**TENTH ANNIVERSARY
SOUTH BOSTON
VIETNAM MEMORIAL
STATEMENT OF
MAYOR RAYMOND L. FLYNN
SEPTEMBER 14, 1991**

The South Boston Vietnam Memorial is dedicated to the brave men and women who gave their lives, for the liberties and values which we as Americans enjoy. It is a place of honor where we go to remember the courage and sacrifice of those who served in Vietnam.

Veterans from all across the state and country have come to join us this weekend for the tenth anniversary of the South Boston Vietnam Memorial. And whether the memorial is here in Boston, or in Washington, or in any city or town across the country, they have

come to honor fallen friends, and living heroes.

I am honored to be in the company of individuals who have been instrumental in preserving our way of life — allowing us to be freely present here without threat of repression or restraint. As veterans of Vietnam, I know that you sacrificed a great deal to win the freedom we enjoy today. On behalf of all the people of Boston, I would like to take this opportunity to thank you all.

But I would also like to take this opportunity to honor your sacrifice with something more than words — action. If we truly wish to honor our Vietnam veterans, let's give them the same opportunities that veterans of other wars received — the opportunity to live independently and with dignity.

Following past wars, this country dedicated its vast resources toward providing affordable housing, jobs, and job training for our returning troops. Following Vietnam, no such effort occurred.

Today, it is estimated that 30% of all homeless people are veterans. Meanwhile, the federal government has turned its back on our veterans and has not had a housing policy for over ten years. This must change. The dedication and commitment of the troops who fought in Vietnam is as great as that shown by the veterans of all other wars, from the Revolution to the Gulf.

And while all returning heroes deserve parades, rallies, and thanks, they also deserve the same opportunities to own homes, and raise families in the midst of the very blessings they fought to secure.

So let us use our national energy to finally welcome all of our veterans back in a fitting way — with jobs, job training, and a future full of hope and opportunity.

**SATURDAY SERVICE
TO RESUME AT
BPL BRANCH LIBRARIES**

The Boston Public Library resumed Saturday service at 14 of its 25 neighborhood branches on September 9th,

according to an announcement by Lesley C. Loke, assistant director for the BPL's Community Library Services. The so-called "winter" schedule will be in effect through June 13, 1992.

The Brighton, Codman Square (Dorchester), Dudley (Roxbury), and West Roxbury Branches will be open from 9 a.m. to 5 p.m. on Saturdays, while 10 other neighborhood branches will be open from 9 a.m. to 1 p.m. They are: Adams Street (Dorchester), Charlestown, Connolly (Jamaica Plain), East Boston, Fields Corner (Dorchester), Hyde Park, Jamaica Plain, Parker Hill (Roxbury), Roslindale, and South Boston.

The remaining 11 BPL neighborhood branches will be open Monday through Friday, with a one-hour meal closing each day.

Schedules of operation are available at all of the branch libraries as well as the Central Library in Copley Square.

HIGHWAY RECONSTRUCTION

Mayor Raymond L. Flynn announced today that bids will be received September 19, 1991, for Highway Reconstruction of the following streets in the West Roxbury District at an estimated cost of \$780,000.00

West Roxbury District

Albright Street from Keith Street to Vermont Street.

Farmington Road from V.F.W. Parkway to Westover Street.

Pelton Street from Park Street to West Roxbury Parkway.

Sherbrook Street from La Grange Street to Temple Street.

Virgil Road from La Grange Street to End.

Knoll Street from Centre Street to Walter Street.

Meyer Court from Meyer Court to approximately 130 feet Northeasterly.

Meyer Street from Catherine Street to Organ Park Street.

Wellsmere Terrace from Wellsmere Road approximately 330 feet Southwesterly.

This project is part of Mayor Flynn's five-year capital improvement plan.

"Rebuilding Boston" a \$986-million investment plan for the City of Boston. This plan, prepared by the Office of Capital Planning, represents the Mayor's commitment to rebuilding, upgrading and renovating schools and public libraries, parks and open spaces, police and fire stations, roadways and sidewalks, and public safety equipment.

CONTRACTS AWARDED WITHOUT ADVERTISING

The Mayor has approved the awarding of contracts without advertising, based on the following communications:

PUBLIC FACILITIES DEPARTMENT

Re: Design of Police Headquarters Hazardous Waste Remediation — Project No. 5681C.

C-7611-91

March 7, 1991

Dear Mayor Flynn:

Pursuant to a vote of the Public Facilities Commission on March 7, 1991, I respectfully request your Honor's written permission to dispense with further public advertisement and award a contract to Rizzo Associates, Inc., a Massachusetts corporation with offices at 235 West Central Street, Natick, MA 01760, for design and study services for Police Headquarters Hazardous Waste Remediation. The scope of work includes preparation of reports in accordance with the Massachusetts Contingency Plan at Parcel 22, Roxbury, MA as follows: Phase II—comprehensive site investigation, including site characterization, subsurface investigation, risk assessment and recommendations; Phase III—selection of remedial response alternatives; and Phase IV—implementation of remedial response alternative, including preparation of design documents for Chapter 30 bid and monitoring of construction. This contract is exempt from the provisions of M.G.L. c. 30B and is awarded under the authority of M.G.L. c. 7, 38A-1/2-0.

Compensation under this contract shall not exceed \$130,000.00 (including \$41,300.00 for supplementary services), which is a negotiated fee based on an hourly rate of \$77.00 for project engineers and managers, \$59.00 for project environmental scientists, and \$46.00 for environmental scientists, which I have determined to be a reasonable cost for the work to be performed. The term of this contract shall be for 95 weeks from the date of execution.

Rizzo Associates, Inc. was awarded this contract based on a publicly advertised request for proposals in the *Boston Globe* and *City Record* on September 17, 1990 and the *Central Register* on September 19, 1990. The Public Facilities Designer selection Committee evaluated six (6) proposals employing a numerical matrix system. The numerical matrix rating for the firm reflects the combined scope of each Committee member's ranking of this firm and the recommended firm has the lowest number. The numerical ma-

trix rating summary of the three finalists, in order of rank, was as follows:

Rizzo Associates, Inc.	6
235 West Central Street Natick, MA 01760	
DMC Engineering, Inc.	13
1 Kendall Street Framingham, MA 01701	
Hygientics, Inc.	16
150 Causeway Street Boston, MA 02114	

In view of the technical and professional nature of the services required, the qualifications and expertise of the designer, and the selection process used, it is my view that further public advertising would serve no useful purpose. I, therefore, request permission to dispense with inviting sealed bids in the *City Record* under authority granted in the City of Boston Code, St. 4, s. 5.

Sincerely,

Lisa G. Chapnick,
Director.

Re: Design of Renovations to Sarah Greenwood, Russell and Mendell Schools — Amendment No. 1, Project No. 5682.

C-3262-91

April 1, 1991

Dear Mr. Mayor:

Pursuant to a vote of the Public Facilities Commission on March 21, 1991, I respectfully request your Honor's written permission to dispense with further public advertisement and amend a contract executed on October 29, 1990 with Stein & Associates, Inc., a Massachusetts corporation, with offices at 29 Commonwealth Ave., Boston, MA 02116, for design of the renovations to Sarah Greenwood, Mendell and Russell Schools. The scope of work included preliminary design, design development, working drawings and construction supervision. This contract is exempt from the provisions of G.L. c. 30B and is awarded under the authority of MGL c. 7, ss. 38A1/2-0.

Stein & Associates, Inc. was awarded this contract based on a publicly advertised request for proposals in the *Boston Globe* and *City Record* on July 23, 1990, and the *Central Register* on July 25, 1990. This amendment is necessary for the following reasons. The project construction cost was underestimated during planning. After completion of preliminary design, it became apparent the cost to complete the scope of work is higher than the budgeted amount.

The cost of these additional design services shall not exceed \$114,371.00, resulting in an amended contract cost that shall not exceed \$536,211.00 (including \$90,000.00 for supplementary services), which is a fixed fee of 9.95% based on an estimated cost of construction from \$3,400,000.00 to \$4,484,531.00. The term of this contract shall be extended to April 29, 1993.

In view of the technical and professional nature of the services required, the expertise and familiarity of the designer with all existing conditions and the reasonable cost of such services, it is my view that further public advertising would serve no useful purpose. I, therefore, request permission to dispense with inviting sealed bids in the *City Record* under authority granted in the City of Boston Code, St. 4, s. 5.

Sincerely,

Lisa G. Chapnick,
Director.

Medical Examinations

C-2370-91

March 29, 1991

Dear Mr. Mayor:

I respectfully request your Honor's permission to dispense with public advertising and to award a contract to Rees Medical Associates, a corporation located at 1195 Beacon Street, Brookline, MA 02146, for providing medical examinations to private individuals involved in accidents with City-owned vehicles. This contract is exempt from the provisions of G.L. c. 30B and is awarded under the authority of the City Charter.

This provider is particularly well qualified to perform this service because of their extensive experience with municipal actions and their long association with the City Law Department.

Compensation under this contract shall not exceed three thousand dollars (\$3,000.00) at the rate of forty-five dollars (\$45.00) per examination which I have determined to be reasonable for the work to be performed. The term of this contract shall be from July 1, 1990 to June 30, 1991.

Because of the professional nature of the services to be performed, I believe that public advertising would serve no useful purpose.

This contract is being submitted late due to the unexpectedly large demand for this function this year. Rees Medical Associates has performed this service since the beginning of fiscal year 1991 under City of Boston Service Order No. S3337.

Very truly yours,

Joseph I. Mulligan,
Corporation Counsel.

POLICE DEPARTMENT

Provide Directories

91-2892-00

March 19, 1991

Dear Mayor Flynn:

I respectfully request your Honor's permission to dispense with public advertising and to award a contract to Cole Publications, a division of Metromail Corporation, located at 84 Taunton Street, Plainville, Massachusetts, for the lease of the 1991 Blue Book Cross Reference City Directories.

Under the terms of the contract, the Contractor will provide the Police Department with the 1991 editions of the Blue Book Cross Reference City Directories. The directories to be supplied will include Boston-Central, Boston-North, Boston-South and Boston-West. These directories are vital investigating tools used by the detective, security alarm, licensing and operations units within the Police Department. Cole Publications is uniquely qualified to provide this service because it is the sole nationwide manufacturer and distributor of this product.

I have determined after reasonable investigation that Cole Publications is the only practicable source for this service and I made a written determination of that fact on March 19, 1991 by letter to the City Auditor, attached.

Compensation under this contract shall not exceed seven thousand, three hundred and ten dollars (\$7,310.00), which I have determined to be reasonable for the work to be performed. Funding for this contract shall be charged against the Police Department appropriation 011 211 0211 PD03 0490 with an initial encumbrance of \$7,310.00.

(Continued on next page)

The term of this contract shall be from April 15, 1991 through June 30, 1991.

Because of the sole source of the service to be procured, I believe that public advertising would serve no useful purpose.

Respectfully,
Francis M. Roache,
Commissioner.

**SHERIFF'S DEPARTMENT
Fire Alarm System Services**

C-3684-91

March 29, 1991

Dear Mr. Mayor:

I respectfully request your Honor's permission to dispense with public advertising and to award a contract to Simplex Time Recorder, a corporation located at 450 Lexington Street, Newton, Massachusetts 02166 for fire alarm system services at the Suffolk County Jail.

Under the terms of the contract, the contractor will test, inspect and repair the fire alarm system at the Suffolk County Jail. The contractor is specially qualified to do this work because not only do they have extensive knowledge in this line of work, but the intricate fire alarm system recently installed at the Jail is uniquely their own.

Prior to selecting Simplex Time Recorder, alternative vendors were solicited by three telephone quotes:

Simplex Time Recorder	\$5,000.00
450 Lexington Street	
Newton, MA 02166	
Johnson Controls, Inc.	\$5,450.00
39 Salem Street	
P.O. Box 840	
Lynnfield, MA 01940	
Edwards	Would not bid due
595 Pleasant Street	to the short
Norwood, MA 02062	contract period

Compensation under this contract shall not exceed five thousand dollars (\$5,000.00), which I have determined to be reasonable for the work to be performed. The term of this contract shall be from April 1, 1991 to June 30, 1991.

Contract number C3677-91 between Aetna Alarm Co. and the Suffolk County Sheriff's Department for the testing, inspecting and repair of the fire alarm system was recently terminated effective March 31, 1991, pursuant to article 8.4 of the City of Boston/County of Suffolk Standard Contract General Conditions. Due to the termination of the current contract, the reasonable cost of the services to be provided, and in light of the fact that alternate vendors were solicited, I believe that public advertising would serve no useful purpose. A completed CB1 Form, Record of Telephone Solicitations is attached. In addition, the contract for fire alarm system services for the term of July 1, 1991 to June 30, 1992 will be advertised for public bids.

Please excuse the late submission of this contract due to the unexpected need to terminate the current contract with Aetna Alarm Company.

Very truly yours,
Robert C. Rufo,
Sheriff, Suffolk County.

**WORKERS' COMPENSATION SERVICES
Support Services**

Dear Mr. Mayor:

I respectfully request your permission to dispense with public advertising and to award a con-

tract to John V. Sullivan, located at 1-C Lorenzo Street, Dorchester, MA 02122, for Worker's Compensation support services. This contract is exempt from Chapter 30 B because it is an employment agreement.

Under the terms of the contract, John V. Sullivan will perform services to the Workers' Compensation Service of Administrative Services, including but not limited to representing the Service when the keeper of the records is subpoenaed, serving subpoenas and obtaining hospital records, visiting claimants at home or in the hospital to get statements, incident reports and necessary signatures. Office duties include but are not limited to reviewing files regularly to compute maximum benefits, preparing budget reports, ordering and maintaining office supplies and equipment, and other duties as required. The responsibility for visiting claimants at home is a sensitive one, and Mr. Sullivan's experience is an asset to the office. Mr. Sullivan holds a Constable Commission and is a registered notary public. Mr. Sullivan's background includes thirty-seven years with the Workers' Compensation Service. Since Mr. Sullivan routinely works two days a week but is available twenty-fours a day and weekends on an on-call basis, we are able to accomplish the needed tasks at a very reasonable cost to the City.

Compensation under this contract shall not exceed eight thousand dollars (\$8,000.00) and the payments from appropriation code number 011-140-0155-0290 will be made at the rate of twenty-five dollars (\$25.00) per hour, which I have determined to be reasonable for the work to be performed. The term of the contract shall be from July 1, 1991 to June 30, 1992. Mr. Sullivan has contracted with this office for the past five years as follows: 1986-87 (3 months), \$6,000.00; 1987-88, \$21,000.00; 1988-89, \$26,500.00, (\$12,450.00 used only); 1989-90, \$11,215.00; 1990-91, \$13,800.00.

In view of the nature of the service to be performed, I believe that public advertising would serve no useful purpose.

Very truly yours,
Alyson R. Haley,
Agent.

**PUBLIC WORKS DEPARTMENT
Engineering and Design Services**

C-7452-91

March 8, 1991

Dear Mr. Mayor:

I respectfully request your Honor's permission to dispense with further public advertisement and to award a contract to Greenman-Pedersen, Inc., a Massachusetts corporation with offices at 346 Commercial Street, Boston, Mass., to provide Engineering and Design Services in connection with the reconstruction of South Street in the City of Boston. This contract is exempt from the provisions of G.L. c. 30B and c. 7, s. 38A-1/2-380 and is awarded under the authority of the City Charter.

The above services will include, but not be limited to, preliminary drawings, contract documents and construction supervision.

Following the advertisement of this project in the *City Record* on February 19, 1990, we received submissions of qualifications from ten companies. Of these, the following three companies were asked to submit detailed proposals:

Greenman-Pederson, Inc.
Bruce Campbell and Associates
Hayden/Wegman Consulting Engineers

Each proposal was carefully evaluated by the Selection Committee, composed of senior staff from my department. The Committee considered factors such as, understanding of the work to be done, the proposed project personnel, previous corporate experience, the proposed work schedule and the cost. The Committee recommended the firm of Greenman-Pedersen, Inc., and I agree with the Committee's recommendation.

In as much as Greenman-Pedersen, Inc. submitted the most advantageous proposal to the City and the price offered is a reasonable one, your permission is requested to award this contract. The term of this contract shall be for the period April 5, 1991 to April 5, 1993, at a cost not to exceed two hundred thirty-eight thousand six hundred dollars (\$238,600.00).

The City has received a grant from the Massachusetts Bay Transportation Authority, that will cover the cost of this contract.

Very truly yours,
Joseph F. Casazza,
Commissioner.

**HEALTH AND HOSPITALS DEPARTMENT
Purchase Software**

April 22, 1991

Dear Sir:

I respectfully request your permission to dispense with public advertising and to award a sole source procurement contract to Direct Aid, Inc., a corporation located at 31332 Via Colinas, Suite 102, Westlake Village, CA 91362 for the purchase of Impersonator Color and Monochrom Terminal Emulation Software.

Under the terms of the contract, Direct Aid, Inc. will provide Boston City Hospital with two internal site licenses and the above software for one hundred (100) personal computers. The hospital's laboratory software package, Meditech, run on personal computers and the Impersonator Software will allow personal computers to function as laboratory terminals. Direct Aid, Inc. is the manufacturer of this software.

I have determined after reasonable investigation Direct Aid, Inc. is the only practicable source for this procurement and I made a written determination of that fact on March 21, 1991 by letter to the City Auditor attached.

Compensation under this contract shall not exceed eight thousand dollars (\$8,000.00) which have determined to be reasonable for the software to be provided. The cost for the first license for fifty (50) personal computers is five thousand dollars (\$5,000.00) and the additional cost for the second license for fifty (50) more personal computers is three thousand dollars (\$3,000.00).

The term of this contract shall be May 1, 1991 through June 30, 1991.

Because of the sole source of the services to be procured, I believe that public advertising would serve no useful purpose.

Very truly yours,
Judith Kurland,
Commissioner.

**REAL PROPERTY DEPARTMENT
Electrical Testing and Maintenance**

June 9, 1991

Your Honor:

I respectfully request your permission to dispense with public advertising and to award a contract to Electrical Testing and Maintenance, 30 North Street, Randolph, MA 02360, for necessary repairs to a booster pump controller.

Under the supervision of Thomas Kilkelly, Building Systems Engineer, Electrical Testing and Maintenance will remove the old controller and furnish a new controller with the required installation.

Due to the inoperative controller, the building has low water pressure causing a problem with the sanitary systems and computer air conditioning systems. Because of these reasons, I have requested and received approval from the Commonwealth of Massachusetts, Division of Capital Planning and Operations to dispense with meeting the requirements of M.G.L. Chapter 30, Section 39m as it pertains to public advertising. During the process this department required written bids, the results are as follows:

Electrical Testing & Maintenance, 306 Main Street, Randolph, MA 02360, \$8,250.00.

Corliss Electric, 138 Batchelder Street, Boston, MA, \$10,700.00.

Joseph L. McKeen, Inc., 59 Semont Road, Dorchester, MA 02124, \$12,874.00.

Because of the urgency of the present situation and the competitive bids, I believe public advertising would serve no useful purpose. The total amount of this contract shall not exceed \$8,250.00 for the period of June 27, 1988, through June 30, 1988.

Respectfully,
Marie A. Turley,
Assistant Commissioner.

LAW DEPARTMENT Orthopedic Services

C-2393-91
November 19, 1990

Dear Mr. Mayor:

I respectfully request your Honor's permission to dispense with public advertisement and to award a contract to Isadore Yablon, a medical doctor associated with Orthopedic Services, Inc., 48 Elm Street, Worcester, MA 01609, for expert testimony and review in the action entitled *Hale v. City of Boston*.

Under the terms of the contract, the Contractor will provide expert review of the case and subsequent expert testimony at trial. The contractor is specially qualified because of extensive experience in the field of medical malpractice cases.

Compensation under this contract shall not exceed one hundred dollars (\$100.00) per hour for review and two thousand dollars (\$2,000.00) per day for expert testimony in court. The cost of the contract shall not exceed \$10,000, which I have determined to be reasonable for the work to be performed. The term of this contract shall be from November 19, 1990 to June 30, 1991.

Because of the specialized nature of the services required and the reasonable cost of those services, I believe that public advertising would serve no useful purpose.

Very truly yours,
Joseph I. Mulligan,
Corporation Counsel.

FIRE DEPARTMENT Labor Relations Services

June 28, 1990

Dear Mayor Flynn:

I respectfully request your permission to dispense with public advertising and to award a contract to James B. Cox, Esquire, of Mahoney, Lawkes and Golding, 40 Rowes Wharf, Boston, MA 02110.

Under the terms of the contract, James Cox will represent the Boston Fire Department in various labor relations matters as referred to him by the Office of the Fire Commissioner/Chief of the Boston Fire Department.

Compensation under this contract shall not exceed forty thousand dollars, an amount I have determined to be reasonable for the work performed. Payment for services associated with this contract shall be charged to appropriation 011-221-0221-0290. The hourly rate shall be one hundred and twenty dollars (\$120.00) per hour.

The term of the contract shall be from July 1, 1990 through June 30, 1991.

Mr. Cox has had a contract with the City of Boston Labor Relations Department for the previous five fiscal years. In that the work performed is primarily with the Boston Fire Department, it was recommended that this department contract directly with Mr. Cox.

Mr. Cox is uniquely qualified to perform this service because of his past experience in all aspects of labor relations functions as a former Supervisor of the City's Office of Labor Relations.

Respectfully,
Leo D. Stapleton,
Commissioner/Chief.

Transmission Replacement

C-1722-91
September 19, 1990

Dear Sir:

I respectfully request your approval to dispense with public advertising and award an emergency contract to Bob-Mac Enterprises, 650 Hingham Street, Rockland, MA 02370 for the replacement of a transmission on Boston Fire Department's Aerial Platform Truck (Tower Unit) and make all necessary repairs.

The transmission on the Tower Unit burned out on July 23, 1990. Because of the extreme importance of this vehicle, we immediately sought out qualified transmission repair companies. Bob-Mac Enterprises was selected due to the immediate emergency involved. Bob-Mac has done excellent work for us in the past. It is a highly reputable firm and qualified in engine and transmission repairs.

Compensation under this contract shall not exceed six thousand two hundred and forty-three dollars (\$6,243.00) and will be completed in four days. Payments for these repairs will be paid pursuant to the City's existing contract No. 1722-91. I have determined this amount to be reasonable for the work performed.

This is being submitted to you late, because we were waiting for the original repetitive contracts to be executed by Auditing.

Respectfully,
John D. White,
Acting Commissioner.

LAW DEPARTMENT Tax Title Services

January 18, 1991

Dear Mr. Mayor:

I respectfully request your permission to dispense with public advertising and to award an employment contract to Teresa Agresti, an individual located at Boston City Hall — Room 621, Boston, MA 02201. This contract is exempt from the provisions of G.L. c. 30B and is awarded under the authority of the City Charter.

Under the terms of this contract, Ms. Agresti, will provide services to the Tax Title Division of the Law Department which will include obtaining addresses of equity owners, mortgages and other parties of interest in properties in Tax Title. Ms. Agresti is uniquely qualified to do this work because of her telephone experience and research ability.

Compensation under this contract shall not exceed five thousand dollars (\$5,000.00). Payment shall be made at the rate of eight dollars (\$8.00) per hour. I have determined this amount to be reasonable.

The term of this contract shall be from January 30, 1991 through April 30, 1991.

Because of the professional nature of the services to be performed, I believe that public advertising would serve no useful purpose.

Very truly yours,

ASSESSING DEPARTMENT Review and Evaluate Revaluation Plan

C-1229-91
April 23, 1991

Dear Mr. Mayor:

I respectfully request your Honor's permission to dispense with public advertising and to award a sole source procurement contract to Jane Malme Esq. an individual located at 25 Rockwood Road, Hingham, MA 02032, Social Security No. 095-28-3324, as a consultant to review and evaluate the FY92 revaluation plan prepared by the City of Boston and currently under implementation.

Under the terms of the contract, the Contractor will determine whether the existing and proposed management, analytic, and appraisal approaches and methodologies are reasonable and designed to achieve full and fair cash values. The Contractor will perform such analysis and make such recommendations as will help ensure that the revaluation program and assessment system utilizes methods and techniques of appraisal and valuation that are uniform documented and defensible.

The Contractor is uniquely qualified to perform this review in an expeditious manner. Ms. Malme is a former chief of the Massachusetts Department of Revenue, Bureau of Local Assessment and has spent over eleven years supervising the implementation of revaluation programs in the 351 cities and towns of the Commonwealth. She presently serves as an adjunct faculty member and property tax consultant with the Lincoln Institute of Land Policy, Cambridge, Mass., which has provided her with insight relative to the implementation of revaluation programs in major communities across the United States.

The Contractor's familiarity with Massachusetts assessment administration, state certification requirements, and the City's revaluation system will enable her to complete the required evaluation in a timely manner without intruding upon or impeding the ongoing revaluation process.

I have determined after reasonable investigation Jane Malme, Esq. is the only practicable source for this service, and I have made a written determination of that fact on April 23, 1991, by letter to the City Auditor, attached.

Compensation under this contract shall not exceed six thousand dollars (\$6,000.00), a cost which I have determined to be reasonable for the services to be performed. The Contractor shall be paid at the rate of fifty dollars (\$50.00) per hour.

(Continued on next page)

The terms of this contract shall be from May 15, 1991 through June 30, 1991.

Because of the sole source of the services to be procured, I believe that public advertising would serve no useful purpose.

Sincerely,
Thaddeus J. Jankowski, Jr.,
Commissioner.

OF
MEDICAL EQUIPMENT
FOR
NEW INPATIENT FACILITY
BOSTON CITY HOSPITAL**

PFD PROJECT NUMBER 4940-E

Under Massachusetts General Laws c. 7, s. 38A-1/2-380 the Public Facilities Department of the City of Boston is seeking the services of an experienced medical equipment construction manager to assist in the specifying, purchasing and installation of original systems and equipment for the New Inpatient Facility at Boston City Hospital. Services will consist of reviewing the preliminary equipment program, interviewing and coordinating with the hospital staff to update requirements, confirm budget, reprogram and write specifications for the various bid packages for the City's Purchasing Department to bid and purchase. Once the bidding and purchase orders are in place, this contractor will manage the delivery and installation of the equipment, including all final connections, equipment start-up, de-bugging and warranty claims.

This contractor will be required to provide a full-time, on-site construction manager during the course of the contract. This contractor must also have the ability to computerize the purchasing process and to monitor the progress of each phase from preliminary program review through installation.

Detailed information for the scope of work upon which to base the proposal may be obtained at the offices of the Public Facilities Department, 26 Court Street, 6th Floor, Boston, Massachusetts, and may be mailed if necessary. A copy of the preliminary equipment program for the building will be available for study at that location. If interested, please call 725-4828 and refer to this advertisement. The cost of this equipment is estimated at nine million dollars (\$9,000,000.00). Completion will be 32 months after date of execution.

Proposals are due at the offices of the Public Facilities Department, 26 Court Street, 6th Floor, Boston, Massachusetts before 5:00 p.m. on October 17, 1991.

CITY CLERK

The City Clerk's office is now offering for sale the *City of Boston Code, Volume I Ordinances*, with supplements through 1990, at one hundred twenty-five dollars (\$125.00) per copy.

The new Code contains several new features designed to make it easier to use:

- A new numbering system provides chapters on a topical basis.
- Subsection headings have been inserted for clarity and ease.
- Each page has been numbered, and the numeration corresponds with the chapter designation. For example, Chapter V starts on page 501 and allows for 100 pages to be used in that chapter.
- Each chapter starts on a new page, on the right side of the Code to allow for supplementation and growth of the prior chapter.

Additional supplements will be provided at a reasonable price on an annual basis.

The updated Code should prove to be a valuable aid to attorneys practicing in Boston. Copies may be obtained at this office, Boston City Hall, Room 601, with a payment by check, payable to the City of Boston, in the amount of one hundred twenty-five dollars.

Sincerely,
PATRICK F. McDONOUGH,
City Clerk.

PARKS AND RECREATION DEPARTMENT

NOTICE TO CONTRACTORS

Invitation for Bids for Construction of Improvements to Joe Porzio Park and Prescott Square, East Boston.

The City of Boston, acting by the Parks Commission, 1010 Massachusetts Avenue, Roxbury, MA 02118, hereunder referred to as the Awarding Authority, hereby invites sealed bids for the project listed below.

Bids shall be on a form supplied by the Parks and Recreation Department, shall be clearly identified as a bid and signed by the bidder. All bids for this project are subject to all applicable provisions of law and in accordance with the terms and provisions of the contract documents entitled: "Construction of Improvements to Joe Porzio Park and Prescott Square, East Boston."

SCOPE OF WORK includes: Furnishing all labor, materials, and equipment necessary for seating, walkways, plantings, fencing and general site improvements at Prescott Square. Fencing repairs, court repairs, walkway repairs, installation of lawn area and general site improvements at Porzio Park. Estimated cost \$240,000.

BIDS shall be submitted in duplicate before 2 p.m., Boston time, on Thursday, October 17, 1991, and opened forthwith and read aloud. One bid shall be filed with the Awarding Authority, 1010 Massachusetts Avenue, third floor, Roxbury, MA 02118, accompanied by the bid deposit. The duplicate copy of the bid shall be filed with the City Auditor, City Hall, Boston, Mass., previous to the time named for opening of bid. The Awarding Authority reserves the right to waive any informalities in, or to reject any and all bids, if it be in the public interest to do so.

SPECIFICATIONS AND PLANS will be available on or about Monday, September 30, 1991, after 9 a.m., Boston time, at the Parks and Recreation Department to all interested parties who present a \$50 certified check, payable to the City of Boston for each set. Specifications must be returned in good condition within thirty days of the bid opening in order for the bidder to have the \$50 check returned.

BIDDERS are hereby notified that bid deposits must be 5 percent of his/her bid, and shall be in the form of a bid bond, cash, or certified check, treasurer's check or cashier's check, bid bond of a surety company qualified to do business under the laws of the commonwealth and satisfactory to the commissioner made payable to the City of Boston.

ATTENTION TO ALL BIDDERS

Minority/Women Business Requirements:

No bid for award of this project will be considered acceptable unless each bidder complies fully with the following requirements for Minority/Women Business Enterprise Utilization.

Pursuant to the Supplemental Minority/Women Participation section of this contract each bidder must give satisfactory assurance that at least 15 percent of his bid price shall be expended for minority business enterprise and at least 5 percent of his bid price shall be expended for women business enterprise.

Within five (5) working days after the receipt of general bids, the low bidder must submit a completed MBE Utilization Form(s) to the Compliance and Enforcement Division of the Office of Jobs and

Community Services located at 43 Hawkins Street, Boston, MA 02114, covering each minority/women business enterprise to be used to make the requirements contained in the contract documents. If a firm is certified as a minority-owned firm, that firm may propose to work as either minority or women owned or both for each contract by declaring its status on the Minority Business utilization form or the Women Business Utilization Form (MBU-F or WBU-F).

The City of Boston Minority/Women Business Directory lists all minority and women-owned businesses that have been certified as such by the City of Boston. A copy of this directory can be obtained from the Parks and Recreation Department, Affirmative Action Office, 1010 Massachusetts Avenue, telephone 725-4505, Ext. 6110, or from the Mayor's Office of Jobs and Community Services, Minority Business Office, 43 Hawkins Street, Boston, MA 02114. Telephone number 723-1400.

Bidders may exercise their own judgment in selecting the Minority/Women Business Enterprise to perform any portion of the work or to be a supplier of goods or services. In the event that the bidder selects a minority or women business that is not included in the Minority/Women Business Directory as amended and provided by the Compliance and Enforcement Division then a Certification Application completed by the non-certified business must be filed with the Compliance and Enforcement Division within five (5) business days after the opening of general bids.

The workforce requirement (employee manhour ratios per trade) for this contract are as follows: Minority, 25 percent; Boston Resident, 50 percent; and Female, 10 percent.

The successful bidder will be required to provide by insurance for the payment of compensation and the furnishing of other benefits under the Workmen's Compensation Law, General Laws (Ter. Ed.), chapter 152, to all persons to be employed under the contract, and sufficient proof of compliance with the foregoing stipulation will be required before commencing performance of this contract.

A performance bond and also a labor and materials or payment bond, each of a surety company qualified to do business under the laws of the Commonwealth and satisfactory to the Commissioner and in the sum of 100 percent of the contract price, as well as certain public liability and property damage insurance, will be required of the successful general contractor.

Prospective bidders are requested to attend a prebid conference in the office of the Chief Engineer, 1010 Massachusetts Avenue, Roxbury, MA 02118, on Tuesday, October 8, 1991, at 10 a.m., Boston time.

FOR
NEW INPATIENT FACILITY
BOSTON CITY HOSPITAL**

PFD PROJECT NUMBER 4940-E

Under Massachusetts General Laws c. 7, s. 38A-1/2-380 the Public Facilities Department of the City of Boston is seeking the services of an experienced medical equipment construction manager to assist in the specifying, purchasing and installation of original systems and equipment for the New Inpatient Facility at Boston City Hospital. Services will consist of reviewing the preliminary equipment program, interviewing and coordinating with the hospital staff to update requirements, confirm budget, reprogram and write specifications for the various bid packages for the City's Purchasing Department to bid and purchase. Once the bidding and purchase orders are in place, this contractor will manage the delivery and installation of the equipment, including all final connections, equipment start-up, de-bugging and warranty claims.

This contractor will be required to provide a full-time, on-site construction manager during the course of the contract. This contractor must also have the ability to computerize the purchasing process and to monitor the progress of each phase from preliminary program review through installation.

Detailed information for the scope of work upon which to base the proposal may be obtained at the offices of the Public Facilities Department, 26 Court Street, 6th Floor, Boston, Massachusetts, and may be mailed if necessary. A copy of the preliminary equipment program for the building will be available for study at that location. If interested, please call 725-4828 and refer to this advertisement. The cost of this equipment is estimated at nine million dollars (\$9,000,000.00). Completion will be 32 months after date of execution.

Proposals are due at the offices of the Public Facilities Department, 26 Court Street, 6th Floor, Boston, Massachusetts before 5:00 p.m. on October 17, 1991.

MAYOR FLYNN ATTENDS AIDS CONFERENCE

Mayor Flynn Attends AIDS Conference in Washington, D.C.; Calls for Action on Fight Against the Epidemic.

Continuing to take the lead in the fight against AIDS in Boston and as president of the U.S. Conference of Mayors, Mayor Raymond L. Flynn heads to Washington, D.C. to attend a ceremony marking the release of the National Commission on AIDS final report to the President and Congress. The event will take place at the American Association for the Advancement of Science.

Mayor Flynn will comment on the release of the report, a 165-page study called "America Living With AIDS," and will call for increased federal action in the fight against the disease.

"Care and treatment for people with HIV and AIDS threatens to be the final straw in the collapse of our woefully inadequate national healthcare network," Flynn will tell those attending the conference. "For so long, our national policy has been no policy at all."

Mayor Flynn, who was endorsed by the Greater Boston Lesbian and Gay Political Alliance, is expected to challenge the federal government to assist cities and states in the fight against AIDS.

"Lack of federal leadership means that state and local governments struggle to provide care for the most vulnerable and disadvantaged members of our society," Flynn will tell the conference. "The federal government needs to understand that a natural disaster of this magnitude demands a comprehensive response."

The eagerly awaited National Commission on AIDS report will go to the White House and Congress, and today's conference is expected to provide a forum for comment from interested parties, including Mayor Flynn. The Mayor will assail President Bush's AIDS housing program and will cite the fact that the City of Boston will build 501 units of housing for people with AIDS — one more than the entire federal government managed to commit to.

"Let us hope that the collective wisdom of this commission will prevail upon Congress and our federal government so that we, at the local level, will see an immediate change in attitude from our national leaders," Flynn will tell those attending the conference. "Denial and neglect continue to pose a threat as deadly as the virus itself. This nation must act swiftly, with compassion and without prejudice, in its commitment to bringing about an end to the AIDS epidemic in America."

The National Commission on AIDS is made up of 15 people; five appointed by the House, five appointed by the Senate, two appointed by President Bush and three non-voting Cabinet secretaries.

Larry Kessler, Executive Director of the AIDS Action Committee and a Commission member, is expected to speak at the conference, as is a representative from the National Association of Counties.

The Flynn Administration has taken a lead in the fight against AIDS, instituting many programs that expand health care for those suffering from the virus. The new Boston City Hospital, under construction in Boston, will serve as an anchor for a comprehensive health care system for people with AIDS or HIV and their

families — regardless of their ability to pay.

"The Mayor's presence in Washington today exemplifies his commitment and leadership on AIDS and HIV-related issues," said John Meunier, the Mayor's Liaison to the Lesbian and Gay Community. "The Mayor's acknowledgment of the importance of community-based organizations is particularly significant. Too many service and care providers must fight for federal support when their time would be better spent fighting AIDS."

T RESPONDS TO PUBLIC COMMENTS TO REACH NEW COMPROMISE FARE STRUCTURE STARTING SEPTEMBER 3rd

Bus Fares Go To 60 Cents, Subway Fares to 85 Cents; T Still Among Lowest Priced Major Systems in the Nation

Passengers will pay a smaller fare increase than originally proposed for their ride on the T, the MBTA announced today. Subway fares, initially recommended to go from 75 cents to \$1.00 will be raised to 85 cents and bus fares will increase just 10 cents, from 50 cents to 60 cents.

The fare increase will raise an estimated \$15.5 million. The across the board increase is a compromise developed in response to concerns raised by the MBTA Advisory Board, which is comprised of representatives of the 78 cities and towns in the T district. Both the MBTA Board of Directors and the MBTA Advisory Board voted to approve the new fare structure at separate meetings held today.

(Continued on next page)

Fair Structures . . .

(Continued from front page)

Cash fares will go up September 3 and the cost of the monthly pass will increase in October. Highlights of the increase call for:

- local bus fares to go from 50 to 60 cents
- subway fares from 75 to 85 cents
- commuter rail fares will increase by anywhere from 10 to 50 cents depending on zone and
- express bus fares by 25 to 35 cents
- Senior citizens and disabled passengers will be asked to pay 25 percent of the full bus fare (15 cents) and subway fare (20 cents) and 50 percent of fares for express bus and commuter rail service

Prices for monthly passes have been reduced from original fare hike proposals to provide an incentive to passengers to continue to ride the T and to encourage more people to become regular T riders. New pass prices include:

- Local bus monthly pass will increase from \$18 to \$20
- Subway monthly pass will not change. It will remain at \$27
- Combo bus/subway monthly pass will increase from \$40 to \$46
- Combo plus, bus/subway monthly pass will not change. It will remain at \$48
- Ten-ride tickets for Express Bus Zone I will be offered for the first time, for \$13.50; the Green Line and Express Bus II will increase from \$16.50 to \$17.00; and Express Bus III will increase from \$18 to \$20.

On July 18, the T Board of Directors approved a fare increase which would have brought subway fares to \$1.00, with a discount equivalent to a fare of 83 cents when five tokens were purchased at the same time. On August 5, that plan was reviewed by the MBTA Advisory Board's Executive Committee, which asked the T to take another look at the proposed subway fares with an eye toward reducing the amount of the increase.

T Acting General Manager James E. Rooney said, "Both fare plans have their advantages. We are responding to

the Advisory Board's request to reduce the amount of the increase."

Rooney added, "Most folks don't realize that fares cover only about a third of the cost of their trip. This increase does a good job at walking the fine line between our need to increase revenue and our passengers' ability to pay."

T estimates predict that the final fare increase, in the worst case, could result in a loss of 29,000 passenger trips.

The T held ten public meetings on the new fares throughout the area following the decision last April on two proposals to increase fares.

Following the September 3 increase, the T will continue to offer one of the lowest basic fares of any major transit system in the country.

For information on routes and schedules, please call the T's Customer Service Center at 722-3200.

T OFFERS TIPS FOR BEATING THE FARE INCREASE; HIGHER CASH FARES START SEPTEMBER 3rd

Pssst, Pass It On

O.K. You've come to grips with the fact that the T has to charge slightly higher fares to keep your bus, subway, and commuter rail service rolling. You know that now at 85 cents, subway rides are still less than the \$1.00 fare originally proposed.

You realize the increase isn't so bad, but you still don't like it.

Here's what you may not know. There's a way to beat it! Since the T wants you to keep on riding, it's sharing the inside scoop about how to do it:

- Buy a September monthly pass and you won't feel the pinch until October, when some monthly passes increase. Cash fares go up September 3.
- Bus fares are going up 10 cents per ride . . . but bus passes are only going up \$2.00 per month. Use local T buses anywhere for just \$20 a month. Bus passes are also good for passage on the above ground portion of the Green Line and 60 cents toward the cost of an express bus trip.

- Subway fares are going up one thin dime . . . but monthly subway passes aren't going up at all. They're still just \$27.00 and still good for zone 1A and 1B commuter rail service.
- Bus and subway fares are both going up. Beat the increase with the T's Combo Pass, now priced at \$46.00 a month. The Combo Pass is worth \$1.45 toward the fare on express buses and is valid for zone 1A and 1B commuter rail trips.
- Bus and subway fare hikes, including those from Quincy and Braintree stations are a thing of the past, when you buy a Combo Plus monthly pass. It's still only \$48.00 a month. The Combo Plus is worth \$1.70 toward the fare on express buses and zone 1A and 1B commuter rail trips.
- Green Line service from Riverside will be \$2.00. Buy a 10-ride ticket for \$17.00 at Riverside, Government Center or Haymarket, and you've avoided the fare increase! This 10-ride is good on \$2.00 express bus trips too.
- Ten-ride tickets have just been introduced at Haymarket/Green Line and Government Center for the \$1.50 express bus; each ten-ride ticket cost just \$13.50. T passengers riding the \$2.25 express buses can still buy ten-ride tickets, now for \$20.00.
- Commuter rail passengers can save money too. Monthly passes are still available, and are always a bargain. Twelve-ride passes are now priced at the cost of 10 rides, instead of the old eleven. Once-in-a-while T riders will be happy to know, the twelve rides are good for six months from date of purchase (it had been 60 days). Commuter rail passes can be used for unlimited travel in all buses and subway lines.

So there you have it. T monthly passes are the way to go . . . convenient to buy, easy to use, and they'll save you money!

Beat the fare hike, buy a monthly pass. Pssst, pass it on.

For additional information on the monthly pass program ask your employer or call the T's Pass Program Office, 722-5218.

A FAMILY DISASTER AVOIDED THANKS TO THE PARENTS ANONYMOUS ORGANIZATION OF MASSACHUSETTS

By Tony Ferullo

The tension almost put Jennifer (not her real name) over the edge. "I wasn't able to take all the stress," she said. "It got to the point where I was ready to explode."

Jennifer is talking about a time in her life filled with pain and sadness. After her husband lost his job and was unable to find work, the family's financial problems began to escalate. This led to Jennifer and her husband taking their frustration out on two helpless victims — their young children.

"I remember one night my husband and I were sitting at the kitchen table and the kids were acting up," said Jennifer, who lives in North Andover. "My husband picked up a glass and threw it at my son. The glass hit him in the mouth, breaking a tooth. We took him to the hospital and he needed stitches. It was a terrible thing to go through."

Fortunately, Jennifer recognized the early stages of child abuse and knew enough to seek help. She and her husband turned to the Parents Anonymous Organization of Massachusetts, an agency supported by the United Way of Massachusetts Bay.

"They gave me the name and phone number of a group sponsor in Beverly and I called right away," explained Jennifer. "It hurt to make that phone call. I kept on crying and crying. I was a ner-

vous wreck. But the person from Parents Anonymous was very sympathetic and understanding."

The Parents Anonymous Organization of Massachusetts provides counseling, information and referral services, and support groups for parents who are currently abusing, have abused, or fear that they may abuse their children. Parents Anonymous currently has 17 chapters serving parents in the Massachusetts Bay area.

"The people at Parents Anonymous are sincere and caring," said Jennifer. "No one will pass judgment on you. I knew if I was going nuts, I could go nuts with someone else in the group. There's a lot of trust."

Jennifer and her husband are thankful for places such as the United Way. "At some point in everybody's life, directly or indirectly, they will get help from the United Way," said Jennifer. "If the United Way didn't help fund Parents Anonymous, I don't even want to think what my family's situation would be like today."

Today, Jennifer, 26, is an active volunteer for Parents Anonymous. She takes pride in helping people put the pieces of their life back together again. "I do a lot more listening and a lot more talking now than I ever did," she said. "But it gives me a good feeling inside to help others who really need it."

As for her own family, Jennifer and her husband have learned to keep their anger under control. Like many parents, they take a non-violent approach to their children's misbehavior and discipline through the use of "time-outs."

"If things are getting out of hand, then get out of the immediate situation," said Jennifer. "Go for a walk with your dog or whatever it takes to calm you down. Some people put their kids on 'time-outs.' We, as parents, have to put ourselves on 'time-outs' as well."

"We all want to feel in control of our emotions. And to lead a normal life."

DORCHESTER PARK REOPENS

Boston Mayor Raymond L. Flynn and Parks Commissioner Lawrence Dwyer joined hundreds of local residents to officially reopen Dorchester Park, which just received over \$800,000 in capital renovations.

Mayor Flynn was joined by members of the Dorchester Park Association, the Boston GreenSpace Alliance, and other local organizations which worked with the Boston Parks Department for several years in a series of community meetings to determine the scope and specifics of the restoration.

"This is a great day for the hundreds of Dorchester residents who worked diligently to keep this beautiful park clean, safe, and active," Flynn said. "The cooperative effort among groups like the Lower Mills Civic Association, Dorchester Park Association, and Carney Hospital has allowed us to provide a wonderful park for the people of Dorchester."

The park, which was funded under the city's capital improvement plan, "Rebuilding Boston," a \$1.01 billion program to upgrade Boston's infrastructure, received a handicapped accessible tot lot, new ballfields, tennis courts, basketball courts, new park entrances and signage. Other improvements include extensive landscaping, and new trees and shrubbery.

According to Parks Commissioner Dwyer, over 90% of the city's 200 parks and playgrounds have been restored under the "Rebuilding Boston" program, at a cost of over \$120 million.

"With earlier renovations to McConnell, Ronan, Hemenway, and Town Field, Dorchester Park gives this neighborhood some of the finest parks in the city," Dwyer said. "It combines active and passive facilities that appeal to people of all ages, and is a real tribute to the local residents who have worked with the Parks Department over the past two years."

MARSTON BALCH ARENA THEATER PRESENTS: QUIETUS by Cindy Cooper Directed by Bruce Shapiro

and

SIX CHARACTERS IN SEARCH OF AN AUTHOR by Luigi Pirandello Directed by Neal Hirsig October 22-26, 1991

The Marston Balch Arena Theater will present a double bill performance: the premier of Cindy Cooper's work, *Quietus*, directed by Bruce Shapiro, and Luigi Pirandello's 1922 satire, *Six Characters in Search of an Author*, directed by Neal Hirsig. Both shows run together from October 22-26 and begin at 8:00 p.m.

Come to the inaugural performance of Cindy Cooper's *Quietus*, a work that explores the question of history and its political nature. Legendary playwright William Shakespeare meets legendary villain Richard III and to Shakespeare's surprise, discusses the consequences of "writing" history. Ms. Cooper's work won the national Memorial Playwriting Contest sponsored by the Tufts Drama Department.

See for yourself just how dramatic is everyday life (or how life-like is everyday drama) in Neal Hirsig's production of *Six Characters in Search of an Author*. Mr. Hirsig has restructured the plot of Pirandello's work to spoof the contemporary melodrama of daytime television. The appearance of soap opera characters on "live" video monitors and on stage with the actors question the boundaries between reality and drama.

Ticket prices range from \$3.00 on Tuesday, \$5.00 on Wednesday and Thursday, and \$6.00 on Friday and Saturday. Tickets are on sale October 8. MasterCard and Visa are accepted. Group rates are available. The theater is located on Tufts' Medford campus, about 7 miles north of Boston. For more information, please call 381-3493.

"DANCES WITH WOLVES" AUTHOR MICHAEL BLAKE AT BPL

Michael Blake, author of *Dances with Wolves*, will speak about his latest novel, *Airman Mortensen*, in the Mezzanine Conference Room of the Boston Public Library in Copley Square on Monday, October 7 at 10 a.m.

Blake was honored earlier this year by the American Library Association for his visits to libraries around the country and his commitment to literacy projects. His BPL visit is part of a 14-city tour introducing his new book and a nation-wide writing contest for young adults in grades 9 to 12. His talk will include readings from his books, a story about first love, and other inspirational works.

The contest, "Beginnings: Young Writers on Love," is cosponsored by Seven Wolves Publishing and Columbia Pictures and is open to written works of poetry, fiction, or non-fiction — on the subject of love. The contest deadline is January 1, 1992 and winners will be chosen from each city and their pieces published in a book of the same name.

The program is free and open to the public. An autographing session will follow his presentation. For more information, please call (617) 536-5400, Ext. 334.

BPL TO CLOSE DARTMOUTH ST. ENTRANCE ON OCT. 1ST

The Boston Public Library has announced the Dartmouth Street entrance to the Research Library in Copley Square will be closed on Tuesday, October 1st.

The closing signals the long-awaited start of Phase I of the planned renovation and restoration of the BPL's historic McKim Building, which will get under way shortly. Library officials estimate the entrance will remain closed for about a year.

All departments within the Research Library will remain open during the

(Continued on next page)

renovation period and library officials do not anticipate any interruption in service. Patrons will enter the Library through the main entrance at 666 Boylston Street and then follow a well-marked route through the General Library to the various departments within the Research Library.

**C. EVERETT KOOP
IN HARVARD
AUTHOR SERIES READING
AT BPL**

Dr. C. Everett Koop, the controversial former Surgeon General of the United States and the current author of *Koop: Memoirs of America's Family Doctor*, will talk about his new book and his career as the nation's top doctor as the fall Harvard Book Store Cafe Author Series continues in the Rabb Lecture Hall of the Boston Public Library in Copley Square on October 8th.

Born an only child in Brooklyn in 1916, Dr. Koop always knew he wanted to be a doctor. After graduating from Cornell University Medical College he moved to Philadelphia where, in 1946, he overcame resistance at Children's Hospital to the radical concept of performing surgery on infants.

Filled with insights and strong opinions, *Koop* presents a portrait of a forthright, complex, and compassionate man whose positions on abortion, AIDS, and tobacco drew strong reactions from all points of the political spectrum.

Future authors in the fall series include: October 17 — Jonathan Kozol, *Savage Inequalities: Children in America's Schools*; November 12 — Garrison Keillor, *WLT, A Radio Romance*; and November 20 — Marcie Hershman, *Tales of the Master Race* and Eileen Pollack, *The Rabbit in the Attic & Other Stories*.

The programs will be held at 6 p.m. in the Rabb Lecture Hall and are free and open to the public. An autographing session and reception will take place at the Harvard Book Store Cafe on Newbury Street following each reading. For more information, please call 536-5400, Ext. 336.

**AUTHOR NANCY RUBIN
IN BPL READING**

Nancy Rubin, author of *Isabella of Castile: The First Renaissance Queen*, will speak about her new book in the Mezzanine Conference Room of the Boston Public Library in Copley Square on Thursday, October 10th at 6 p.m.

The biography was published to coincide with the 500th anniversary of Columbus's journey to the New World and has been selected as a Book-of-the-Month Club Dividend Alternate.

Isabella was a remarkable woman, accomplishing many extraordinary, and notorious, deeds during her reign. She pawned her own jewels to finance the expedition of Columbus, which subsequently brought glory and riches to Spain. She was also responsible for implementing the Spanish Inquisition, banishing the Moors, unifying the Iberian Peninsula, and for the 1492 expulsion of the Jews from Spain.

Her's was also a life marred by personal tragedy — a father who died before she was three, a psychotic mother, and an elder half-brother who became king, but was so inept that he failed to name an heir, thus compelling Isabella to wage a war to claim the Castilian throne.

Nancy Rubin is a freelance journalist who lives in New Rochelle, New York. An autographing session will follow the program, which is free and open to the public. For more information, please call (617) 536-5400, Ext. 336.

CONTRACTS AWARDED WITHOUT ADVERTISING

The Mayor has approved the awarding of contracts without advertising, based on the following communications:

ASSESSING DEPARTMENT

Review and Evaluate Revaluation Plan

C-1228-

April 16, 1991

Dear Mr. Mayor:

I respectfully request your Honor's permission to dispense with public advertising and to award sole source procurement contract to Thomas Jacobs an individual located at 230 W. Monroe Street, Chicago, IL 60606, Social Security Number 302-07-4608, as a consultant to review and evaluate the FY 1992 revaluation plan prepared by the City of Boston and currently under implementation.

Under the terms of the contract, the Contractor will review the processes involved in the collection and analysis of data and market information, sales collection and verification, valuation testing, cost, income and expense verification, valuation data quality, appraisal methodologies and a valuation field review for the purpose of identifying activities, procedures, technical support, assessment management and evaluation processes and to make such recommendations necessary to ensure that full and fair cash values are achieved and the requirements of certification by the Commonwealth are met. Also, the Contractor will perform such analysis and make such recommendations as will help ensure that the plan as designed and as implemented results in defensible values, documented systems and meets the standards of the Commonwealth for assessment valuation administration.

The contractor has a wide array of assessment administration and appraisal experience ranging from the cities of Chicago to Washington, D.C., Mr. Jacobs has performed similar services for the Assessing Department during the triennial revaluation in FY 1983, 1986, and 1989. He is familiar with the City's appraisal systems and will be able to conduct his review and analysis with minimal need of time for familiarization.

I have determined after reasonable investigation that Thomas L. Jacobs is the only practicable source for this service, and I have made written determination of that fact on April 16, 1991, by letter to the City Auditor, attached.

Compensation under this contract shall not exceed nine thousand nine hundred and ninety dollars (\$9,990.00), a cost which I have determined to be reasonable for the services to be performed. The Contractor shall be paid at the rate of twenty-five dollars (\$75.00) per hour and shall be allowed reasonable expenses of approximately twenty-five hundred dollars, which is included in the total contract price.

The Contractor has had a contract with this department in FY '90 in the amount of \$60,000, in FY '89 for \$81,500.00, and in FY '88 for \$0,000.

The terms of this contract shall be from May 1, 1991 through June 30, 1991.

Because of the sole source of the services to be procured, I believe that public advertising would serve no useful purpose.

Sincerely,
Thaddeus J. Jankowski, Jr.,
Commissioner.

CONTRACTS AWARDED AFTER ADVERTISING ("Requests for Proposals") ("Requests for Qualifications") ("Technically Deficient Bids")

The Mayor has approved the awarding of the contracts based on the following communications:

Contract No. 884-91
June 11, 1990

HEALTH AND HOSPITALS DEPARTMENT

Echocardiographic Machine

Dear Mr. Mayor:

I request your Honor's permission to award a contract pursuant to the authority of G.L. c. 30B, § 5 for the purchase of a 2D Echocardiographic Machine to be procured under competitive bidding procedures.

In response to an advertisement published in the City Record on May 6, 1991 to furnish a 2D Echocardiographic Machine, the following bid was publicly opened and read on May 17, 1991: Hewlett-Packard Company, 1771 Minuteman Road, Andover, MA 01810, \$216,530.00, net 30 days.

A Bid Opening Certification Form was completed and signed on May 17, 1991. Duplicate bids were read at the Auditing Department on May 23, 1991.

Inasmuch as Hewlett-Packard Company submitted the only bid and inasmuch as the bid is a reasonable one, your permission is requested to award this contract to Hewlett-Packard Company for the period June 26, 1991 through December 31, 1991 at a cost not to exceed two hundred sixteen thousand five hundred thirty dollars (\$216,539.00).

According to the evaluation criteria listed in the invitation to bid, I have determined that the contractor is a responsible and responsive bidder.

This contract encompasses more than one fiscal year and the City's financial obligations are subject to the availability of an appropriation in accordance with the requirements of City of Boston Code, st. 4, ss. 4 and 8.

Very truly yours,
Judith Kurland,
Commissioner.

PARKS AND RECREATION DEPARTMENT

NOTICE TO CONTRACTORS

Invitation for Bids for Construction of Improvements to Joe Porzio Park and Prescott Square, East Boston.

The City of Boston, acting by the Parks Commission, 1010 Massachusetts Avenue, Roxbury, MA 02118, hereunder referred to as the Awarding Authority, hereby invites sealed bids for the project listed below.

Bids shall be on a form supplied by the Parks and Recreation Department, shall be clearly identified as a bid and signed by the bidder. All bids for this project are subject to all applicable provisions of law and in accordance with the terms and provisions of the contract documents entitled: "Construction of Improvements to Joe Porzio Park and Prescott Square, East Boston."

SCOPE OF WORK includes: Furnishing all labor, materials, and equipment necessary for seating, walkways, plantings, fencing and general site improvements at Prescott Square. Fencing repairs, court repairs, walkway repairs, installation of lawn area and general site improvements at Porzio Park. Estimated cost \$240,000.

BIDS shall be submitted in duplicate before 2 p.m., Boston time, on Thursday, October 17, 1991, and opened forthwith and read aloud. One bid shall be filed with the Awarding Authority, 1010 Massachusetts Avenue, third floor, Roxbury, MA 02118, accompanied by the bid deposit. The duplicate copy of the bid shall be filed with the City Auditor, City Hall, Boston, Mass., previous to the time named for opening of bid. The Awarding Authority reserves the right to waive any informalities in, or to reject any and all bids, if it be in the public interest to do so.

SPECIFICATIONS AND PLANS will be available on or about Monday, September 30, 1991, after 9 a.m., Boston time, at the Parks and Recreation Department to all interested parties who present a \$50 certified check, payable to the City of Boston for each set. Specifications must be returned in good condition within thirty days of the bid opening in order for the bidder to have the \$50 check returned.

BIDDERS are hereby notified that bid deposits must be 5 percent of his/her bid, and shall be in the form of a bid bond, cash, or certified check, treasurer's check or cashier's check, bid bond of a surety company qualified to do business under the laws of the commonwealth and satisfactory to the commissioner made payable to the City of Boston.

ATTENTION TO ALL BIDDERS

Minority/Women Business Requirements:

No bid for award of this project will be considered acceptable unless each bidder complies fully with the following requirements for Minority/Women Business Enterprise Utilization.

Pursuant to the Supplemental Minority/Women Participation section of this contract each bidder must give satisfactory assurance that at least 15 percent of his bid price shall be expended for minority business enterprise and at least 5 percent of his bid price shall be expended for women business enterprise.

Within five (5) working days after the receipt of general bids, the low bidder must submit a completed MBE Utilization Form(s) to the Compliance and Enforcement Division of the Office of Jobs and

Community Services located at 43 Hawkins Street, Boston, MA 02114, covering each minority/women business enterprise to be used to make the requirements contained in the contract documents. If a firm is certified as a minority-owned firm, that firm may propose to work as either minority or women owned or both for each contract by declaring its status on the Minority Business Utilization form or the Women Business Utilization Form (MBU-F or WBU-F).

The City of Boston Minority/Women Business Directory lists all minority and women-owned businesses that have been certified as such by the City of Boston. A copy of this directory can be obtained from the Parks and Recreation Department, Affirmative Action Office, 1010 Massachusetts Avenue, telephone 725-4505, Ext. 6110, or from the Mayor's Office of Jobs and Community Services, Minority Business Office, 43 Hawkins Street, Boston, MA 02114. Telephone number 723-1400.

Bidders may exercise their own judgment in selecting the Minority/Women Business Enterprise to perform any portion of the work or to be a supplier of goods or services. In the event that the bidder selects a minority or women business that is not included in the Minority/Women Business Directory as amended and provided by the Compliance and Enforcement Division then a Certification Application completed by the non-certified business must be filed with the Compliance and Enforcement Division within five (5) business days after the opening of general bids.

The workforce requirement (employee manhour ratios per trade) for this contract are as follows: Minority, 25 percent; Boston Resident, 50 percent; and Female, 10 percent.

The successful bidder will be required to provide by insurance for the payment of compensation and the furnishing of other benefits under the Workmen's Compensation Law, General Laws (Ter. Ed.), chapter 152, to all persons to be employed under the contract, and sufficient proof of compliance with the foregoing stipulation will be required before commencing performance of this contract.

A performance bond and also a labor and materials or payment bond, each of a surety company qualified to do business under the laws of the Commonwealth and satisfactory to the Commissioner and in the sum of 100 percent of the contract price, as well as certain public liability and property damage insurance, will be required of the successful general contractor.

Prospective bidders are requested to attend a prebid conference in the office of the Chief Engineer, 1010 Massachusetts Avenue, Roxbury, MA 02118, on Tuesday, October 8, 1991, at 10 a.m., Boston time.

LATIN ACADEMY CELEBRATES GRAND OPENING

Latin Academy Celebrates Grand Opening of New School Building.

On Thursday, September 26, 1991, students, teachers, administrators, parents and several city officials joined Mayor Raymond L. Flynn and School Superintendent Dr. Lois Harrison Jones to celebrate the grand opening of the new home of Boston Latin Academy on the corner of Warren and Townsend Streets in Roxbury.

"The physical condition of our City's school buildings must be as good as the students who use them," said Mayor Flynn. "Rebuilding them is a priority of this administration. We will continue the aggressive school improvement program established in 1985 so that all of Boston's students have the learning environment they deserve."

LATIN ACADEMY CELEBRATES GRAND OPENING OF NEW SCHOOL BUILDING: Mayor Raymond L. Flynn and Dr. Lois Harrison Jones try out new basketballs presented to them by Latin Academy Headmaster Dr. Robert Binswanger at the grand opening celebration of the school's new home on Townsend and Warren Streets in Roxbury. The new, permanent location of Boston Latin Academy was made possible after the City completed a \$17-million renovation as a part of Mayor Flynn's five-year capital improvement program, "Rebuilding Boston."

After four decades of being housed in temporary quarters, the new permanent location of Latin Academy was made possible after the City of Boston completed a \$17-million renovation of the former location of Boston Technical High School.

This project is part of Mayor Flynn's five-year capital plan, "Rebuilding Boston," a \$1.03-billion investment plan for the City of Boston. Since the "Rebuilding Boston" program was established in 1985, the City has committed \$165 million to making improvements in the physical condition of Boston's schools.

"The rich tradition and high educational standards at Boston Latin Academy have helped to earn the school a national reputation for excellence," said School Superintendent Dr. Lois Harrison Jones. "This school will continue to flourish in its beautifully renovated, new facility. This is one of the more dramatic examples of the City of Boston's long-term commitment to significant improvement in the quality of Boston's school buildings."

Boston Latin Academy was founded in 1878 as an all girls school. Today, the school serves 1,440, male and female students, grades 7-12, in a college preparatory setting.

The new Latin Academy includes a gymnasium, two-story library, large cafeteria with a balcony, and state-of-the-art science and language laboratories.

LOCAL BATTERED WOMEN'S SHELTER HELPS CHILDREN HEAL FROM ABUSE

By Tony Ferullo

Janet, a former battered woman, is talking about fear, pain, emotional shock and suffering. This time, however, she is not the subject of conversation.

That title belongs to her son, Billy. He is 4-1/2 years old.

"Up until a year ago, everytime he heard a loud noise, people yelling or laughing loudly, he would either go hide in a corner or yell himself, putting his hands over his ears, for people to stop," explained Janet (not her real name). "He grew up like this, but what do you expect when he's seen his Dad threaten to kill me in front of him."

Knowing he son desperately needed help, Janet went to Harbor Me, Inc., a nonprofit, multicultural organization serving battered women and their children in the communities of Chelsea, East Boston, Revere and Winthrop.

Billy (not his real name) has been attending one of the various support groups offered by Harbor Me, located in Chelsea, for about a year. His mother is clearly overwhelmed by the change in her son's behavior.

"I can't believe the progress he has made," said Janet, proudly. "He has come a long way. He is now a very loving and open person.

"My ex-husband has visitation rights and he verbally abuses me sometimes when he picks Billy up. But Billy tells his Dad that what he's doing is not good behavior, and that 'you got to be nice to mommy.' "

Not all stories on children of battered women follow such a progressive path. In the average year, battered women's service groups in Massachusetts shelter more than 3,000 children of battered women with their mothers.

In many families where battering occurs, children are abused as well. Their cries for help usually turn into tears of joy because of places like Harbor Me, an agency supported by the United Way of Massachusetts Bay.

"Our support groups provide a safe place for them," said Liz Roberts,

Child Advocate at Harbor Me for the past 3-1/2 years. "It gives them a chance to express their feelings and feel good about themselves. They learn to get along with one another."

According to Roberts, children of battered women are affected in a variety of ways. "Many of them become very timid or very aggressive," she explained. "A lot of them have nightmares, wet the bed, regress and have low self-esteem. They feel responsible and ashamed for the violence."

Roberts had worked as a volunteer at Transition House, a shelter for battered women and their children in Cambridge, for four years prior to Harbor Me. She has seen and heard many scary things in her career, including the time a four-year-old girl attempted to commit suicide by swallowing a bottle of pills because she had been physically abused at home.

"It's not always easy," smiled Roberts. "You have to be a strong person most of the time."

One of Harbor Me's goals is to offer children an environment where they are encouraged to express their feelings and opinions, make choices, and control their own healing processes. Some of the approaches Harbor Me utilize in-

clude: group sharing and discussion cooperative game playing; reading stories of diverse cultures and lifestyles craft projects and field trips.

In spite of slashes to the state budget Roberts prays that Harbor Me can continue to provide its wide range of services in the community.

"We have already been affected by the cuts," she said. "I just hope things don't get worse. The United Way is one of our only secure sources of funding, and it has been very supportive of our children's programs."

Roberts, along with other Harbor Me staff members and volunteers, pride themselves on improving the quality of life in children. "It means a lot to see them learn and grow and trust us," said Roberts. "Knowing where they came from, it's nice to see them safe and happy. Seeing them smile and laugh is what keeps us going."

CITY'S CABLE OFFICE RECEIVES TWO AWARDS

The City of Boston's Office of Cable Communications has recently received two awards in a nationwide municipal programming awards competition sponsored by the National Association of Telecommunications Officers and the National League of Cities. Boston Municipal Television received a Special Achievement Award in the Public Safety category for "The Safe Neighborhoods Plan," a video that was first shown at the Mayor's State of the City address in January. They were also awarded a Second Place in the Magazine Format category for "The City Beat."

"The Safe Neighborhoods Plan" video has also been named a finalist in the Arts & Entertainment Network's 1991 CityVideos Competition. Winners will be announced in December at the National League of Cities Conference.

For information about programming that appears on Boston Municipal Television, Channel 22 on the Boston cable system, call Tom Cohan at 725-4700 x460.

T MOVES SOUTH BOSTON PIERS TRANSITWAY FORWARD; CUTS CONSTRUCTION COSTS BY COORDINATING DESIGN WITH CENTRAL ARTERY PROJECT

The construction of an underground transitway for trolley bus service between Downtown Boston and the South Boston Piers development area took another step forward today when the MBTA Board of Directors voted to move a key downtown section of the project from the conceptual to preliminary design phase.

The section lies in Atlantic Avenue between Congress Street and the Essex Street area. The transitway is slated to be built in a tunnel below Atlantic Avenue and above the new Central Artery.

T General Manager John J. Haley said, "Moving forward now, with this portion of the transitway, keeps our project in sync with design work for the Central Artery. Down the road, by coordinating the time of construction, the T will be able to save approximately 40 percent of the cost of bulding this stretch of the transitway and will keep community disruption to a minimum."

The T began studying a transit link to the South Boston piers in 1986 when major office and residential development was proposed for the area. Since that time: 1) trolley buses were selected as the best mode of transit for the service required; 2) an environmental impact study (EIS) is being prepared for review by the federal Urban Mass Transportation Administration; and, 3) conceptual design has been completed for the line between the Boylston Station area (Tremont and Boylston Streets) and the World Trade Center.

Haley said, "Trolley buses give us the flexibility we need to respond to emerging development patterns in South Boston and importantly, given uncertain financial conditions, can be built in phases.

"Trolley buses can operate on street level and below ground, and can be used in the third harbor tunnel to serve Logan Airport. They can also be extended in the future to provide a link

with trolley bus service now planned between Dudley Square and the downtown area," Haley said.

Haley noted that transit service to the South Boston Piers area is important because of development now planned there, including the Federal Courthouse and the expanding World Trade Center, and the area's potential for additional growth because of its proximity to downtown Boston, the third harbor tunnel and interstate highway system.

The T is seeking 80 percent (\$278 million) in federal funding, through the Surface Transportation Reauthorization Act, for the \$348 million South Station to World Trade Center transitway segment. The transitway section between the South Station Transportation Center and the World Trade Center is planned to be completed by 1997.

The design of the transitway in the Atlantic Avenue area is being carried out for the T by Frederic R. Harris, Inc., of Boston.

OLD COLONY RAILROAD REACHES MAJOR MILESTONE AS T COMPLETES FINAL ENVIRONMENTAL IMPACT STATEMENT

*New Rail Service To Get Cars
Off Boston-area Highways,
Improve Regional Air Quality*

Massachusetts Secretary of Transportation and Construction Richard L. Taylor was joined by a host of state, local and MBTA officials at South Station ceremonies today to announce the completion of the Final Environmental Impact Statement for the MBTA's Old Colony Railroad Rehabilitation Project.

Completion of the report heralds that the resumption of commuter rail service between South Station and the South Shore — and less roadway congestion and cleaner air for Boston residents — is another step closer to opening day.

The MBTA is presenting the final report on the project to the Old Colony Railroad Restoration Project's Citizens' Advisory Committee at a public meeting at 7:00 tonight in Braintree Town Hall.

The Old Colony's Citizens' Advisory Committee is made up of twenty-two South Shore residents and elected officials. They were appointed by the state Secretary of Environmental Affairs in 1986 to review and comment on the T's Old Colony environmental studies.

As required by state law, after review by the Citizens' Advisory Committee, the FEIS will be distributed to state and federal agencies as well as to cities and towns within the project area for a thirty-day comment period. That review is expected to take place in November.

Completion of the final report sets the stage for the start this winter of detailed construction designs. Included in the report are plans for the construction of a new train bridge over the Neponset River, a critical link between Boston's South Station and the South Shore.

Massachusetts Secretary of Transportation and Construction Richard L. Taylor said, "Completion of the environmental report is a major step in moving the project forward to design and construction. We're going to bring relief to South Shore commuters and we're going to put important federal and state dollars to work creating jobs here at home."

Taylor noted, "The T's Old Colony lines will attract thousands of new passengers to public transportation and take thousands of cars off the highways every day. This will reduce fuel consumption and improve regional air quality."

The Old Colony project will restore commuter rail service between South Station and more than twenty communities along the Middleborough and Plymouth lines in Southeastern Massachusetts. The two lines, which last carried passengers in 1959, will serve an estimated 16,000 riders each weekday.

The \$453-million project calls for the replacement of more than sixty miles of rail bed, ties and tracks; construction of fourteen stations; two layover facilities; four park-and-ride lots for bus passengers; a highway underpass in Braintree and traffic and intersection improvements in communities throughout the region.

(Continued on next page)

The T is continuing its study of the Greenbush Line, a third Old Colony branch, which would stretch between the Greenbush section of Scituate and South Station. That study is expected to be completed by the end of the year.

T General Manager John J. Haley said, "Inclusion of the Neponset River bridge in the report is a visible demonstration that Old Colony rail service will reach all the way to South Station."

Haley added, "Passengers throughout the region have come to rely on T commuter rail for the fastest, most reliable, and least costly way to get to work."

The final impact report was developed by the T following public comments on an earlier draft report. The most notable changes include the selection of the Kingston Industrial Park for a commuter rail station and the detailed work completed in wetlands and water quality protection planning and design.

The Old Colony EIS was undertaken by the T in coordination with the Massachusetts Department of Environmental Protection, federal Urban Mass Transportation Administration (UMTA), U.S. Army Corps of Engineers, and the U.S. Environmental Protection Agency (EPA).

Following state and federal approval of the environmental report, the T will move ahead with final design and construction in 1992. Construction is planned to be completed and train service underway in 1996.

Haley noted the T's project manager for the Old Colony Railroad Project, Steve Polechronis will be leaving the MBTA at the end of September to help manage the construction of major new transit initiatives in Los Angeles.

Haley said, "Steve did a masterful job in bringing Old Colony to the point of design and construction. His tremendous contribution will be evident for generations to come."

CITY OF BOSTON CODE AND ORDINANCES BOOK

CITY CLERK

The City Clerk's office is now offering for sale the *City of Boston Code, Volume I Ordinances*, with supplements through 1990, at one hundred twenty-five dollars (\$125.00) per copy.

The new Code contains several new features designed to make it easier to use:

- A new numbering system provides chapters on a topical basis.
- Subsection headings have been inserted for clarity and ease.
- Each page has been numbered, and the numeration corresponds with the chapter designation. For example, Chapter V starts on page 501 and allows for 100 pages to be used in that chapter.
- Each chapter starts on a new page, on the right side of the Code to allow for supplementation and growth of the prior chapter.

Additional supplements will be provided at a reasonable price on an annual basis.

The updated Code should prove to be a valuable aid to attorneys practicing in Boston. Copies may be obtained at this office, Boston City Hall, Room 601, with a payment by check, payable to the City of Boston, in the amount of one hundred twenty-five dollars.

Sincerely,
PATRICK F. McDONOUGH,
City Clerk.

MWRA REPORTS PROGRESS IN REDUCING INDUSTRIAL DISCHARGES INTO BOSTON HARBOR

The Massachusetts Water Resources Authority on September 18 released a report to the U.S. Environmental Protection Agency indicating progress in MWRA efforts towards reducing toxic industrial pollutant discharges into Boston Harbor.

The FY 1991 report also discloses the names of 106 companies found to be in significant non-compliance with sewer use rules and regulations as defined by the EPA. However, in a letter to the EPA accompanying the report, the MWRA noted that EPA's definitions and guidelines designating non-compliance with regulations are extremely strict and on occasion penalize companies for minor or infrequent violations. For example, several companies cited in the report no longer discharge into the sewer system. Some others have taken corrective action to reduce their discharge of toxics.

"We are in total agreement with EPA that industry must do more to reduce toxic discharges into the sewer system and that the MWRA must do more to make certain that industry complies with existing regulations," said Eugene B. Benson, Acting Director of the MWRA's Toxic Reduction and Control Program (TRAC).

"Progress is clearly being made," Benson added. "Since 1986, toxic metal discharges have been reduced from an average 1900 lbs. per day to 900 lbs. per day in 1991. We have filed major violations, introduced stringent discharge standards, performed thousands of inspections and greatly increased the budget and staffing of the TRAC Department. Those efforts will be further expanded."

Some highlights of TRAC's Industrial Pretreatment Program for the past 12 months include:

- 3,599 inspections performed;
- 2,187 wastewater sampling monitoring events;
- 299 Sewer Use Discharge Permits issued by TRAC, including 13 permits issued to Significant Industrial Users (SIUs);
- 64 Formal enforcement actions taken by TRAC against industrial sewer users who violated pretreatment requirements;
- \$444,190 in penalties assessed by TRAC against 8 SIUs;
- \$463,376 in penalties collected by TRAC from 10 sewer users;
- 7 formal enforcement actions taken by TRAC against septage haulers and
- 17 instances of pass through, interference, or spills responded to by TRAC under its emergency response plan.
- For the first time, a mainframe computer was used by TRAC to determine Significant Noncompliance (SNC) for discharge violations.
- There was a continued decrease in metal loadings to the treatment plants.
- TRAC completely revamped the Sewer Use Discharge Permits and permit applications to incorporate

EPA regulations changes and suggestions.

- TRAC initiated special projects to identify and reduce pollutant loadings to the treatment plants; waste oil collection, household hazardous waste collection pilot project, septage management study and report, toxicants loading study and report, industrial source reduction demonstration project, and the local limits study.

Those industries found to be in significant violation of sewer use rules and regulations during FY91 are the following:

Contract No. 1228-91

April 16, 1991

ASSESSING DEPARTMENT

Consultant Services

Dear Mr. Mayor:

I respectfully request your Honor's permission to dispense with public advertising and to award a sole source procurement contract to Thomas L. Jacobs an individual located at 230 W. Monroe Street, Chicago, IL 60606, Social Security Number 302-07-4608, as a consultant to review and evaluate the FY 1992 revaluation appraisal plan prepared by the City of Boston and currently being implemented.

Under the terms of the contract, the Contractor will review the processes involved in the collection and analysis of data and market information, sales collection and verification, valuation testing, cost, income and expense verification, valuation data quality, appraisal methodologies and valuation field review for the purpose of identifying activities, procedures, technical support, assessment management and evaluation processes

and to make such recommendations necessary to ensure that full and fair cash values are achieved and the requirements of certification by the Commonwealth are met. Also, the Contractor will perform such analysis and make such recommendations as will help ensure that the plan as designed and as implemented results in defensible values, documented systems and meets the standards of the Commonwealth of assessment valuation administration.

The contractor has a wide array of assessment administration and appraisal experience ranging from the cities of Chicago to Washington D.C., Mr. Jacobs has performed similar services for the Assessing Department during the triennial revaluation in FY 1983, 1986, and 1989. He is familiar with the City's appraisal systems and will be able to conduct his review and analysis with minimal need of time for familiarization.

I have determined after reasonable investigation Thomas L. Jacobs is the only practicable source for this service and I have made written determination of that fact on April 16, 1991 by letter to the City Auditor, attached.

Compensation under this contract shall not exceed nine thousand nine hundred and ninety dollars (\$9,990) a cost which I have determined to be reasonable for the services to be performed. The Contractor shall be paid at the rate of seventy-five dollars (\$75) per hour and shall be allowed reasonable expenses of approximately twenty-five hundred dollars, which is included in the total contract price.

The Contractor has had a contract with this department in FY '90 in the amount of \$60,000, in FY '89 for \$81,500, and in FY '88 for \$60,000.

The terms of this contract shall be from May 13, 1991 through June 30, 1991.

Because of the sole source of the services to be procured, I believe that public advertising would serve no useful purpose.

Sincerely,
Thaddeus J. Jankowski, Jr.
Commissioner.

Contract No. 1219-92

Office Lease

RE: REQUEST FOR EMERGENCY PROCUREMENT

Dear Sir:

I respectfully request your Honor's permission to award an emergency contract to the Mr. Robert Lovinger, d/b/a the Old South Management Company, with offices at 294 Washington Street, P.O. Box 11034, Boston, MA 02211, under which said company shall continue to lease approximately sixteen thousand, two hundred and twenty-five square feet (16,225 Sq. Ft.) of rental space located at 294 Washington Street, Boston, Massachusetts 02211, under the same terms and conditions contained in the Assessing Department's existing lease with Old South Management Company. This contract is for a period of six months beginning on July 1, 1991 and ending on December 31, 1991. The rent for the six month period of the contract is not to exceed one hundred and sixty-three thousand, eight hundred thirty-one dollars (\$163,831) in monthly payments not exceeding twenty-seven thousand three hundred and five dollars (\$27,305).

The lease is to provide office space for several units of the City of Boston's Assessing Department currently involved with the mandated revaluation of real property in the City of Boston for fiscal year 1992. Old South Management Com-

(Continued on next page)

pany shall continue to provide the City of Boston Assessing Department with approximately sixteen thousand, five hundred and eighty-two square feet of office space situated within a quarter mile of City Hall, with pre-existing accommodations for both the data processing and communications needs of the department.

As you are aware, on November 21, 1990 the Supreme Judicial Court of the Commonwealth ruled that the City of Boston was subject to M.G.L. c. 30B, known as the Uniform Procurement Act. Thus, the original lease between the Assessing Department and Old South Management Company for approximately sixteen thousand, five hundred and eighty-two square feet of rental space located at 294 Washington Street for a term of four years commencing on July 1, 1990 and terminating on June 30, 1994, was not in compliance with c. 30B, and thus said lease is invalid beyond June 30, 1991.

The City of Boston is mandated by law to perform a revaluation of all property located in the City for fiscal year 1992. At this time the several units charged with this task are located at 294 Washington Street. Due to the complicated nature of revaluing all real property in the City of Boston and coupled with the enormity of relocating the units charged with the task, it would be virtually impossible for this department to perform its mandated duty of physically inspecting, compiling data on, and revaluing all real property in the City while relocating these units to new accommodations.

The failure of the Assessing Department to meet its statutory obligation to revalue all real property for fiscal year 1992 would result in a serious loss of revenue for the City of Boston which would be reflected in a loss of essential services to the citizens of Boston, creating potential health and safety hazards for said inhabitants.

The Assessing Department is committed to issuing a Request for Proposals for a new lease commencing January 1, 1992 which comports with all the requirements of c. 30B within the next six months.

In view of the facts as outlined above, I respectfully urge your Honor's approval of this emergency contract pursuant to the provisions of M.G.L. c. 30B, s. 8.

Very truly yours,
Thaddeus J. Jankowski, Jr.
Commissioner.

Contract No. 17018-92
June 4, 1991

EDIC/BOSTON Counseling Services

Dear Mayor Flynn:

Pursuant to the vote of the Public Facilities Commission (PEC), dated May 16, 1991, stating that the Director of the Economic Development and Industrial Corporation of Boston (EDIC) is authorized to request from the Mayor, in the name of and on behalf of the Commission, written authority to enter into contracts with service providers funded under the Community Development Block Grant (CDBG) program, I respectfully request your Honor's permission to award a contract to Comprehensive School-Age Parenting Program, Inc. a non-profit corporation, located at 144 McBride Street, Jamaica Plain, Massachusetts, 02130. Under the terms of the contract, the Contractor will provide counseling, referral, information and educational services to

approximately eighty-five (85) low to moderate income adolescent parents. This contract is exempt from the provisions of G.L. c. 30B, as it represents a grant agreement with a non-profit entity.

This program was selected for refunding based upon an evaluation of its refunding document submitted to EDIC, and an intensive review of the Contractor's performance during FY 1991. The proposal and program review process focused on a number of criteria, including administrative responsiveness, the ability to achieve negotiated performance standards during FY 1991, site visits conducted by staff of the Jobs and Community Services Department of EDIC, and the availability of funds.

Compensation under the terms of this contract shall not exceed thirty-two thousand, seven hundred and seventy-five (\$32,775) dollars, payment being made from the Community Development Block Grant (CDBG) program. The period of performance shall be from July 1, 1991 until June 30, 1992. This Contractor has had contracts with this agency for this program for the previous three (3) fiscal years at the following funding amounts: FY 89-\$34,500; FY 90-\$32,775; FY 91-\$32,775. This request has been delayed due to the length of time involved in the program and funding review process."

Fiscal Year 1992 represents the second year of a two year funding cycle, where refunding was contingent primarily on the Contractor's performance during FY 1991. This proposed award represents level funding for the Contractor. As this is a negotiated contract at a reasonable cost, based upon an extensive program performance and proposal review, I believe that public advertising would serve no useful purpose.

Sincerely,
Donald A. Gillis,
Executive Director.

MANAGEMENT INFORMATION SYSTEMS

September 4, 1991

The Honorable Raymond L. Flynn
Mayor of Boston
City Hall
Boston, MA 02201
Dear Mr. Mayor:

I respectfully request your approval of the attached contract for Computer Associates for the period of July 1, 1990 through June 30, 1991. The purpose of this contract is for the software license renewal of "CA-TOP SECRET".

This contract was rejected by the Finance Commission because the award letter was submitted late. As stated in the original award letter this was late due to the many months of delay by the contractor in having the proper papers completed. Computer Associates is the sole source of supply for "CA-TOP SECRET" Software and as such they were reluctant to understand the need for these contract papers to be filled out annually. Our requests for completion of the contract papers were initiated in May, 1990 and repeated on a continual basis, it was not until May, 1991 that it was finally understood that payment could not be made until they complied.

This product is absolutely essential as it is the Security Software for the IBM Mainframe.

Your approval of this contract in consideration of the Finance Commission position is requested.

Sincerely,
Allan K. Stern,
Director, M.I.S.

1991 DOMESTIC AGENDA CAMPAIGN MEETING

*Statement of Boston Mayor Raymond L. Flynn
President
United States Conference of Mayors
at the
1991 Domestic Agenda Campaign Meeting
Newark, New Jersey
October 11, 1991*

The message coming from the mayors of America's cities today is clear and direct — LET'S GET AMERICANS BACK TO WORK. Washington is simply out of touch with America's families. And there is no economic game plan to get our economy moving again.

Instead of taking action to get our economy moving forward, Washington's stuck in neutral and spinning its wheels. So today we are proposing some specific actions to put the domestic economic agenda in gear.

If Washington wanted to deliberately destroy next spring's construction season and prolong our national recession, they couldn't do any better job than to delay reauthorization of the Transportation Bill and the Low Income Housing Tax Credit.

Last week, the Conference's Urban Economic Policy Committee heard from Allen Sinai, chief economist for the Boston Company, who told us that housing and public works projects usually lead our nation out of recession. If that is so, Washington is dimming the light at the end of the long, dark tunnel in which many American families are stuck.

Last month in Atlanta, the United States Conference of Mayors Domestic Agenda Campaign called on Congress to put Americans back to work by passing the Surface Transportation

Act. That legislation, despite the best efforts of Congressman Robert Roe of New Jersey and Senator Daniel Patrick Moynihan of New York, remains stalled. In the meantime, the previous Transportation Authorization Bill has expired — leaving tens

of thousands of construction workers either out of work, or soon to be out of work.

The lack of comprehensive transportation legislation is one piece of bad news for the beleaguered construction industry. But Congress' inaction on the reauthorization of the Low Income Housing Tax Credit places that industry in deadly double jeopardy. The Low Income Housing Tax Credit currently assists in the creation or rehabilitation of 94 percent of all low-income housing developments today. Moreover, it is involved in about 50 percent of all multi-family housing construction. When you shut down the credit, you shut down a large section of our nation's housing industry.

In Boston, we have 1,226 units of housing and over \$40 million in financing waiting in the pipeline for these tax credits. Most of these units are operated by non-profit community development corporations, whose budgets and timetables are geared to predictable schedules.

When Congress stalls on this legislation, they create havoc in neighborhoods and neighborhood organizations across America.

Reauthorization of the low income housing tax credit is one of our top priorities, but we have another proposal to put before the President and Congress. We want to thank Congress — particularly Senator Barbara Mikulski — for appropriating \$1.5 billion for the new "home" block grant for housing. This new housing resource will provide \$9 million for my City of Boston — and millions more for cities around the nation — but it is needed in our cities now.

Today, I am calling on President Bush not only to sign the 1992 HUD-Independent Agencies appropriation bill when it reaches his desk, but also to immediately direct HUD to "fast track" these funds to America's cities by the end of this fall, if possible, so that people can be put to work on new housing construction and housing rehabilitation projects for the needy and working families by next spring's construction season.

If we can get the President and Congress to break their logjam and pass a transportation bill, extend low income housing tax credits and "fast track" the new "home" program — we will be able to put tens of thousands of people in the construction trades to work, stem the growing number of families whose unemployment benefits have expired, and "jump start" our stagnant national economy.

OFFICIAL OPENING OF JEEP JONES PARK CELEBRATED

Boston Mayor Raymond L. Flynn, Parks Commissioner Lawrence A. Dwyer, community leaders and residents gathered at the newly renovated Jeep Jones Park in Roxbury recently to celebrate the official opening, co-sponsored by the Shelburne Recreation Center.

Hundreds of people joined in the dedication ceremony which was followed by a cookout, music, games, face-painting, and magic shows.

Renovations to Jeep Jones Park, which totaled \$450,000, were funded by Mayor Flynn's 5-year, \$1.01 billion capital improvement plan, "Rebuilding Boston," administered by the Office of Capital Planning. Improvements include new volleyball and basketball courts, a children's playground, new pathways and street access, benches, a rehabilitated lookout tower, a drinking fountain, and landscaping. ALBERT SCHWEITZER SYMPOSIUM AND PHOTO EXHIBIT AT BPL

"Reverence For Life," a symposium to examine "The Importance of Albert Schweitzer's Ethic for Boston and the World Today," will bring together health care professionals, students, medical practitioners, and community leaders for a major conference at the Boston Public Library in Copley Square on Friday and Saturday, October 18th and 19th.

Internationally known health care leaders, including Drs. Robert Coles, Bernard Lown, and Jonathan Mann, will join with community leaders such as Judith Kurland, Jackie Jenkins-Scott, and Judge Mark L. Wolf to participate in presentations and workshops focusing on ways in which current health care conditions in Boston and elsewhere call for the qualities Dr. Albert Schweitzer exhibited.

"Imaging Illness," a related photographic exhibition which is on display in the Great Hall of the Central Library

through October, is based upon Albert Schweitzer's insights concerning the bond between physician and "those who bear the mark of pain." Curated by Debra Balken, the exhibit features images by W. Eugene Smith, Erica Anderson, Charles Harbutt, George Gardner, Hannah Wilke, Mary Ellen Mark, Nicholas Nixon, and Donald Moffet.

The conference and exhibition are cosponsored by the Albert Schweitzer Fellowship and the Albert Schweitzer Center and are free and open to the public. For more information, please call (617) 536-5400, Ext. 336.

MARSTON BALCH ARENA THEATER PRESENTS

QUIETUS

by Cindy Cooper
Directed by Bruce Shapiro

and

SIX CHARACTERS IN SEARCH OF AN AUTHOR

by Luigi Pirandello
Directed by Neal Hirsig

October 22-26, 1991

The Marston Balch Arena Theater will present a double bill performance: the premiere of Cindy Cooper's work *Quietus*, directed by Bruce Shapiro, and Luigi Pirandello's 1922 satire, *Six Characters in Search of an Author*, directed by Neal Hirsig. Both shows run together from October 22-26, and begin at 8:00 p.m.

In Cindy Cooper's work, *Quietus*, Shakespeare himself declares that history was a tool he "endeavored to faithfully employ." But just how faithful was he? Directed by Bruce Shapiro, the play deals with the questions of truth and falsehood in history. Come eavesdrop on a conversation between Sha

Shakespeare and Richard III, focusing on such topics as infidelity, earthly existence, and the afterlife.

Unearthly existence inspires humor in Luigi Pirandello's *Six Characters in Search of an Author*, directed by Neal Hirshig. This look at contemporary melodrama becomes more and more surreal with the appearance of fictional characters, disturbing a director's rehearsal and sending a couple of the actors into tantrums. This production promises to leave the audience wondering just how a soap opera, like *As the World Turns*, comments on everyday events; this production will provide a funny and insightful comment on theater and reality.

Ticket prices range from \$3.00 on Tuesday, \$5.00 on Wednesday and Thursday, and \$6.00 on Friday and Saturday. Tickets are on sale October 8. MasterCard and Visa are accepted. Group rates are available. The theater is located on Tufts' Medford campus, about 7 miles north of Boston. For more information, please call 381-3493.

FIRE DEPARTMENT ORDERS

October 2, 1991

General Order No. 47

I. FIRE PREVENTION WEEK

Fire Prevention Week will be observed in City of Boston from October 6 to October 12, 1991, inclusive.

During Fire Prevention Week, company officers and all members shall review the smoke detector laws so that people visiting the fire house can get the correct answers to smoke detector laws.

Fire stations shall be open to the public between the hours of 1200 and 1700 hours for inspection of the premises and for the conveyance of information concerning the fire department functions and fire prevention matters. When citizens come to a station during Fire Prevention Week, the man on house patrol shall summon a commanding officer who should be available; ready to either show the visitors around the station and to answer the questions regarding the department, or to have a suitable person assigned to this duty. Handouts will be distributed with the order so that they may be given to the public while they visit the firehouses.

The officer in charge of quarters shall see that the Fire Prevention Week plywood sign issued at all stations is displayed during this week. It is the responsibility of company officers to see that these signs are kept in good condition from year to year. Signs should be displayed from Sunday through Saturday. Signs shall be checked daily by the officer in charge of quarters to assure that they are firmly affixed to the building in a proper manner.

District Fire Chiefs are directed to take an active interest in Fire Prevention Programs in the following manner:

By making arrangements with the various plants and industrial enterprises within the district to hold fire drills during the week, by giving these drills as good, fair, or poor and making a report of same to the Fire Prevention Division. Indicating the name of the enterprise, the date of the drill and the grade. Same should be forwarded promptly. Each concern should be requested to acknowledge participation in Fire Prevention Week activities via written correspondence. These drills should be conducted by a company officer after arrangements are made. At places where there are special or company fire brigades, particular attention should be given to assignments and/or response procedures. It is requested that the name of the company officer conducting the drill be furnished. It is anticipated that not more than three drills be conducted in each district.

Company officers will contact school officials in the schools in their sub-district and make arrangements to hold the required fire exit drills during Fire Prevention Week, if feasible. The exit drill shall be arranged that it will be held prior to the end of the school day.

The District Fire Chief should compile a list of fraternal, social, civic and professional organizations within the district and advertise to them the willingness of the fire department to provide company officers for the purpose of lecturing on fire prevention at any time. District Fire Chiefs should make a concerted effort to bring the activities of the department before these organizations and arrange for lectures to be given. The name of any organization so participating should be reported to the Fire Prevention Division, specifically if the organization can be urged to forward on their own stationery a notation of

ent, it would be to the greater advantage of the Department.

Firefighters are to pay special attention to the servance of fire hazards and to the duty of observing and locating fire hazards along the route followed by them in their coming to and going from work. All buildings being erected, demolished or significantly remodeled require permits, do storage and use of flammable gases. Notify District Chief and/or Fire Prevention Division at extension 3620. Dilapidated buildings, rubbish accumulation and other hazards should be reported in accordance with abatement procedure as outlined in S.O.P. 25. The public expects uniformed members of the Fire Department to know something about fire prevention work and have an interest in this subject since they are public employees engaged in this field. Firefighters, therefore, during Fire Prevention Week, should have this subject uppermost in their minds and they should not pass a fire hazard at any time without making note of it for reference to the Fire Prevention Division. In short, every uniformed member in the fire department is a fire prevention inspector at all times.

Company commanders, on receipt of the Fire Prevention posters, will post these items in a suitable location at the front of each fire station where they will be visible to the public. They will remain posted through October 14, 1991.

A list of all fire prevention activities and their locations will be forthcoming.

FIRE DEPARTMENT ORDERS

October 2, 1991.

General Order No. 48

I. FALLEN FIREFIGHTERS MEMORIAL DAY

On October 13, 1991, fire departments across the nation are participating in the observance of Fallen Firefighters Memorial Day.

The United States flag shall be lowered to half mast on all firehouses throughout the city. At 12 noon company apparatus shall be placed on the firehouse with members in attendance. Sirens shall sound for 10 seconds.

Members are encouraged to proclaim October 13th "Fallen Firefighters Memorial Day".

II FIRE PREVENTION WEEK ACTIVITIES

The Boston Fire Department is engaged in a program of projecting fire prevention to the public. To assist in setting this example, it is the sincere wish of the Fire Commissioner that all members of the department support its fire prevention week activities. This may be done by advertising to your family, friends and relatives those events which are in support of this worthwhile activity and by contributing their presence whenever possible. During Fire Prevention Week, and the month of October, the Department has arranged for Fire Safety Videos to be broadcasted on the Boston Municipal Channel (Channel 22). Among the programs, one depicts an actual house fire, "Fire Power", and an excellent film on what is actually like to be trapped in a fire building, "Plan To Get Out Alive". Members are encouraged to tell family and friends to watch these informative shows. A complete schedule of programs will be distributed when it is finalized.

A press release has been sent to all the local Boston papers and if you do not see an article on Fire Prevention Week in your local paper call then and ask why. If they want more information they can contact Lieutenant Powers in the Public Relations Office, extension 3415.

CONTRACTS AWARDED WITHOUT ADVERTISING

The Mayor has approved the awarding of contracts without advertising, based on the following information:

COMMISSION ON AFFAIRS OF THE ELDERLY

September 11, 1991

The Honorable Raymond L. Flynn
Mayor of Boston
City Hall
Boston, MA 02201
Dear Mr. Mayor:

Your permission is hereby requested to approve a contract with Boston University (C-1497-92) which was rejected by the Boston Finance Commission due to its late execution.

The entire cost of the contract will be paid with funds donated to the City of Boston-Commission on Affairs of the Elderly by Goya Foods. Boston University was selected after contacting and receiving quotes from a minimum of six vendors. The City Council had not yet acted on our request to establish an appropriation for these donated funds. Consequently, no contract could be executed. As soon as we received the Council Order, the funds were deposited with the City Treasury, the appropriation was opened and the contract routed for encumbrance.

Based on this additional information, your permission is hereby requested to approve this contract.

Sincerely,
Diane Watson,
Commissioner.

**CITY OF BOSTON
CODE AND ORDINANCES BOOK**

CITY CLERK

The City Clerk's office is now offering for sale the *City of Boston Code, Volume I Ordinances*, with supplements through 1990, at one hundred twenty-five dollars (\$125.00) per copy.

The new Code contains several new features designed to make it easier to use:

- A new numbering system provides chapters on a topical basis.
- Subsection headings have been inserted for clarity and ease.
- Each page has been numbered, and the numeration corresponds with the chapter designation. For example, Chapter V starts on page 501 and allows for 100 pages to be used in that chapter.
- Each chapter starts on a new page, on the right side of the Code to allow for supplementation and growth of the prior chapter.

Additional supplements will be provided at a reasonable price on an annual basis.

The updated Code should prove to be a valuable aid to attorneys practicing in Boston. Copies may be obtained at this office, Boston City Hall, Room 601, with a payment by check, payable to the City of Boston, in the amount of one hundred twenty-five dollars.

Sincerely,
PATRICK F. McDONOUGH,
City Clerk.

MAYOR FLYNN UNVEILS THE NEW IMMIGRANTS' GATEWAY

On Saturday, October 12, 1991, Mayor Raymond L. Flynn, city officials, and Boston residents gathered at the newly refurbished Congress Street entrance to City Hall to unveil a plaque dedicating the area as "Immigrants' Gateway." This new landmark commemorates the arrival of immigrants throughout history to the City of Boston.

Mayor Raymond L. Flynn noted, "Here along Congress Street where the earliest immigrants disembarked, a small area has been marked off and named Immigrants' Gateway. The Gateway is named in honor of the hundreds of thousands of immigrants who passed through here and enriched our City."

flagpole base and two flagpoles were constructed.

These improvements are part of the City's five-year, \$1.03 billion capital improvement plan, "Rebuilding Boston." Construction was carried out under the direction of the City's Public Works Department.

IMMIGRANTS' GATEWAY UNVEILED: Mayor Flynn, city officials and neighborhood residents recently gathered at the newly refurbished Congress Street entrance to City Hall to unveil a plaque dedicating the area as "Immigrants' Gateway."

The water's edge of Boston's old town dock once came right up to the point opposite where the front corner of Faneuil Hall stands today.

At the unveiling, city officials announced a committee whose task will be to plan an outdoor gallery representing immigrants of past centuries and the continuing journey of immigrants to Boston. This 36-member committee includes architects, writers, professors, museum directors

and people of over 15 different nationalities who currently reside in Boston.

In connection with the construction of the new landmark, the City completed additional improvements to the heavily travelled Congress Street side of City Hall. The cracked and settled sidewalk pavement was replaced, the drainage was improved so as to prevent icing and slippery conditions, new trees were planted, and a new

STATEMENT OF MAYOR RAYMOND L. FLYNN RECEPTION FOR MAYOR'S YOUTH LEADERSHIP CORPS

Northeastern Faculty Center
Tuesday, October 8, 1991

We are here tonight to celebrate a very special group of young people. The goal of the Mayor's Youth Leadership Corps is to do all we can so that a group of young people can be all they can — and emerge as leaders in their neighborhoods today and across the city tomorrow.

This program is a public-private partnership committed to providing the opportunities and experiences that our young people need and that they deserve.

I want to thank Jack Curry and Northeastern University for the part that they are playing in helping to teach our young people the lessons they need to learn in order to succeed in the world they are going to enter. And I want to thank Margaret Marshall and the Boston Bar Association and all of the volunteers for caring enough about our young people to commit so much of their time and energy.

MAYOR FLYNN DEDICATES CARMODY COURT PLAYGROUND

Mayor Raymond L. Flynn and the Old Colony Tenant Task Force recently dedicated Carmody Court Playground in honor of South Boston resident Mary Tierney. Also on hand for the ceremony were Parks Commissioner Larry Dwyer, City Councilor Jim Kelly, and members of the Tierney family.

Mary Tierney, mother of seven children, has lived in the Old Colony Housing Development for over fifty years. She was a founding member of the Old Colony Task Force and has been active with the March of Dimes, Heart Fund, The Cub Scouts and the Member Gate Maids Mothers Drum and Bugle Corps.

The new playground has been built as a result of a joint effort between the Boston Parks Department, the Old Colony Task Force and the Boston Housing Authority. Funding was provided by Mayor Flynn's Office of Capital Planning. The project cost \$200,000 and is part of a comprehensive series of open space improvements being undertaken by the Boston Parks Department in B.H.A. developments.

In addition to celebrating the recent improvements, several Old Colony tenants were honored for fifty years of residency. Pictured here are longtime tenants (L-R) Margaret Olson, Helen Cameron, Barbara Brennick and Josephine Malley.

STATEMENT OF MAYOR RAYMOND L. FLYNN ON IMPROVEMENTS IN CITY HOMICIDE STATISTICS

October 5, 1991

Bucking a national trend, Boston is actually showing a decrease in the number of homicides. In a review of homicides committed between January through September of 1990 versus that same period this year, Boston shows a 15 percent decrease. This positive sign comes as some cities are showing a homicide increase rate of up to 59 percent, with an average increase of 14.8 percent.

The Boston Police Department's Bureau of Administrative Services study shows that in the last year, Boston has experienced the sixth largest decrease in homicide of 39 cities surveyed.

In comparison of homicides per 100,000, Boston ranks the twelfth safest of 40 cities surveyed — with a rate 8 percent lower than the national average of 22.8.

We hope that by working together, the police and the people of Boston will see this positive trend continue.

Our commitment to fighting crime is a serious one and is reflected in our efforts.

The city has the highest number of police officers on duty since Proposition 2-1/2 went into effect. We have reopened police stations that were padlocked for years. We are putting into place a Community Policing Program, which will greatly increase police presence in the neighborhoods. We're putting police back on the streets.

Over 500 Neighborhood Crime Watch groups have brought a sense of unity and safety to the neighborhoods. Earlier this year we had a National Night Out, which brought police and residents together to send a message that crime cannot and will not be tolerated. As that event displayed, the police and the community are making a change by working hand in hand.

There are many outreach programs place throughout the city. Because our streetworkers and community centers and many other educational and service-oriented initiatives, those at risk of succumbing to violence now have alternatives. Giving our youth these positive alternatives is a step to ending the violence, and grass roots neighborhood support for these programs must continue.

**LETTER OF MAYOR
RAYMOND L. FLYNN
TO PRESIDENT
GEORGE BUSH**

October 10, 1991

President George Bush
The White House
1600 Pennsylvania Avenue, N.W.
Washington, D.C. 20500

Dear President Bush:
On behalf of America's mayors and cities, I want to urge you to move swiftly to get Americans back to work. There are three specific actions that would be a major shot in the arm for the nation's economy and the United States Conference of Mayors stands ready to work with you to get our economy moving again.

I want to urge you to sign the 1992 HUD-Independent Agencies Appropriations Bill as soon as possible after Senate passage. More importantly, I am asking that you direct the Office of Management and Budget and the Department of Housing and Urban Development to "fast track" the new "HOME" block grant for housing to our cities as soon as possible, so that we might have projects ready to go by the beginning construction season.

The current delays in Congress on reauthorization of the Surface Transportation Act, as well as the new Low Income Housing Tax Credit, place our nation's construction industry which is already adversely impacted by the recession, in even greater jeopardy. These working men

and women are the backbone of our nation's economic strength — we can't let inaction in Washington relegate them to the unemployment lines.

I believe that this looming disaster for the building trades and the construction industry necessitates strong bipartisan action to "jump start" our economy by the spring. I urge you to push our Congressional leaders to move quickly on the transportation bill and the Low Income Housing Tax Credit, and I ask that you expedite the flow of our new housing resources to America's cities.

Beyond working together on these immediate measures, the United States Conference of Mayors' bipartisan leadership has requested a meeting with you this fall to discuss our cities' urgent priorities. On their behalf, I once again request this meeting for the purpose of finding common ground on issues concerning urban America.

Thank you for your consideration.

Sincerely,
Raymond L. Flynn,
Mayor of Boston.
President,
United States Conference
of Mayors.

**NOVEMBER 2ND WILL BE
A DAY OF WATER EDUCATION
AT FIFTH ANNUAL
BOSTON HARBOR/MASS BAYS
EDUCATORS CONFERENCE**

For the fifth year running, a day of hands-on workshops and environmental exhibits will be offered to elementary, middle and high school teachers interested in bringing the world of water into the classroom. At the yearly event, more than 200 educators will be introduced to classroom lessons developed by teachers already examining the social, scientific and cultural aspects of water in their classrooms. Water conservation, beach erosion, tidal habitats, and sewage treatment are just a few of the topics to be covered in twenty-

two workshops crossing all disciplines, from science to storytelling.

The conference will take place Saturday, November 2nd, from 8:30 a.m. until 3:30 p.m. at the University of Massachusetts Boston Harbor Campus. The conference is \$25 with lunch and \$18 without. Coffee, donuts and free parking will be provided to all participants. The campus is easily accessible from the JFK stop on the MBTA Red Line.

Teachers, administrators and interested citizens can receive a conference guide and registration materials by calling Mike Borek at (617) 287-7657, or by writing to: The Boston Harbor Educators Conference, c/o Mike Borek, College of Education/ILT, UMass/Boston Harbor Campus, Dorchester, MA 02125. Walk-in registration will also be accepted the day of the conference.

IN "BOSTON AUTHOR"
SERIES AT BPL**

Shirley Moskow will talk about her book, *Emma's World: An Intimate Look at Lives Touched by the Civil War Era* as the fall "Out of Boston" author series continues in the Mezzanine Conference Room of the Boston Public Library in Copley Square on Tuesday evening, October 29th.

Ms. Moskow's father-in-law found a case containing "charming and poignant" letters at an antique show in 1951 that had been sent to Emma Barbour of Cambridge between 1854, when she was 11 years of age, and 1863, when she was married.

In its second year, the monthly series features local authors reading from their most recently published works. Ms. Moskow is a journalist and currently resides in Lexington.

The 6:00 p.m. reading is free and open to the public. An autographing session will immediately follow the program. For more information, please call 536-5400, Ext. 336.

**A MESSAGE FROM THE
MAYOR OF BOSTON**

Dear City of Boston Employees,

I would like to express my appreciation for your professionalism and commitment to serving the residents of Boston. This past year, we have faced many difficult challenges. As

the state and federal governments walked away from the problems of urban America, we have worked even harder to provide basic city services to people in every neighborhood of this city.

Despite these difficult financial times facing our city, we have to do more. We must pull together as a

team as we continue to improve quality of life in Boston.

Each year employees of the City of Boston show their concern for people by actively supporting the City of Boston Employees Campaign (COBEC). I urge each of you to continue your support in this year's campaign. This important campaign p

vides assistance to people who are truly in need. One important feature of COBEC is that each person chooses which program he or she wishes to support, such as youth programs, AIDS research, helping the homeless, and many others.

By participating in COBEC you will help ensure that essential services continue to help the many people who depend on them each day.

Sincerely,
Raymond L. Flynn
Mayor of Boston

A MESSAGE FROM YOUR COBEC CHAIRMAN

Dear Fellow City Employees,

As chairperson for this year's City of Boston Employees Campaign (COBEC), I am looking forward to working for a cause I truly believe in — a unified effort to help the neediest people in our own communities, across the country, and around the world.

Despite current fiscal problems, we, as city employees, are committed to playing a leadership role in meeting human service needs. Through the COBEC campaign, we have a chance to help hundreds of human service agencies reach out to those who are suffering the most — survivors of natural disasters, families who have lost their homes, and children battling terminal illness. The ability to help also eases the frustration we feel as we watch needed services being slashed from the state budget.

The Mayor and I are great believers in the City of Boston Employees Campaign. This year's theme — "Something to Feel Good About" — is quite refreshing given all the negative news we've been bombarded with over the past year or so. We could all do something to feel good about.

I hope you'll join me in an effort to make this year's campaign the most successful ever.

Sincerely,
Sally M. Degan

S.O.Y. PROJECT PROVIDES LOCAL YOUNGSTERS WITH ALTERNATIVES TO LIFE ON THE STREETS

For many kids, growing up today on the inner-city streets of Boston is like being connected to a time bomb — just waiting to explode. All too often, the combination of drugs and violence equals the tragic end of a life normally surrounded by trouble and despair.

What these youngsters desperately need is a place that can help them turn their lives around — a place like the S.O.Y. (Save Our Youth) Project.

The purpose of the S.O.Y. Project is to develop enrichment activities which provide youth, ages 13-18, with constructive alternatives to life on the streets, drugs, crime and other such problems.

The S.O.Y. Project began one year ago with little fanfare and ended with tremendous success. "We started out with four teenage boys and when the 26-week program finished, a total of 51 boys and girls received T-shirts and certificates of graduation," said Miriam Cruz, Executive Coordinator of the S.O.Y. Project. "It was a very positive way to begin the program. We couldn't have been happier how things turned out."

Cruz is quite excited about the second 26-week program which runs now through March 24, 1992. There are approximately 40 youngsters from the Dorchester, Roxbury and Mattapan areas already enrolled in the program, and others are still welcome to join. The S.O.Y. Project is conducted every Tuesday from 4:30 - 6:00 p.m. at the Joseph Lee Community Center in Dorchester.

The S.O.Y. Project provides its youngsters with a wide range of activities, such as field trips to Channel 5, Northeastern University and the Area B Police Station. Guest speakers and topics include: Raymond L. Flynn, Mayor of Boston ("How to Become More Positive in the Community"); Theodore Landsmark, Director of the Safe Neighborhood Project ("Employment Opportunities and Resources for Teens"); Leonard Greene, Boston Herald Columnist ("How the Media Impacts Our Lives, both Positively and Negatively"); and Dr. Deborah Prothrow-Stith, Assistant Dean for Government and Community Programs, Harvard School of Public Health ("Violence Prevention Training for Teens").

"One of our goals is to educate the kids as best we can about life," said Cruz. "We want them to know different things that are going on in the community. Some of these kids don't know the world beyond their four-block perimeter. We want them to learn what's out there and to make the right decisions."

Cruz mentioned that parents also get involved with the S.O.Y. Project. "We have three community meetings for parents of youngsters in the program," said Cruz. "And we have a terrific response because the parents trust us and are delighted with the services their kids are receiving."

"What we would like to do is to reach out to more young people. We encourage other agencies or programs to get involved with us. After all, we're all here for the same reason — to make our community become a better and safer place to live."

For more information about the S.O.Y. Project, please call Miriam Cruz, Executive Coordinator, at (617) 669-0517.

VOLUNTEERS NEEDED FOR NEW STUDY ON PREVENTION OF HIP FRACTURES

The United States Department of
Agriculture Human Nutrition Re-

(Continued on next page)

search Center on Aging at Tufts University is currently seeking 424 female and male volunteers, age 65 or older, of all ethnic backgrounds, to participate in a three-year study on the effects of calcium and vitamin D on bone loss from the hip in men and women age 65 and over.

The Nutrition Center is one of five institutions nationwide awarded a federal grant to test promising ways to prevent hip fractures. Approximately 300,000 hip fractures occur each year in the United States, with fracture rates increasing in both men and women as they grow older. These fractures are a major cause of death and disability and cost the nation \$7 billion annually.

Eligible volunteers will make two visits a year to the Nutrition Center's downtown Boston location. Participants will receive annual comprehensive medical examinations, a modest stipend, and have their bone density monitored throughout the study. Half of the volunteers, chosen at random, will also receive calcium and vitamin D supplements.

For more information on this study, please call (617) 556-3068.

OUTFALL TUNNEL WILL RESULT IN A CLEANER MASSACHUSETTS BAY

By Paul Levy

Alarmed by what it perceives as an assault on Massachusetts Bay, a citizen's group on Cape Cod has persuaded 31,000 people to sign petitions to stop a nine-mile outfall tunnel that is a key part of the Massachusetts Water Resources Authority's Boston Harbor Cleanup. Opponents of "the pipe" fear that it will take pollution from Boston Harbor and push it closer to Cape beaches and fishing grounds.

Cape Codders are being led to believe that the outfall tunnel will move Boston's pollution to *their* backyard. In fact, the truth is that the greatly improved wastewater treatment of the harbor cleanup, including the outfall

tunnel, will result in both a cleaner Boston Harbor and healthier Massachusetts Bay for *all* the citizens of Massachusetts.

Let's examine some of the other myth-information surrounding the outfall issue:

Myth: Raw, untreated sewage will be discharged through the nine mile outfall tunnel.

Fact: There will be *no sludge* in the effluent to be released through the outfall tunnel. The effluent that will be discharged to Massachusetts Bay through the outfall tunnel will be much cleaner than the poorly treated sewage that is now dumped into the shallow waters of Boston Harbor and which eventually finds its way to the bay and even to the beaches of Cape Cod.

The effluent to be discharged to Massachusetts Bay via the outfall tunnel will receive primary treatment and secondary treatment, except for a brief period of time from July 1995 to October 1996, when only improved primary treatment will be provided. Secondary treatment, the level of treatment required by the federal Clean Water Act, removes 85 percent of most pollutants in wastewater. Effluent that has received secondary treatment is clean enough for swimming and fishing.

Myth: There is no monitoring plan for evaluating the effects of the discharge on the marine environment.

Fact: As part of the approval of the outfall site granted by the regulatory agencies (the U.S. Environmental Protection Agency and the Massachusetts Executive Office of Environmental Affairs), an extensive independent monitoring program is required. A task force has been assembled to monitor the outfall. The task force includes representatives of the EPA, Harvard University, the Massachusetts DEP, the Woods Hole Oceanographic Institution, the Center for Coastal Studies, and the U.S. Geological Survey.

Myth: Effluent discharged through the tunnel will not receive secondary treatment.

Fact: The plan to build a secondary plant with a capacity of one billion gallons a day between 1996 and 1999 is unchanged. Beginning in October 1996, we will be able to provide secondary treatment to most dry weather flow. By June of 1998, half of the secondary plant will be completed, allowing us to treat the average daily flow. By December, 1999, the entire secondary plant will be completed, allowing us to provide secondary treatment even during periods of heavy rain.

Several months ago, I did suggest that consideration be given to building a secondary treatment plant with a capacity of 500 million gallons per day (mgd), as opposed to a plant that could treat as much as one billion gallons of sewage in one day. Now I have I proposed *not* building a secondary plant. I raised this idea because I believe that the slight environmental benefit provided by a secondary plant twice as big as we need on the average day does not justify the additional cost. The money saved on the secondary plant could be applied to correcting combined sewer overflows (CSOs), or used to offset the huge increases in sewer fees that MWRA ratepayers will face over the next decade in order to pay for the harbor cleanup.

Myth: Introducing freshwater effluent to a salt water environment will create algal blooms that will harm the Stellwagen Bank and the fish and whales that feed there.

Fact: While the Bay's algal blooms are not fully understood, we do know that algae need sunlight to grow and that most of the effluent plume from the outfall tunnel will be trapped in lower, colder water. All the available data indicate that the effluent from the outfall have less impact on algae in the Bay than current discharges. Monitoring shows that levels of certain nutrients, like nitrogen, are a problem, we can make changes to the treatment process to reduce the level of the problem nutrients.

Myth: A shorter outfall, with tertiary treatment, would be a better

olution than a nine-mile outfall with secondary treatment.

fact: Secondary treatment is required by federal law. Tertiary treatment is used inland but is not considered necessary for effluent discharged to the ocean. Adding a tertiary treatment plant to the harbor cleanup, as some Cape Codders have suggested, would increase the project cost by as much as \$3 billion and would raise water and sewer rates even higher than the \$1,200 per family that we estimate charging MWRA customers in the year 2000.

Myth: The process that resulted in the selection of a site nine and one-half miles east/northeast into Massachusetts Bay was political and did not include participation by the scientific community or the public.

fact: The decision to build a nine-mile tunnel was reached after two years of planning and \$10 million worth of oceanographic studies. Institutions and companies that participated in the planning of the outfall included the environmental engineering firm of Camp, Dresser & McKee, Inc., the Massachusetts Institute of Technology, the U.S. Geological Survey in Woods Hole, the New England Aquarium, and Battelle Ocean Sciences of Duxbury.

The *Secondary Treatment Facilities Plan* for the Boston Harbor Project, including the outfall tunnel, was the subject of a citizen-led review process that lasted four years. Given the critical role of the outfall in the harbor cleanup, the federal Environmental Protection Agency insisted on preparing an independent evaluation of the outfall's impact on Massachusetts Bay. The EPA's *Environmental Impact Statement* for the harbor cleanup contained the MWRA's siting proposal for the outfall tunnel, identifying a six and one-half to ten miles from shore for the outfall diffuser.

In addition to the new primary and secondary wastewater treatment plants and outfall tunnel, the MWRA's \$6.1 billion Boston Harbor Project also includes a sludge processing facility that will convert

sludge (solids) to fertilizer, ending the dumping of sludge to Boston Harbor as of December of this year. Instead, the sludge will be heat-dried and converted to a pellet fertilizer that can be used on land.

I hope that these facts will dispel some of the myths that prevent a rational discussion of the outfall issue. The truth is that the outfall tunnel, in concert with the other elements of the harbor cleanup, will result in a cleaner Massachusetts Bay.

CITY OF BOSTON CODE AND ORDINANCES BOOK

CITY CLERK

The City Clerk's office is now offering for sale the *City of Boston Code, Volume I Ordinances*, with supplements through 1990, at one hundred twenty-five dollars (\$125.00) per copy.

The new Code contains several new features designed to make it easier to use:

- A new numbering system provides chapters on a topical basis.
- Subsection headings have been inserted for clarity and ease.
- Each page has been numbered, and the numeration corresponds with the chapter designation. For example, Chapter V starts on page 501 and allows for 100 pages to be used in that chapter.
- Each chapter starts on a new page, on the right side of the Code to allow for supplementation and growth of the prior chapter.

Additional supplements will be provided at a reasonable price on an annual basis.

The updated Code should prove to be a valuable aid to attorneys practicing in Boston. Copies may be obtained at this office, Boston City Hall, Room 601, with a payment by check, payable to the City of Boston, in the amount of one hundred twenty-five dollars.

Sincerely,
PATRICK F. McDONOUGH,
City Clerk.

Something to
feel good about.

NOTICE TO CONTRACTORS

**Invitation for Bids for Removal and Disposal of
Trees, Limbs, Trunks, and Stumps at Vari-
ous Locations in the City of Boston.**

The City of Boston, acting by the Parks Commission, 1010 Massachusetts Avenue, Roxbury, MA 02118, hereunder referred to as the Awarding Authority, hereby invites sealed bids for the project stated below.

Bids shall be on a form supplied by the Parks and Recreation Department, shall be clearly identified as a bid and signed by the bidder. All bids for this project are subject to all applicable provisions of law and in accordance with the terms and provisions of the contract documents entitled: "Removal and Disposal of Trees, Limbs, Trunks, and Stumps at Various Locations in the City of Boston."

SCOPE OF WORK includes: Furnishing all labor, materials, and equipment necessary to provide a crew to remove in the entirety, dead and diseased trees, limbs, trunks, and stumps at various locations in the City of Boston. Estimated cost \$30,000.

BIDS shall be submitted in duplicate before 2 p.m., Boston time, on Thursday, November 14, 1991, and opened forthwith and read aloud. One bid shall be filed with the Awarding Authority, 1010 Massachusetts Avenue, third floor, Roxbury, MA 02118, accompanied by the bid deposit. The duplicate copy of the bid shall be filed with the City Auditor, City Hall, Boston, Mass., previous to the time named for opening of bid. The City of Boston reserves the right to reject any and all bids.

The maximum time for bid acceptance by the City of Boston is 90 days after the receipt of Bids.

SPECIFICATIONS AND PLANS will be available on or about Monday, October 28, 1991, after 9 a.m., Boston time, at the Parks and Recreation Department to all interested parties who present a \$25 certified check, payable to the City of Boston for each set. Specifications must be returned in good condition within thirty days of the bid opening in order for the bidder to have the \$25 check returned.

BIDDERS are hereby notified that bid deposits must be 5 percent of his/her bid, and shall be in the form of a bid bond, cash, or certified check, treasurer's check or cashier's check, bid bond of a surety company qualified to do business under the laws of the commonwealth and satisfactory to the Commissioner made payable to the City of Boston.

ATTENTION TO ALL BIDDERS

Minority/Women Business Requirements:

No bid for award of this project will be considered acceptable unless each bidder complies fully with the following requirements for Minority/Women Business Enterprise Utilization.

Pursuant to the Supplemental Minority/Women Participation section of this contract each bidder must give satisfactory assurance that at least 20 percent of his bid price shall be expended for minority business enterprise and at least 5 percent of his bid price shall be expended for women business enterprise.

Within five (5) working days after the receipt of general bids, the low bidder must submit a completed MBE Utilization Form(s) to the Compliance and Enforcement Division of the Office of Jobs and

Community Services located at 43 Hawkins Street, Boston, MA 02114, covering each minority/women business enterprise to be used to make the requirements contained in the contract documents. If a firm is certified as a minority-owned firm, that firm may propose to work as either minority or women owned or both for each contract by declaring its status on the Minority Business utilization form or the Women Business Utilization Form (MBU-F or WBU-F).

The City of Boston Minority/Women Business Directory lists all minority and women-owned businesses that have been certified as such by the City of Boston. A copy of this directory can be obtained from the Parks and Recreation Department, Affirmative Action Office, 1010 Massachusetts Avenue, telephone 725-4505, Ext. 6110, or from the Mayor's Office of Jobs and Community Services, Minority Business Office, 43 Hawkins Street, Boston, MA 02114. Telephone number 723-1400.

Bidders may exercise their own judgment in selecting the Minority/Women Business Enterprise to perform any portion of the work or to be a supplier of goods or services. In the event that the bidder selects a minority or women business that is not included in the Minority/Women Business Directory as amended and provided by the Compliance and Enforcement Division then a Certification Application completed by the non-certified business must be filed with the Compliance and Enforcement Division within five (5) business days after the opening of general bids.

The workforce requirement (employee manhour ratios per trade) for this contract are as follows: Minority, 25 percent; Boston Resident, 50 percent; and Female, 10 percent.

The successful bidder will be required to provide by insurance for the payment of compensation and the furnishing of other benefits under the Workmen's Compensation Law, General Laws (Ter. Ed.), chapter 152, to all persons to be employed under the contract, and sufficient proof of compliance with the foregoing stipulation will be required before commencing performance of this contract.

A performance bond and also a labor and materials or payment bond, each of a surety company qualified to do business under the laws of the Commonwealth and satisfactory to the Commissioner and in the sum of 100 percent of the contract price, as well as certain public liability and property damage insurance, will be required of the successful general contractor.

Prospective bidders are requested to attend a prebid conference in the office of the Chief Engineer, 1010 Massachusetts Avenue, Roxbury, MA 02118, on Tuesday, November 5, 1991, at 10 a.m., Boston time.

CITY OF BOSTON

Proceedings of City Council

Wednesday, February 27, 1991.

Regular meeting of the City Council held in the Council Chamber, City Hall, at 1 p.m., President IANNELLA in the chair, and all the members present.

INVOCATION

Reverend Thomas Duval, Bethlehem Lutheran Church, Roslindale, delivered the invocation, and the meeting was opened with the Pledge of Allegiance to the Flag.

ORDER AUTHORIZING PUBLIC WORKS DEPARTMENT TO ACCEPT AND EXPEND GRANT NOT TO EXCEED \$238,600 FOR SOUTH STREET, JAMAICA PLAIN, FROM MBTA (DOCKET NO. 0336)

The following was received:

City of Boston
Office of the Mayor

February 26, 1991.

To the City Council.

Dear Councillors:

I transmit herewith for your approval an order to accept and expend an amount not to exceed \$238,600 for the redesign and reconstruction of South Street in Jamaica Plain, Massachusetts. The funds are made available from the Massachusetts Bay Transportation Authority acting under the provisions of Chapter 161A of the General Laws.

I urge your Honorable Body to pass this order.

Sincerely,

Raymond L. Flynn,
Mayor of Boston.

Whereas, The City of Boston has entered into an agreement, dated December 3, 1990, with the Massachusetts Bay Transportation Authority for the redesign and reconstruction of South Street in Jamaica Plain, Massachusetts; and

Whereas, The Massachusetts Bay Transportation Authority agrees to transmit to the City of Boston funds not to exceed \$238,600 for the redesign and reconstruction of South Street in Jamaica Plain, Massachusetts; now, therefore, be it

Ordered, That approval be, and hereby is, given in accordance with section 53A of Chapter 44 of the General Laws, to the Commissioner of the Public Works Department of the City of Boston to accept and expend an amount not to exceed two hundred thirty-eight thousand six hundred dollars (\$238,600) for the redesign and reconstruction of South Street in Jamaica Plain, Massachusetts.

Referred to the Committee on the Environment and Public Works.

ORDER AUTHORIZING CITY TO ACCEPT AND EXPEND GRANT OF \$825,000 TO AID POLICE DEPARTMENT'S CRIME PREVENTION EFFORTS IN WAR AGAINST DRUGS FROM MASSACHUSETTS COMMITTEE ON CRIMINAL JUSTICE (DOCKET NO. 0337)

The following was received:

City of Boston
Office of the Mayor

February 26, 1991.

To the City Council.

Dear Councillors:

I transmit herewith for your approval an order authorizing the City of Boston to accept and expend a grant in the amount of eight hundred and twenty-five thousand dollars (\$825,000.00) from the Massachusetts Committee on Criminal Justice. These funds will be used to aid in the Police Department's crime prevention efforts in the war against drugs.

I urge your Honorable Body to pass this order as expeditiously as possible to ensure the continued successful operation of programs funded by this grant.

Sincerely,

Raymond L. Flynn,
Mayor of Boston.

Ordered, That the City of Boston, acting by and through its Police Department, be, and hereby is, authorized in accordance with G.L. c. 44, s. 53A to accept and expend a grant in the amount of eight hundred and twenty-five thousand dollars (\$825,000.00) from the Commonwealth of Massachusetts Committee on Criminal Justice. The funds will be used to aid in the Police Department's crime prevention efforts in the war against drugs, pursuant to the purpose for which the grant was made.

Referred to the Committee on Public Safety.

ORDER AUTHORIZING CITY TO APPLY FOR GRANT NOT TO EXCEED \$442,000 IN THE FORM OF EMERGENCY SHELTER GRANT FROM HUD (DOCKET NO. 0338)

The following was received:

City of Boston
Office of the Mayor

February 15, 1991.

To the City Council.

Dear Councillors:

I transmit herewith for your approval an order authorizing the City of Boston to apply for a grant in an amount not to exceed four hundred forty-two thousand dollars (\$442,000) in the form of an Emergency Shelter Grant from the U.S. Department of Housing and Urban Development (HUD) under the Stewart B. McKinney Homeless Assistance Act, as amended (42 U.S.C. 11381-11388), and the Fiscal Year 1991 HUD and Independent Agencies Appropriations Act (P.L. 101-507).

I urge your Honorable Body to adopt this order as soon as possible so that the City of Boston may submit its application expeditiously.

Sincerely,

Raymond L. Flynn,
Mayor of Boston.

Whereas, The Stewart B. McKinney Homeless Assistance Act, as amended (42 U.S.C. 11381-11388), contains provisions authorizing the U.S. Department of

Housing and Urban Development (HUD) to make grants to units of general local government under the Emergency Shelter Grants Program for the rehabilitation or conversion of buildings for use as emergency shelter for the homeless, for certain operating expenses, essential social service expenses and homeless prevention activities in connection with emergency shelter for the homeless; and

Whereas, Funds in the amount of \$73,164,000 have been appropriated for the Emergency Shelter Grant Program through the Fiscal Year 1991 HUD and Independent Agencies Appropriations Act (P.L. 101-507); and

Whereas, The City of Boston is entitled under the provisions of this Act to apply for a grant not to exceed \$442,000; and

Whereas, The Public Facilities Department will administer the proposed Emergency Shelter Grant; now therefore, be it

Ordered, That the Mayor, acting on behalf of the City of Boston, be, and hereby is, authorized to apply for financial assistance to the U.S. Department of Housing and Urban Development under the Stewart B. McKinney Homeless Assistance Act, as amended (42 U.S.C. 11381-11388), for an Emergency Shelter Grant in the amount of not more than \$442,000 and in connection therewith to execute and deliver such documents as may be required by the Federal Government and to act as representatives of the City of Boston in connection with said application.

Referred to the Special Committee on the Hungry and Homeless.

ORDER AUTHORIZING CITY TO EXPEND GRANT OF \$660,250 FROM DEPARTMENT OF HEALTH AND HUMAN SERVICES TO EXPAND "BOSTON AGAINST DRUGS" (DOCKET NO. 0339)

The following was received:

City of Boston
Office of the Mayor

February 26, 1991.

To the City Council.

Dear Councillors:

I transmit herewith for your approval an order authorizing the City to expend a grant in the amount of \$660,250 from the Department of Health and Human Services for the purpose of expanding Boston Against Drugs through a community partnership program which will provide outreach for drug prevention and education programming.

I urge your Honorable Body to pass this order as soon as possible so that the City can expend the funds in furtherance of the purposes for which the funds are intended.

Sincerely,
Raymond L. Flynn,
Mayor of Boston.

Ordered, That the Mayor, acting on behalf of the City of Boston, be, and hereby is, authorized, in accordance with G.L. c. 44, s53A, to expend a grant of \$660,250 from the Department of Health and Human Services for the purpose of expanding Boston Against Drugs through a community partnership program which will provide outreach for drug prevention and education programming.

Referred to the Special Committee on Substance Abuse.

Ordered, That the Committee on Housing conduct a public hearing to discuss the recent Supreme Judicial Court ruling declaring it illegal to target rent subsidies to "homeless" people over needy families on public housing lists; and be it further

Ordered, That the Committee ascertain how many "homeless" have been given preference in BHA housing developments at the exclusion of needy families on existing lists; and be it further

Ordered, That the Committee invite representatives of the Mayor's office and the BHA to attend to explain the City's policy in the above regard.

Referred to the Committee on Housing.

COMMITTEE ON CITY AND NEIGHBORHOOD SERVICES TO HOLD HEARING RE CHANGES IN BOSTON ZONING CODE ELIMINATING REQUIREMENTS OF CERTAIN BOARD OF APPEAL APPROVAL (DOCKET NO. 0360)

Coun. KELLY offered the following:

Ordered, That the Committee on City and Neighborhood Services conduct a public hearing into changes in

the Boston Zoning Code which eliminate the requirements of Board of Appeal approval of projects which fall under the definition of "family units" as defined in clause 22B of Section 2-1 of the Zoning Code; and be it further

Ordered, That the Committee also ascertain why the change was proposed; and be it further

Ordered, That the Committee also ascertain why the City Council was not made aware of the proposed change, since the zoning change also eliminates neighborhood review of certain planned projects.

Referred to the Committee on City and Neighborhood Services.

ORDER REQUESTING SCHOOL COMMITTEE TO HAVE THEIR ATTORNEYS DRAFT APPROPRIATE ORDER TRANSFERRING PROPERTY FROM 43 MELROSE STREET SOUTHERLY TO KNOX STREET BACK TO CITY CONTROL (DOCKET NO. 0361)

Coun. KELLY offered the following:

Whereas, On or about August 27, 1908, the City of Boston transferred a parcel of land to the Boston School Department, said parcel being used to facilitate construction of the Abraham Lincoln School; and

Whereas, The land in question, a parcel 10.0 feet wide and approximately 110.0 feet long, from 43 Melrose Street southerly to Knox Street, bounded on the north-easterly side by the land and building located at 43 Melrose Street, and bounded on the southerly side by a slightly elevated iron fence (property of Boston High School) has been used as a driveway by the various abutters of 43 Melrose Street, since approximately 1938; and

Whereas, Since neither the City of Boston nor the School Department have exercised any control of the passageway since approximately 1938; and

Whereas, Under Massachusetts General Law, Chapter 86, section 2, fences erected and continued for more than twenty years will be taken as boundaries when the true boundaries are unknown, and the locus of the driveway, which is the subject of this Order, has continuously been outside the boundaries as established by the School Department; and

Whereas, The City Council declares it to be in the public interest to have this land transferred back to the control of the City so that the City may dispose of the land in an orderly fashion; be it therefore

Ordered, That the City Clerk have delivered to each member of the School Committee and to the law offices of the School Department a copy of this Order, and be it further

Ordered, That the School Committee is respectfully requested to have School Department attorneys draft an appropriate order transferring this property back to the control of the City of Boston, Public Works Department, and that the School Committee vote at its earliest convenience to facilitate this transfer.

Passed under suspension of the rules.

LATE-FILED MATTERS

The Chair moved that the rules be suspended and that four late-filed matters in the hands of the City Clerk be added to the Agenda.

The motion was carried; **the matters were added to the Agenda.**

COMMITTEE ON WAYS AND MEANS TO HOLD HEARING TO EXAMINE IMPACT OF PROPOSED CUTS AFFECTING YOUTH OF BOSTON (DOCKET NO. 0380)

Couns. SALERNO, MENINO, and McCORMACK offered the following:

Whereas, The new State Administration has called for severe cuts in many human services programs, many which directly and indirectly serve the youth of Boston; and

Whereas, The new State Administration has proposed a cut in local aid for fiscal year 1992; and

Whereas, The estimated loss of funds to the City of Boston, due to a cut in local aid, is estimated to be approximately \$45 million dollars; and

Whereas, The proposed cut in local aid will result in cuts in services provided by the City of Boston; and

Whereas, There are indications that three specific programs serving the youth of Boston are proposed to be eliminated — the Peer Leadership Program of the Boston Community Schools, the alternative schools program funded by the State's Juvenile Courts, and the Street Worker Program jointly funded by Boston Community Schools and the State Department of Public Health; and

Whereas, It is important to examine the impact of these and other proposed cuts on services to Boston's youth; and

Whereas, Conducting this examination prior to the City's complete budget review process is an appropriate role for the Boston City Council; therefore be it

Ordered, That the City Council's Committee on Ways and Means hold a hearing to examine the impact of proposed cuts affecting the youth of Boston; and be it further

Ordered, That the Committee on Ways and Means take the necessary steps to gather testimony from Boston youth who are presently served by programs funded by the City of Boston and the State of Massachusetts.

Referred to the Committee on Ways and Means.

ORDER INSTRUCTING COUNCIL STAFF DIRECTOR TO INFORM CITY DEPARTMENTS AWARDED CERTAIN CONTRACTS THAT NO WORK IN ROOMS UNDER CONTROL OF COUNCIL PRESIDENT IS TO BE PERFORMED UNTIL AGREEMENTS WITH RESPECTIVE BUILDING TRADES ARE SIGNED (DOCKET NO. 0381)

Coun. KELLY, for all the Councillors, offered the following:

Whereas, Many residents of Boston are members of organized labor; and

Whereas, Boston has always been a pro organized labor city; and

Whereas, Several contractors currently performing renovations in Boston City Hall, specifically electrical and pipe-fitting work refuse to sign agreements with I.B.E.W. — Local 103, and Pipe Fitters Local 537 respectively; and

Whereas, This adamant refusal to conform to community standards creates disharmony on jobs, labor disputes and results in work stoppages and pickets; be it therefore

Ordered, That to show support for members of the Boston Building Trades the Staff Director of the Boston City Council in accordance with the provisions of CBC section 1-5 is being directed to inform the City departments that awarded said contracts that they are not to perform any work in any of the rooms under the control of the President of the Boston City Council until they sign agreements with the respective building trades.

Passed under suspension of the rules.

DISAPPROVING ORDER THAT PERSONS OR GROUPS WANTING TO DEMONSTRATE OR ASSEMBLE ON CITY HALL PLAZA OR BOSTON COMMON BE REQUIRED TO APPLY FOR PROPER PERMIT (DOCKET No. 0244)

The following was received:

City of Boston
Office of the Mayor

March 1, 1991.

To the City Council.

Dear Councillors:

I return herewith without my signature and disapproved an order passed by your Honorable Body February 13, 1991, Docket No. 0244, regarding demonstrations and assemblies on Boston Common and City Hall Plaza.

My reason for disapproval is that the order is an impermissible interference with the executive and administrative business of the City. See St. 1948, c. 452, s. 17G, as appearing in St. 1951, c. 376, s. 1. Specifically, it is the Parks and Recreation Commission who has charge of Boston Common and who has the power to make rules and regulations for its use. CBC Ord. s. 7-4-8. Similarly, it is the Real Property Department who has charge of City Hall Plaza. CBC Ord. s. 11-7-4.

Both the Parks Commission and the Real Property Department currently have procedures in place regarding permits for the Common and the Plaza. These procedures take into consideration the varied requests for use of these two public places, the constitutional protections related to such use, and public safety. The proposed order would create confusion as to what rules apply as it does not reference existing laws and procedures. In addition, while the proposed order speaks only of demonstrations and assemblies, Parks' and Real Property's procedures apply to all uses of the Common and the Plaza.

The Council's order evidences a concern for City property and public safety. I share that concern and am confident that the procedures now in place will continue to assure the safe and lawful use of both the Common and City Hall Plaza.

Sincerely,

Raymond L. Flynn,
Mayor.

(Annexed hereto is the order referred to.)

Assigned for further action.

ORDER APPROVING SUPPLEMENTAL APPROPRIATION OF \$4,000,000 FOR SCHOOL DEPARTMENT (DOCKET NO. 0386)

The following was received:

City of Boston
Office of the Mayor

March 4, 1991.

To the City Council.

Dear Councillors:

I am hereby submitting for your consideration a supplemental appropriation for the Boston School Department for \$4 million. If approved, this amount will increase the total current spending for the Boston School Department, which includes funding from the city, the state and the federal government, to approximately \$440 million, which averages about \$8,000 per pupil. This supplemental budget increases the FY91 appropriation for the Boston School Department from \$385 million to \$389 million, and represents a funding increase of \$14.6 million more than was spent by the School Department last fiscal year. Since FY85, I have recommended and City Council has approved funding increases for the school system totalling \$140 million. In addition, the City has also committed \$165 million in its capital budget toward physical improvements of school buildings. In terms of resources granted to the Boston School Department versus the rest of city government, it is instructive to note that from January 1, 1984 until January 1, 1991, City and County staffing has decreased by 37 employees; staffing for the Boston School Department has increased by 604 employees.

It is now seven months into the current fiscal year, and we are only now resolving the budget for the School Department. I am pleased that we can now begin to place the funding issues surrounding the FY91 budget behind us. However, the chronic overspending, the failure to deal with fiscal reality and the inability to make tough decisions on the part of the Boston School Committee causes concern for the future of the children in the school system and does not bode well for FY92. The fiscal prospects for the upcoming year are grim, and we do not have the luxury of waiting seven months to deal with both the City's and Boston School Department's budget issues. My growing concern is that the Boston School Committee's inability to control spending will cause the City of Boston to run a deficit in FY92, a situation which the people of Boston will not tolerate.

This belief is not based upon supposition, but on historic facts. The Boston School Department has overspent its appropriation six years in a row and the fiscal conditions set forth in January 14, 1991 letter dealing with FY92 have not been addressed.

It is my desire to work cooperatively with the Boston School Department in improving the quality of education and coping with difficult financial times. My goal is to improve education for all our children. We know that there are some good teachers and some good schools, but, the real issue isn't about money or about some good schools, it's about making the system work for all of the students. Cooperation, though, depends upon a willingness on the part of the Boston School Committee to accept responsibility to fundamentally improve its educational process and accept the fact that we are in a difficult financial period. Virtually every department of the City of Boston will be asked to take a budget cut next year (for most this is the third year in a row of cuts) and it is imperative that the Boston School Committee accept the fact that a modest operating budget reduction for FY92 needs to occur, and that a fair and constructive critical analysis needs to be performed with respect to the entire range of educational and support activities. Failure to deal with these issues will only result in continued poor educational performance and a school budget deficit that runs the risk of placing the City in financial chaos.

In the spirit of attempting a more constructive relationship, I recommend passage of this supplemental budget.

Sincerely,

Raymond L. Flynn,
Mayor.

Ordered, That in addition to the appropriation heretofore made, and pursuant to the provisions of Chapter 224 of the Acts of 1936, as amended by Chapter 190 of the Acts of 1982, and as further amended by Chapter 701 of the Acts of 1986 and Chapter 613 of the Acts of 1987, and to meet the current operating expenses of the School Department in the fiscal period commencing July 1, 1990 and ending June 30, 1991, the sum of four million (\$4,000,000) be, and the same hereby is appropriated, said sum to be met from available funds:

School Department, \$4,000,000.

Referred to the Committee on Ways and Means.

ORDER AUTHORIZING COMMISSIONER OF TRANSPORTATION DEPARTMENT TO SOLICIT AND AWARD CONTRACT FOR PREPARATION AND DISPOSAL OF ABANDONED MOTOR VEHICLES FOR TERM NOT TO EXCEED 5-1/2 YEARS (DOCKET No. 0387)

The following was received:

City of Boston
Office of the Mayor

February 26, 1991

To the City Council.

Dear Councillors:

I transmit herewith for your approval an order that authorizes Richard A. Dimino, Transportation Commissioner for the City of Boston, to solicit and award a contract for a term exceeding three years. This request is made pursuant to the provisions of Massachusetts General Laws Chapter 30B, Section 12(b), in connection with a Request for Proposals being prepared by the Transportation Department seeking a company to provide equipment and services for the preparation for disposal and final disposal of abandoned motor vehicles. The preparation of the vehicles will take place at the Department's facility on Frontage Road.

The authorization is for a term not to exceed five and one-half years. This authorization is requested because there are five and one-half years remaining on the current lease of the Frontage Road property, and it would be appropriate that the term of this proposed contract be co-terminous with the lease term. Also, the significant initial costs which a successful bidder would incur could be spread over a sufficient period to make the proposal more attractive to prospective offerors.

I urge your Honorable Body to pass this order as soon as possible so that the Transportation Department can advertise and solicit proposals.

Sincerely,

Raymond L. Flynn,
Mayor.

Ordered, That Richard A. Dimino, Transportation Commissioner for the City of Boston, is hereby authorized, pursuant to Chapter 30B, Section 12(b) of the Massachusetts General Law, to solicit and award a contract for the preparation and disposal of abandoned motor vehicles for a term not to exceed five and one-half years.

Referred to the Committee on Commerce and Transportation.

ORDER APPROVING APPROPRIATION OF \$92,240.79 FOR EASTERN REGIONAL LIBRARY (DOCKET No. 0388)

The following was received:

City of Boston
Office of the Mayor

March 5, 1991

To the City Council.

Dear Councillors:

I transmit for your approval an appropriation order in the amount of \$92,240.79 for the Eastern Regional Library from funds currently held by the Collector-Treasurer.

I respectfully recommend adoption of this order by your Honorable Body.

Very truly yours,

Raymond L. Flynn,
Mayor.

Ordered, That from State fund received by the City under Chapter 78, s. 19 of the Massachusetts General Laws and held by the Collector-Treasurer, the sum of ninety-two thousand two hundred forty dollars and seventy-nine cents (\$92,240.79) be, and hereby is appropriated to the Board of Trustees in charge of the Library Department for the purposes of the Eastern Regional Library.

URGING COLLECTOR-TREASURER TO INSERT INFORMATIONAL NOTICE IN NEXT TAX BILL TO CALL ATTENTION TO ORDINANCES RELATING TO DOGS (DOCKET NO. 0389)

Coun. HENNIGAN CASEY offered the following:

Whereas, Apparently much of the citizenry of Boston are unaware that there are City ordinances regarding dogs; and

Whereas, Among other ordinances relating to dogs, there is a "leash law" and a "dog fouling law" which carry fines for non-compliance; and

Whereas, These ordinances should be brought to the attention of citizens from time to time; and

Whereas, A proper vehicle for such notification would be an informational insert in the tax bill; Now Therefore Be It

Resolved, That the Collector-Treasurer of the City of Boston is urged to insert an informational notice in the next tax bill to call attention to these existing ordinances.

The resolution was adopted under suspension of the rules.

ORDER ACCEPTING PROVISIONS OF SECTION 57C OF CHAPTER 59 OF GENERAL LAWS (DOCKET NO. 0390)

Coun. SCODRAS offered the following:

Whereas, Local option legislation Section 57C of Chapter 59 of the General Laws gave cities and towns the option to use quarterly tax bills as an alternative to biannual billing; and

Whereas, This legislation provides communities with the means to increase savings and earnings by allowing them to collect the property tax four times a year instead of twice; and

Whereas, The Boston City Council passed an order accepting the provisions of this legislation on March 28, 1990, which was disapproved by the mayor; and

Whereas, At that time the mayor stated that the Assessor and Collector-Treasurer would monitor the progress of this legislation; and

Whereas, At least forty-nine communities have taken advantage of this legislation and all have reported "big successes" in improvement of cash flow and reducing short term borrowing; now therefore be it

Ordered, That the provisions of Section 57C of Chapter 59 of the General Laws be and hereby are accepted.

Referred to the Committee on Ways and Means.

ORDER THAT COLLECTOR-TREASURER BE INSTRUCTED TO GIVE ALL CITY EMPLOYEES OPTION OF HAVING THEIR PAY DIRECTLY DEPOSITED TO THEIR INDIVIDUAL BANK ACCOUNT (DOCKET NO. 0391)

Coun. SCODRAS offered the following:

Whereas, Most Boston banks offer a service known as "Direct Deposit" whereby funds can be deposited automatically, electronically — directly into an individual account; and

Whereas, With this service employees receive a discount on monthly maintenance fees, never worry about lost checks or mail delays, never waste valuable time waiting in line to deposit a paycheck; and

Whereas, Every Friday, representatives from the Boston Police Department, Boston Fire Department and Boston School Department journey to City Hall to pick up paychecks for all their employees; and

Whereas, In addition the Treasury Department pays

cab fares for four paymasters to deliver paychecks to employees in other city locations; and

Whereas, Every week valuable work hours are lost while each department within city hall sends an employee to the Treasury Department to pick up the checks, bring them back to each department and distribute them; and

Whereas, Direct deposit is already available for retirees of the City of Boston; now therefore be it

Ordered, That the Treasurer, Lee F. Jackson be instructed to give all city employees the option of having their pay directly deposited to their individual bank accounts.

Passed under suspension of the rules.

ORDER THAT PUBLIC FACILITIES DEPARTMENT AND REAL PROPERTY DEPARTMENT MAKE EVERY EFFORT TO INSURE REPLACEMENT OF EXISTING BULBS WITH NEW, ENERGY-EFFICIENT LIGHT BULBS AND MAKE OTHER SPECIFIC IMPROVEMENTS TO MEET ENERGY-EFFICIENT STANDARDS IN CITY-OWNED BUILDINGS (DOCKET NO. 0392)

Coun. SCODRAS offered the following:

Whereas, Connecticut has passed an Act requiring public service companies to submit a plan describing each company's plan for relamping, retrofitting light fixtures and other retrofits, in any building to which it provides electric service, owned, or leased by the state; and

Whereas, Connecticut estimates a savings of approximately six million dollars from this plan; and

Whereas, In compliance with a ruling of the Commonwealth of Massachusetts Department of Public Utilities Boston Edison Company will spend two hundred and fifteen million dollars on energy conservation programs; and

Whereas, The Boston Edison Company which supplies electric service to public buildings owned or leased by the City of Boston has entered into a partnership with the City of Boston, the "Boston Energy Efficiency Partnership"; and

Whereas, At the present time the heating, ventilating and air conditioning is being upgraded in City Hall; now therefore be it

Ordered, That the Public Facilities Department and the Real Property Department make every effort to insure that the replacement of existing bulbs with new, energy efficient light bulbs and the retrofitting of City Hall and all other buildings owned or leased by the city including all school buildings, offices, libraries and police and fire department buildings move forward as expeditiously as possible and that the current work being on the heating, ventilating and air condition units within city hall comply with energy efficient standards.

Passed under suspension of the rules.

ORDER THAT EVERY EFFORT BE MADE TO ACCOMMODATE DEPARTMENTS THAT MAY BE RENTING SPACE OUTSIDE OF MUNICIPALLY-OWNED BUILDINGS WITHIN EXISTING CITY-OWNED BUILDINGS (DOCKET NO. 0393)

Coun. SCODRAS offered the following:

Whereas, Since Mayor Raymond L. Flynn took office there are thirty-six fewer employees working in the City of Boston exclusive of the school department; and

Whereas, At the time the mayor took office Inspec-

tional Services and the Parks and Recreation departments were located within City Hall; and

Whereas, Inspectional Services, Parks and Recreation, Community Schools, Assessing and the Boston Finance Commission are now occupying rented space outside City Hall at 1010 Mass. Avenue and 294 Washington St. and

Whereas, The rental fees total \$1,358,215 yearly; now therefore be it

Ordered, That every effort be made to accommodate these and any other departments that may be renting space outside of municipality owned buildings within existing city owned buildings.

Referred to the Committee on Ways and Means.

ORDER THAT PERSONNEL DEPARTMENT MAKE EVERY EFFORT TO PROVIDE CERTAIN ALTERNATIVES TO LAYOFFS AND INPUT BE SOLICITED FOR ALL EMPLOYEES RE SAME (DOCKET NO. 0394)

Coun. SCONDRAS offered the following:

Whereas, The City of Boston shortfall for FY'92 has been estimated as being between eighty and one hundred million dollars; and

Whereas, At a recent hearing of the Ways and Means Committee, representatives from the Flynn administration projected that the payroll for the city will be reduced by up to 1,500 to 3,000 employees; and

Whereas, This reduction in force will be achieved by means of attrition, retirement and layoffs; and

Whereas, It is in the best interests of the people of Boston to avoid layoffs particularly during a period of economic hardship; now therefore be it

Ordered, That the Personnel Department make every effort to provide alternatives to layoffs including but not limited to: unpaid sabbaticals of one year, four day work week, job sharing, salary deferment of from two to ten days pay, consistent with existing collective bargaining agreements and in consultation with union representatives where appropriate, an early retirement incentive consisting of the addition of three to five years of creditable service; and be it further

Ordered, That a questionnaire be drawn up by the personnel department to solicit input from all employees concerning these and other alternatives to layoffs and that this questionnaire be included with each employees weekly paycheck.

On motion of Coun. McLAUGHLIN, the order was referred to the Committee on Government Operations.

ORDER THAT FUND FOR BOSTON NEIGHBORHOODS HOLD SERIES OF RAFFLES CALLED "BOSTON SWEEPSTAKES" OR OTHER APPROPRIATE NAME WITH ALL PROCEEDS TO BE DONATED TO EMERGENCY SHELTER COMMISSION, BOSTON COMMUNITY SCHOOLS, AND ELDERLY COMMISSION (DOCKET NO. 0395)

Coun. SCONDRAS offered the following:

Whereas, Statutory Authority for Raffles and Bazaars conducted by certain organizations exist under MGLA chapter 271 section 7A; and

Whereas, Boston Community Schools provides many programs for children in our city; and

Whereas, The Emergency Shelter Commission coordinates services to the homeless of the city; and

Whereas, The Commission on the Affairs of the El-

derly supports many services to the Elderly of our city; and

Whereas, It is imperative for these organizations to have the resources needed to do their job; now therefore be it

Ordered, That the Fund for Boston Neighborhoods which meets the requirements of MGLA chapter 271 section 7A hold a series of raffles to be called the "Boston Sweepstakes" or any other appropriate name with all proceeds to be donated to the Emergency Shelter Commission, Boston Community Schools and the Elderly Commission through any legal vehicle deemed to be appropriate by the Corporation Counsel for the City of Boston.

Referred to the Committee on Ways and Means.

ORDER REQUESTING CERTAIN INFORMATION UNDER SECTION 17F RE BLUE CROSS (DOCKET NO. 0396)

Coun. SCONDRAS offered the following:

Ordered, That, under the provisions of Section 17F of Chapter 452 of the Acts of 1948, as amended, and under any other applicable provision of law, His Honor, the Mayor, be, and hereby is, requested to obtain and deliver to the City Council, within one week of the receipt hereof, the following information:

1. Explain the nature of the City's contract(s) with Blue Cross.

2. What is the cost plus percentage rate in the Blue Cross contract for City of Boston health insurance?

3. Is there aggregate loss coverage, and if so, what are the premium rates and the attachment points?

4. Is there specific stop loss coverage, and if so, what are the premium rates and attachment points?

5. If the City's current relationship with Blue Cross consists of that company's administration of the City's self-insurance program, what would the cost of Blue Cross premiums be if the City was not self-insured?

6. Has a cost-benefit analysis been done to determine if the City could save money by becoming totally self-insured?

Passed under suspension of the rules.

BUDGET OFFICE TO MAKE ANALYSIS OF COST AND BENEFITS OF OFFERING MUNICIPAL FIRE AND CASUALTY INSURANCE AND ADMINISTRATION TO PREPARE APPROPRIATE HOME RULE LEGISLATION (DOCKET NO. 0397)

Coun. SCONDRAS offered the following:

Whereas, One of the largest budgets of the City is the budget of the Fire Department; and

Whereas, Analysis of the Fair Plan shows that even the high risk pool of properties in Boston produce an investment portfolio of significant return, making a profit in every year; and,

Whereas, Historically, Fire and Casualty insurance was the mechanism by which fire services were provided; and,

Whereas, The City of Boston in the structure of its tax collection and assessing departments and in its handling of its portfolio has already in place every element of an insurance company with the exception of underwriting services; and,

Whereas, Cost savings to the taxpayers of the City could occur by consolidating tax collection and insurance services; now therefore be it

Ordered, That an analysis be made by the Budget Office of the cost and benefits of exploring the offering of

municipal fire and casualty insurance, including an exploration of any constitutional issues involved and whether the creation of a non-profit or trust could circumvent such potential constitutional issues, and, be it further

Ordered, That the Administration prepare appropriate home rule legislation which would allow the collector/treasurer to offer municipal fire and casualty insurance, 50 percent of whose proceeds would go to underwriting the Boston Fire Department and 50 percent would be returned to the taxpayers who choose to apply for municipal insurance as a quarterly tax rebate.

Referred to the Committee on Ways and Means.

Coun. MENINO moved that a copy of the order numbered Docket No. 0397 be forwarded by the Clerk to the Budget Office with the request that it furnish the Committee on Ways and Means with its analysis of the costs and benefits of the ideas put forward in such docket on or before April 2, 1991.

The motion was carried.

URGING MAYOR CONVENE A MANAGEMENT REVIEW COMMITTEE TO CONDUCT COMPREHENSIVE REVIEW AND AUDIT OF EFFICIENCY OF OPERATION OF CERTAIN DEPARTMENTS TO IDENTIFY POSSIBLE SAVINGS (DOCKET NO. 0398)

Coun. SCODRAS offered the following:

Whereas, The Administration has correctly identified a need for a management and fiscal audit of the School Department to identify any savings which could accrue; and

Whereas, Several other departments warrant review; and

Whereas, The City of Boston is suffering a severe fiscal crisis, now therefore be it

Ordered, That the Mayor of the City of Boston, Raymond L. Flynn be urged to convene a management review and audit of the efficiency of the operation of the following departments: Fire Department, Police Department, Public Works Department and the Department of Health and Hospitals in order to identify any possible savings.

Passed under suspension of the rules.

URGING SPIKE LEE BRING LOCATION FILMING OF MOTION PICTURE DEPICTING LIFE OF MALCOLM X TO BOSTON (DOCKET NO. 0399)

Coun. BOLLING offered the following:

Whereas, The City of Boston has served as home to some of the most prolific and influential religious leaders, artists and statesmen in the history of the United States; and

Whereas, Malcolm X, then Malcolm Little, lived in the City of Boston, where he resided on Waumbeck Street, in an area formerly known as Sugar Hill in Roxbury, MA, and later in his book, *The Autobiography of Malcolm X*, he recalled the experience in the following manner: "No physical move in my life has been more pivotal or profound in its repercussions . . . All praise is due to Allah that I went to Boston when I did"; and

Whereas, A film chronicling the life of Malcolm X is scheduled to begin filming in September, 1991, and is designated to be released under the direction of the critically acclaimed director, producer, writer and actor, Spike Lee; and

Whereas, In order to fully document and convey the story of Malcolm X, it is imperative to accurately present

the dynamic leader's life as a resident of Roxbury, Mass.; and

Whereas, The incorporation of on-site film documentation depicting the community of Roxbury will not only add vital credibility and authenticity to this biographical project, it will serve as an impetus and encourage the growth of business enterprise and economic development of Roxbury and the City of Boston proper; Therefore be it

Resolved, That the Boston City Council, in meeting assembled, urges Spike Lee bring location filming of the motion picture depicting the life of Malcolm X to Boston.

Passed under suspension of the rules.

Couns. O'NEIL and KELLY requested that they be recorded as voting in the negative on the foregoing vote.

OFFICE OF BUSINESS AND CULTURAL DEVELOPMENT TO EXPLORE OPTION TO BRING SPIKE LEE AND MEMBERS OF FORTY ACRES AND A MULE PRODUCTIONS TO BOSTON (DOCKET NO. 0400)

Coun. BOLLING offered the following:

Whereas, The City of Boston's commitment to maintaining the economic stability of its neighborhoods must be steadfastly upheld; and

Whereas, The neighborhood of Roxbury has suffered disproportionately to other neighborhoods with regard to its developmental process, there is a need to implement ways to promote economic growth and development in the community; and

Whereas, The filming of the life of Malcolm X, the dynamic leader and former resident of Roxbury's Waumbeck Street, is scheduled to begin in September, 1991, under the direction of critically acclaimed director, producer, writer and actor, Spike Lee; and

Whereas, The incorporation of on-site footage of Roxbury into the development of this major motion picture will bring both increased economic opportunity to the City of Boston and greater awareness of the history of African-Americans in this country; Therefore Be It

Ordered, That the Office of Business and Cultural Development explore options to bring Spike Lee and members of the Forty Acres and a Mule Productions to Boston for location filming of the motion picture depicting the life of Malcolm X; and Be It Further

Ordered, That the City Clerk forward a copy of this order to the Executive Director of the Office of Business and Cultural Development.

Passed under suspension of the rules.

Couns. KELLY and O'NEIL requested that they be recorded in the negative on the foregoing vote.

BPL BEGINS RESTORATION OF HISTORICAL McKIM BUILDING

On October 8, 1991, Mayor Raymond L. Flynn, Senate President William M. Bulger, president of the Library's Board of Trustees, and the Trustees of the Boston Public Library officially announced the start of Phase I of a planned \$50 million restoration and renovation of the Boston Public Library's historical McKim Building in Copley Square.

At the ceremony, Mayor Flynn said, "The McKim Library has provided critical educational and cultural resources to the people of Boston for decades. The restoration of this magnificent landmark will not only preserve these essential resources for generations of future Bostonians, this beautification will embellish our City."

RESTORATION BEGINS: The restoration of the Boston Public Library's historic McKim Building at Copley Square got officially under way on October 8, 1991. The planned \$50 million restoration will return the magnificent building to its original beauty. On hand for the announcement were from left to right: Mayor Raymond L. Flynn, Senate President William M. Bulger who is also the President of the Library's Board of Trustees, BPL Director Arthur Curley, and Library Trustees Berthe M. Gaines, Arthur F. Snyder, Robert W. Consalvo and William O. Taylor.

Arthur Curley, the Boston Public Library's director and librarian, added, "This beautiful building on Copley Square stands as a lasting symbol of the ideals and aspirations which the Library represents. As the first great public library in the na-

tion, it is known throughout the world. But a century of wear and tear has left its mark. This essential restoration project will make the building sound again, as well as safe and more efficient, and will restore the beauty which has been a source of

pride for generations of Bostonians."

No major work has been done on the building since its completion almost one hundred years ago in 1894. The planned restoration will ultimately return the Library to its original beauty, allow for the creation of new departments, update the building's antiquated infrastructure, and make it safer and more accessible to the public.

The initial phase of the project is already under way and is expected to take about two years. It is expected to cost \$21 million and will be financed by \$13.4 million in previously allocated funds from Mayor Flynn's five-year capital improvement plan, "Rebuilding Boston," a \$7 million grant from the Massachusetts Board of Library Commissioners, and a Title II grant of nearly \$222,000 from the U.S. Department of Education.

Mayor Flynn added, "This project complements the extensive renovations of 26 neighborhood branch libraries in Boston which the City has had under way since 1985."

The major revitalization of the neighborhood libraries is also a result of the Mayor's capital improvement plan.

T TO PURCHASE 32 NEW VANS FOR THE RIDE PROGRAM

*Vehicles Will Replace Older Ones

growing program for disabled persons, The RIDE, which offers door-to-door service to registered users unable to use other MBTA services.

The new vans will be used throughout the seven RIDE districts in the greater Boston area to replace 22 older vehicles which must be retired and will add 10 additional vehicles to the current fleet to meet the growing demand for service.

"The RIDE program is a lifeline to 16,000 passengers with disabilities throughout the area," said T General Manager John J. Haley, Jr. "We've seen the number of registered users grow by more than 2,500 in the last year alone, and our projections show an even greater demand in the coming year. If we don't upgrade and expand our fleet now, it will impact our ability to deliver service effectively and efficiently to thousands who depend on us each day, 365 days a year."

Haley added that the popular RIDE program, which the T has operated since 1977, was one example of the MBTA's continued commitment to improving access — a commitment which was well-established even before the 1990 passage of the Americans with Disabilities Act (ADA).

The ADA requires transit agencies to take many steps, including establishing transit programs similar to The RIDE to provide access to U.S. transportation systems.

The contract approved by the T's Board of Directors is with The Braun Corporation of Winamac, Indiana, which has provided RIDE vans and other specially-equipped vehicles to the T and the Executive Officer of Transportation and Construction (EOTC) in the past. The firm was selected because it was the lowest responsive bidder.

The MBTA began The RIDE program in Boston in 1977. Door-to-door van service is available for eligible participants in 44 communities throughout the greater Boston region. The FY93 budget includes funds to expand to seven more communities. The RIDE program provided more than 404,000

trips in FY91, up 23 percent from FY90. Projections are for an increase to 440,000 trips in FY92.

Eligibility is granted to persons who, because of a physical or mental disability lasting for a period of six months or longer, are unable to use regular MBTA services. Residents of the 44 RIDE communities must register with the T's Office for Transportation Access. Once qualified, registered users must request a trip 24-hours in advance. Service is available 365 days a year.

Besides travelling within each service area's communities, users of The RIDE may also schedule van-to-van transfers for longer trips within the RIDE service district.

Information on registration for The RIDE program is available from the MBTA Office for Transportation Access, 725-5123 (TDD 722-5415) or 1-800-533-MBTA.

"ACADIAN HARD TIMES" ON EXHIBIT AT BPL

"Acadian Hard Times," a photographic exhibit depicting the plight of farm families living in northern Maine's French-speaking St. John Valley during the Great Depression, will be on display in the Cheverus Room of the Boston Public Library in Copley Square during the month of November.

In 1940 and again in 1942 and 1943, U.S. Farm Security Administration photographers Jack Delano and John Collier, Jr., traveled the back roads of northern Maine — to Fort Kent, Frenchville, Madawaska, Wallagrass, Lille, Van Buren, St. Agatha — photographing farms and villages and especially the people. Their photos, hundreds of which are in the Library of Congress, document a time and a way of life now long gone.

Many of the black and white photographs in the exhibit are included in a recently published book of the same title by historian C. Stewart Doty, a professor of History at the University of Maine. Dr. Doty will present a related lecture, "Acadian Hard Times: A Borderlands People in the Great Depression," at the library on November 21st.

The exhibit is free and open to the public Monday to Thursday, 9:00 a.m. to 9:00 p.m. and Friday and Saturday, 9:00 a.m. to 5:00 p.m. For further information please call 536-5400, Ext. 328.

"BHUTAN: SECRET KINGDOM IN THE HIMALAYAS" AT THE BOSTON PUBLIC LIBRARY

"Bhutan: Secret Kingdom in the Himalayas," a photo exhibition by Boston photographer Alice Giubellini, will be on display from November 3rd through 28th in the Boston Room of the Boston Public Library in Copley Square.

Located in the eastern Himalayas, nestled between Tibet to the north and India to the south, Bhutan is the land of the Thunder Dragon and may well be described as a "Shangri-La." The exhibit of black and white and color photographs provides rare glimpses of the Bhutanese people and their surroundings and attempts to capture what is distinctive about the remote mountain kingdom: years of isolation, peasant culture, and Buddhist history.

Giubellini's photographic excursion was unique in that very few foreigners are allowed to enter the country as tourists. While there, she was fortunate in being invited by a Bhutanese family to witness the preparation of an annual religious ritual, putting up prayer flags as well as the annual religious festival of Tshechu in Tsongsa, where dances by monks are held at the Dzong.

Ms. Giubellini's previous work has documented the Navajo reservation Canton Appenzell in Switzerland, the Cameroon in Africa, and Nepal.

The month-long exhibition is free and open to the public Monday through Thursday, 9:00 a.m. to 9:00 p.m. and Friday and Saturday, 9:00 a.m. to 5:00 p.m.

**"MICOSSÌ'S ITALY"
ON EXHIBIT
AT BOSTON PUBLIC LIBRARY**

***Print Department's
Fiftieth Anniversary Year***

The color aquatints of Italy's Mario Micossi will be on exhibit from November 2nd through 30th in the Great Hall of the Boston Public Library in Copley Square as part of the on-going celebration of the Print Department's 50th anniversary year.

During the past 50 years, the Boston Public Library's Print Department has gathered one of the great public collections of prints in the United States with more than 70,000 prints, drawings, and watercolors. Its specialities are French, British, and American prints from about 1800 to 1950, but it has many other notable holdings, including a small but interesting collection of Old Master prints and drawings.

Micossi is a native son of Friuli, just north of Venice, and his interpretation of Italian landscapes and architecture have earned him distinction as one of Italy's leading "topographers." Because of Italy's fundamental importance in the arts, it is natural for the Library to collect Italian prints and to pursue an interest in Italian landscape and architecture prints. The Library's collection of Micossi's works is perhaps the largest in the Americas and is part of a continuity of Italian artists from the Renaissance to today.

A benefit reception and dinner — "Una Cena E Una Festa Friulana" — will be hosted by The Associates of the Boston Public Library in honor of Mr. Micossi on Friday evening, November 1st. Proceeds will benefit the McKim building restoration project which got under way earlier this month. For reservation information please contact The Associates of the Boston Public Library at 617-536-5400, Ext. 220.

The exhibition will be open to the public without charge beginning November 2nd. Exhibit hours are Monday through Thursday from 9:00 a.m. to 9:00 p.m. and on Fridays and Saturdays from 9:00 a.m. to 5:00 p.m.

**LOCAL HOMELESS MAN
GETS SECOND CHANCE IN LIFE**

By Tony Ferullo

They spend much of each day shuffling around town searching through trash cans for scraps of food to survive. At night, they rest their weary bodies on the nearest park bench, using a plastic bag as a pillow and pages of a newspaper for a blanket.

These individuals, although special in his or her own way, share one thing in common — they are homeless. Their possessions, if any, usually fit in a small cardboard box, and their dreams seldom become a reality.

However, despite this bleak picture, there is a ray of hope that shines on some people. Ed Dunn is one of them.

Back in 1989, Dunn returned to his home state of Massachusetts from Oregon where he was looking for work. He had no money to afford a place to live, and had problems with his health. He spent the next 1-1/2 years at a local homeless shelter.

His life quickly changed for the better once a friend introduced him to Boston Aging Concerns-Young and Old United (BAC-YOU), Inc., a volunteer-based, nonprofit agency supported by the United Way of Massachusetts Bay.

BAC-YOU owns and operates four properties in downtown Boston neighborhoods (two of the houses are located in the Back Bay, the others in the Fenway and the South End) that offer affordable housing options to people of all ages. Housing opportunities with BAC-YOU include both single room occupancy and studio apartments, with a special focus on the housing needs of older people.

"Living here is terrific — it's like heaven," said Dunn, 59, of the place he calls his home today (West Newton Street House in the South End). "It feels great to have my own independence back again. If I want to go out all day, I can do that. If I want to stay in all day, I can do that. No one tells me what I have to do and where I have to be. You can't believe how much I'm enjoying this."

Dunn is thankful to all those people who contribute to the United Way and make places, like BAC-YOU, possible. "The nice thing about the United Way is that they share their resources to help so many people," said Dunn. "I couldn't be happier about what they've done for me."

There are approximately 30 people who live in the West Newton Street House, and Dunn knows them all by name. He helps out in a security role for

(Continued on next page)

the front lobby area of the building, and he is a member of BAC-YOU's Residence Management and Program Services Committee.

"Ed has been a wonderful addition to our agency," said C. Anthony Gore, Property Manager for BAC-YOU. "He cares about the other residents and they care about him. You can tell he cherishes the responsibility we have given him. He thrives on it."

Ed Dunn is living proof that anyone can become homeless. He and his wife, who has since passed away, have five children — including two sets of fraternal twins (one set born on the Fourth of July, the other set on Christmas Day, and the remaining child, a daughter, born on Ed's birthday). He has a degree in sociology from the University of Massachusetts in Amherst, and has held jobs as a truck driver, chef and carnival worker.

He is a unique individual who simply lost confidence in himself over the years. His children live all over the country now and they write to him every so often. He misses seeing them, and hearing their voices. This makes him even more determined to put the pieces of his life back together again.

"What I would like to do is become a spokesman for BAC-YOU," said Dunn. "I know many homeless people out there on the streets and I want to help them. I want to show them that there is a better way to live."

DUDLEY BRANCH LIBRARY SEEKS VOLUNTEER CHESS INSTRUCTORS

The Dudley Branch of the Boston Public Library, 65 Warren Street in Roxbury, is looking for volunteer instructors to help guide a new chess club that is being organized for young people at the branch library.

The chess club is part of a new Games Project that was formed to teach students 5 to 18 years of age valuable thinking skills and to promote personal social maturity.

Training sessions will be held, so volunteers need not be chess masters in order to participate.

For additional information, or to volunteer, please contact the Dudley Branch Library at 442-6186.

CITY OF BOSTON CODE AND ORDINANCES BOOK

CITY CLERK

The City Clerk's office is now offering for sale the *City of Boston Code, Volume 1 Ordinances*, with supplements through 1990, at one hundred twenty-five dollars (\$125.00) per copy.

The new Code contains several new features designed to make it easier to use:

- A new numbering system provides chapters on a topical basis.
- Subsection headings have been inserted for clarity and ease.
- Each page has been numbered, and the numeration corresponds with the chapter designation. For example, Chapter V starts on page 501 and allows for 100 pages to be used in that chapter.
- Each chapter starts on a new page, on the right side of the Code to allow for supplementation and growth of the prior chapter.

Additional supplements will be provided at a reasonable price on an annual basis.

The updated Code should prove to be a valuable aid to attorneys practicing in Boston. Copies may be obtained at this office, Boston City Hall, Room 601, with a payment by check, payable to the City of Boston, in the amount of one hundred twenty-five dollars.

Sincerely,
PATRICK F. McDONOUGH,
City Clerk.

UNITED WAY CAMPAIGN

PROGRESS REPORT

\$17.1 MILLION

OUR GOAL \$49 MILLION

SOMETHING TO FEEL
GOOD ABOUT

CAMPAIGN '91 FLASH

Campaigns Running the United Way

It's a challenging course to run this year, sometimes steep with unexpected turns. Nevertheless many are joining the pack, knowing that their efforts will help us all to win the prize. With this kind of teamwork, the United Way of Massachusetts Bay goal of **\$49 Million** — to help people in need — will certainly be won! Something for EVERYONE to feel good about.

The campaigns are off to a terrific start. To date, there are **91 new employee campaigns**, involving **9,300 employees** who have never previously been asked to give. Also, new organizations are assisting through corporate gifts.

Trailblazing Successes

A RECORD **93 ORGANIZATIONS**, TWICE AS MANY AS LAST YEAR, showed their resolve by giving early to the United Way

Campaign, and pledging more than **\$1.6 Million** to the effort! Here are highlights from a few of these organizations:

BOSTON GAS, A LONG-TIME UNITED WAY SUPPORTER, heated up the campaign trail with over **\$40,000 new dollars** from their combined employee campaign contributions and corporate gift. Employees raised **15%** more than in 1990. "This campaign only comes around once a year and people wanted to do all they could in tough times," said **Keyperson Sheila O'Neil**. Employees attended one of 45 regional meetings where they were motivated to give by hearing a local agency executive explain what the agency does, and how the United Way helps agencies. "The educational focus made the real difference," said O'Neil.

PARTICIPATION IN THE GARBER TRAVEL EMPLOYEE CAMPAIGN SWELLED from **38%** to **59%** this year; the total dollar increase climbed **44%**.

Keyperson Melissa Ashapa pulled together great incentives including a cruise to Bermuda, and she included United Way information in her weekly company newsletter. Garber Travel also boosts overall campaign motivation by donating a trip each year for a **raffle held during United Way's Grand Finale** celebration. Thanks Garber!

"COMMUNITY INVOLVEMENT AND WANTING TO GIVE something more back to the community," were a couple of reasons **Jos. A. Bank Clothiers** donated **5% of sales** in August to the United Way, according to **Hank Lesperance**, the store's Newbury Street manager. The United Way banner hung in store windows, and brochures and information were on display in both the Boston and Natick stores. Customers thought it was a great idea and took brochures home along with their purchases. **Bill Sanford** is the Natick store manager.

SYMMES HOSPITAL INJECTED A 41% INCREASE in dollars raised. **Keyperson Kay Deackoff** ac-

knowledgeed the strong support of **David Speltz, President & CEO** of the hospital who was instrumental in the success of their campaign. She added that this year, the hospital's financial status was healthier. "We had just come out of bankruptcy the year before the last campaign," she said. "The staff remembered those times. Feeling more secure now, they gave to people who are having a tough time today."

EXCEEDING THEIR GOAL AND SETTING A NEW HIGH, the **United Way of Massachusetts Bay Staff and its volunteer Board of Directors** (a combined total of 165 people) raised an amazing **\$200,000** in pledges. Like their counterparts in other organizations, United Way staffers visited and observed agencies at work. This reinforced their own awareness of community needs and increased their determination to give more this year. The Board's **per capita gift** was an impressive **\$2,360**. United Way staff Co-Keypersons **Maria Bousvaros** and **Cher Cohen** are to be applauded.

THERE WAS A VERY HEALTHY INCREASE OF 40% IN PLEDGES at **Emerson Hospital**. **Keyperson Rhoda Taschioglou** earmarked Donor Choice and the early timing of the campaign as significant factors. "Donor Choice personalized the donor's sense of investment and made it a more meaningful campaign," said Taschioglou. The United Way "Touch of Love" posters (produced by Texas Instruments) were favorites of Assistant **Keyperson Lillian Albanese**. And, according to Loaned Executive **Marc Prince**, Albanese's and Taschioglou's dedication and hard work contributed greatly to the success of the hospital's campaign.

PUTTING THEIR BEST FOOT FORWARD, **Stride Rite Corporation** employees' campaign finished with a **7% increase**. . . . **Keypeople Laurie Brackett** and **David Furhman**.

A LABOR OF LOVE — KEYPERSON VERONICA ROCK inter-

rupted her vacation to come back and plan the **Associated Day Care's** United Way campaign. With the help of energetic company representatives and central office staff who spoke at each site, it was a great success. The caring staff responded: a **30% increase**, and **\$9,700 raised**.

MIDDLESEX HOME HEALTH CARE-VISITING NURSE ASSOCIATION (a United Way agency) charted an astounding **678% increase** this year, and therein lies a story! The elderly gentleman pictured on one of United Way's 1991 campaign posters is the father of the agency's **Keyperson Lisa O'Loughlin**. O'Loughlin's appreciation for the health-care services for her father is receiving certainly motivated her in this campaign.

FILENE'S RACKED UP AN IMPRESSIVE 94% EMPLOYEE PARTICIPATION, generating a **4.5% increase** in funds pledged. According to **Keyperson Patricia Flanagan** the campaign flourished in corporate offices and 20 store locations as senior management spearheaded each division. There were many donated raffles and prizes, such as a **Get Away Weekend at the Westin Hotel**, which helped boost excitement throughout the campaign.

WAS IT THE PIZZA, THE FESTIVITY, OR "DUNKA YOU BOSS" that lifted the campaign at **Lifeline Systems** out of the ordinary? **Keyperson Deborah Cutter** thinks it was all of the above. During United Way Week there was an event every day centering around edibles, topped off by an outdoor Italian Festival with authentic fare. Campaign representatives wore Italian name tags.

Donated raffles included **Red Sox seats, Smokey Robinson concert tickets, and a Guest Quarters Get-away Weekend**. According to Cutter, this annual company event is a real morale booster and always a summer highlight.

AGENCY TOURS, FILM SHOWINGS, SUPER-DUPER CAMPAIGN REPRESENTATIVE TRAINING experienced by **Massachusetts Finan-**

(Continued on next page)

cial Services all added up to a total of \$116,335, a 23% increase in dollars. To be congratulated on a job well done is **Keyperson Jean O. Lever**. What a swell send-off for the company's retiring chairman, **Richard B. Bailey!**

OTHER TRAILS BLAZED

THE BANK OF BOSTON RAN MINI TRAILBLAZER CAMPAIGNS for six of its departments which netted maxi results: **90% participation**, up from 77% last year. Pledges grew by **\$17,000**. . . . **Keyperson Denny Gallaudett**.

THE CORPORATE GIFT AT THE ADVERTISING FIRM **ARNOLD FORTUNA LANE** rose an impressive **27%** . . . **Keyperson Lynn Rosoff**.

ENVOY SYSTEMS CORPORATION DEMONSTRATED AN IMPRESSIVE **43% increase** with an average gift of **\$216** . . . **Keyperson Michael Caccavale**.

GIVING AT MOTOROLA SEMI CONDUCTOR PRODUCTS INCREASED by an electrifying **\$4,000** . . . **Keyperson Jim Fowler**.

A RECORD 119 PEOPLE FROM A WIDE RANGE OF COMPANIES attended the 7th and final **Keyperson Training** for the year, September 19 at the **Westin Hotel, Copley Place**. The antics of a visiting clown brightened the rainy day! The Westin Hotel generously donated the room, food, and other amenities.

UNITED WAY'S PROGRAM SERVICES/TRAINING DEPARTMENT, WANTS to remind **Keypersons** that they can show employees how their United Way donated dollars are helping those in need. Through arrangements made by Program Services, employees may tour agencies, see an exhibit at their own organization, or hear from an agency director. Already over 450 speakers from a wide range of agencies have visited organizations. For more information contact **Faith Zoino, (617) 422-6672**.

KICKOFFS AND OTHER EARLY PLAYS

BAYBANK SOUTH HOSTED A MEMORABLE DINNER DANCE — "Enchantment Under the Sea" — for 500 people who went back to the '50s in saddle oxfords and hula hoops at the Mansfield Host Hotel on September 11. **Trumbull C. Curtiss**, President and CEO, climbed out of a Delorian, leading senior managers in a '50s through '80s skit in "drag" of the period. The gala event featured free cherry cokes and make-up artists, prizes, raffles, a sock hop and bunny hop. Nifty! **Keyperson Cindy B. Nager**, sure knows how to bring back memories.

CAMPAIGNS IN THE GOVERNMENT DIVISION ARE OFF AND RUNNING. The Combined Federal Campaign (CFC) led off September 11 at the O'Neill Federal Building Auditorium with remarks by **Robert F. Moakley**, CFC Chairman and Regional Director, Department of Veterans Affairs. . . . **Sally Degan**, Chairperson, City of Boston Employees Campaign (COBEC), and City Auditor, launched the city campaign September 25 with a meeting of 50 Keypeople. **Boston Mayor Raymond Flynn** video-recorded a kickoff speech which was shown. . . . Well under way with three training programs completed by **Keypersons** is the **Commonwealth of Massachusetts Campaign (COMEC)**. The campaign is chaired by **Helen Chin Schlichte**, Co-Chair for COMEC, and Assistant to the Secretary, Executive Office for Administration and Finance.

NEW CEOs, INTRODUCED TO THE UNITED WAY FAMILY! On September 17 and 24 breakfast meetings were held to greet and orient newly appointed officers of local organizations. United Way's new relationship with these leaders helps foster their organization's and their own commitment and active involvement in United Way's annual campaign.

RECENTLY, AN ADVANCED TRAINING SESSION for experi-

enced **Keypersons** was held at **Lechmere, Inc.** Training was accomplished in 1-1/2 hours, half the usual time.

INNOVATORS IN WESTWOOD This year, for the first time, a payroll deduction program is being held in tandem by the municipality and the schools. This community campaign is orchestrated through **Keyperson David Lowry** of the school system and **Keyperson Ethan Mascoop** of the town.

STATE STREET BANK IS ONCE AGAIN TAKING AN ACTIVE, progressive role in United Way's annual fund-raising campaign. The organization is **increasing its corporate gift by 10%** and will offer Donor Choice to its employees. State Street is also traditionally a member of United Way's **1 Million Dollar Club**, which means combined contributions from the employee campaign and corporate gift exceeds \$1 million. . . . **Keyperson Mike McNabb**.

AT A RECENT MASSACHUSETTS GENERAL HOSPITAL CAMPAIGN Solicitor's training **Boston Mayor Raymond Flynn** honored the hospital with a proclamation that recognized it as the city's largest employer. . . . **Keyperson Jeffrey Davis**.

FUN AND GAMES TO BENEFIT UNITED WAY

COURTESY OF SIEMENS NIXDORF INFORMATION SYSTEMS, an enthusiastic crowd of 350 United Way guests stomped divots and learned about the game of polo on September 22. The match at the **Myopia Hunt Club**, oldest polo club in the country, was the **Annual Leadership Giving Appreciation Event**. These tickets were in great demand; **Stuart Copeland**, former drummer of "The Police," played for the home team, which beat Siemens-Nixdorf 9-7. Among the guests were Channel 7 Anchor **Margie Reedy** and Senator **John Kerry**. **Marion Nierintz**, Assistant Secretary of **John Hancock Mutual Life Insurance**

Co., presented awards to the winning team.

DATABASE MARKETING CORPORATION FINDS RAISING MONEY for the United Way can be a real picnic. At their annual picnic, DMC employees raised **\$693 in a raffle** to support United Way. DMC's clients donated food for the picnic, as well as some gifts for the raffle. A mountain bike and a year's membership to the **Burlington Health and Racquet Club** were among the prizes.

"Database Marketing Corporation has chosen to help the United Way because employees can make an impact on their own local communities," said **Keyperson Jennifer Montgomery**. "Our employees like that they can choose from such a wide variety of agencies and services to donate their time and effort. We like that the United Way allows us to help so many people at once."

NYNEX MERIDIAN SYSTEMS IS SPORTING A GOLF TOURNAMENT as part of its employee campaign this year. Their corporate gift has been **lofted 15.4%**.

AS PART OF QUINCY SAVINGS BANK'S ANNUAL UNITED WAY DRIVE, A "Pedal for People" bike trek went rolling on September 21. The nine intrepid cyclists followed a 46-mile route from North Quincy to Plymouth, bringing United Way visibility to the communities where the bank does business. They passed all seven branch offices en route and were cheered on by fellow workers who sponsored their ride. The stretch between Norwell Center and Hanover was four miles uphill all the way. Talk about Heartbreak Hill! . . . **Keyperson Roger M. McCoy**.

COMING EVENTS

2ND ANNUAL UNITED WAY "BANDAID" BASKETBALL TOURNAMENT. Basketball was born 100 years ago at the Springfield, Mass. YMCA. To celebrate this wonderful sport and honor area YMCAs — United Way affiliates

of long-standing — United Way's Medical and Human Service Division is inviting Massachusetts Bay area hospitals to compete in a "friendly game" of basketball. Championship games will be held **November 4-15** for all Massachusetts Bay area hospitals which have a **United Way campaign under way during the month of October**. If you would like to know more about this tournament, please ask your United Way Loaned Executive; or call **Frank Moy, Jr.**, Tournament Coordinator **(617) 789-2441**; or **United Way's Aimee Coolidge**, Director, Medical & Human Services Division **(617) 422-6660**.

CAMPAIGN HELPLINE

QUESTIONS ABOUT YOUR PLEDGE CARD? The United Way pledge card is designed to offer options to the donor so that their gift will go where they want to direct it. Pledge cards vary slightly from one organization to another, however all offer options of **Community Care** (addresses all priority problem areas), **Targeted Community Care** (addresses a single priority problem area) and **Specific Care** (directs money to a specific United Way agency or local United Way).

If you would like to discuss a specific question, your assigned Loaned Executive or the Keyperson at your organization can assist you. Or call United Way directly. **A Campaign Helpline (617) 576-9366** is in effect **business hours, Monday-Friday**. At other times messages are recorded and callbacks will be made on the next business day. Typical questions have to do with donor choice options, agency eligibility, and ways to designate gifts.

May 17, 1991

Dear Mr. Mayor:

On August 27, 1990, your Honor approved an award of a contract without public advertising for bids to Peter Antell, Esquire, Antell & Blacker, 211 Congress Street, Boston, Massachusetts for representing the City of Boston in the case of *Faneuil Hall Marketplace, Mitchell v. Jones*, Deer Island House of Correction cases and others as stated in the original award letter for the period July 1, 1990 through June 30, 1991 at a cost not to exceed fifty thousand dollars (\$50,000.00).

Your approval is requested to amend this contract in order to provide for additional services in the assigned matters which were not anticipated at the time of the original contract. The cost of this amendment, which is to be effective May 23, 1991, shall not exceed thirty-five thousand dollars (\$35,000.00), which I have determined to be reasonable for the work to be performed. The contract, as amended, shall not exceed eighty-five thousand dollars (\$85,000.00).

Because of the professional nature of the services to be performed, I believe that public advertising would serve no useful purpose.

Very truly yours,
Joseph I. Mulligan,
Corporation Counsel.

Dear Mr. Mayor:

On August 27, 1990, your Honor approved an award of a contract without public advertising for bids to John P. Roache, Esquire, 25 New Chardon Street, Boston, Massachusetts 02110 to provide services as defense counsel in matters requiring outside assistance, the case entitled *Broderick v. Roache, et al.*, C.A. No. 90-11500-MA Suffolk Superior Court and other matters at a cost not to exceed thirty thousand dollars (\$30,000.00).

Your approval is requested to amend this contract in order to provide for continuing representation in the above matters, which were not anticipated at the time of the original contract. The cost of this amendment, which is to be effective May 20, 1991, shall not exceed eight thousand dollars (\$8,000.00), which I have determined to be reasonable for the work to be performed. The contract, as amended, shall not exceed thirty-eight thousand dollars (\$38,000.00).

Because of the professional nature of the services to be performed, I believe that public advertising would serve no useful purpose.

Very truly yours,
Joseph I. Mulligan,
Corporation Counsel.

June 3, 1991

Dear Mr. Mayor:

On August 27, 1990, your Honor approved an award of a contract without public advertising for bids to the firm of Harrison & Maguire, 24 School Street, Boston, Massachusetts 02108 for services rendered to the Law Department with general consulting and supervisory assistance to the City of Boston Law Department and representation and legal services in the following cases: *Pate v. Crowley; Morgan v. Nucci; City of Boston v. Keene Corporation, et al.*; and claims against Johns Manville Property Damage Settlement Trust during the period July 1, 1990 through June 30, 1991. This contract is exempt from Chapter 30B.

This amendment is necessary due to the high costs relating to the asbestos litigation matters. Your approval is requested to amend this contract to ensure payment for services rendered on behalf of the City.

The cost of this amendment, which is effective June 10, 1991, shall not exceed one hundred and fifty thousand dollars (\$150,000.00). The contract as amended will not exceed five hundred and five thousand dollars (\$505,000.00).

Because of the professional nature of the services rendered, I believe that the above amount is reasonable.

Very truly yours,
Joseph I. Mulligan,
Corporation Counsel.

Design Services

C3303-90

June 3, 1991

Dear Mr. Mayor:

Pursuant to a vote of the Public Facilities Commission on May 16, 1991, I respectfully request your Honor's permission to dispense with further public advertisement and amend a contract executed on July 6, 1990 with Dean, Tucker, Shaw Inc., a Massachusetts corporation with offices at 119 Beach Street, Boston, MA 02111 for design

of the renovations to the Area B, C and D Police Stations — Phase II. The scope of work included preliminary design, design development, working drawings and construction supervision. This contract is exempt from the provisions of G.L. c. 30B and is awarded under the authority of MGL c. 7, 38A-1/2-0.

Dean, Tucker, Shaw Inc., was awarded this contract based on a publicly advertised request for proposals in the *Boston Globe* and *City Record* on December 11, 1989, and the Central Register on December 13, 1989.

This amendment is necessary to include full masonry repointing to the two historic elevations of the Area D building.

The cost of these additional design services shall not exceed \$47,500.00, resulting in an amended contract cost that shall not exceed \$207,000.00 (including \$50,000.00 for supplementary services), which is a fixed fee of 13.6 percent based on an increased estimated cost of construction from \$900,000 to \$1,230,000.00. The term of this contract shall remain from July 6, 1990 to December 6, 1992.

In view of the technical and professional nature of the services required, the expertise and familiarity of the designer with all existing conditions and the reasonable cost of such services, it is my view that further public advertising would serve no useful purpose. I, therefore, request permission to dispense with inviting sealed bids in the *City Record* under authority granted in the City of Boston Code, St. 4, s. 5.

Sincerely,
Paul D. Roche,
General Counsel.

C3364-91

April 23, 1991

Dear Mr. Mayor:

Pursuant to a vote of the Public Facilities Commission on April 18, 1991, I respectfully request your Honor's permission to dispense with further public advertisement and amend a contract executed on October 29, 1990 with Cole & Goyette Architects & Planners, Inc., a Massachusetts corporation with offices at 540 Franklin Street, Cambridge, MA 02139 for design of the renovations to the Everett and Gardner Schools. The scope of work included preliminary design, design development, working drawings and construction supervision. This contract is exempt from the provisions of G.L. c. 30B and is awarded under the authority of MGL c. 7, 38A-1/2-0.

Cole & Goyette Architects & Planners, Inc. was awarded this contract based on a publicly advertised request for proposals in the *Boston Globe* and *City Record* on July 2, 1990, and the Central Register on July 4, 1990.

This amendment is necessary for the following reasons: the construction budget has been increased due to an increased scope of work for the project; and the latest cost estimates are higher than originally planned. This amendment reflects the necessity to increase the design fee according to the increased construction budget.

The cost of these additional design services shall not exceed \$95,700.00, resulting in an amended contract cost that shall not exceed \$410,700.00 (including \$70,000.00 for supplementary services), which is a fixed fee of 8.82 percent based on an increased estimated cost of construction from \$2,350,000.00 to \$3,862,825.00. The term of this contract shall remain from October 29, 1990 to October 29, 1993.

In view of the technical and professional nature of the services required, the expertise and familiarity of the designer with all existing conditions and the reasonable cost of such services, it is my view that further public advertising would serve no useful purpose. I, therefore, request permission to dispense with inviting sealed bids in the *City Record* under authority granted in the City of Boston Code, St. 4, s. 5.

Sincerely,
Lisa Chapnick,
Director.

June 3, 1991

Dear Mr. Mayor:

Pursuant to a vote of the Public Facilities Commission on May 23, 1991, I respectfully request your Honor's permission to dispense with further public advertisement and amend a contract executed on April 12, 1990 with Pisani and Associates, a sole proprietorship with offices at 374 Congress Street, Boston, MA 02210 for design of the renovations to the Roxbury Public Works Maintenance Yard. The scope of work included preliminary design, design development, working drawings and construction supervision. This contract is exempt from the provisions of G.L. c. 23B and is awarded under the authority of MGL c. 7, 38A-1/2-0.

Pisani & Associates, Inc. was awarded this contract based on a publicly advertised request for proposals in the *Boston Globe* and *City Record* on November 27, 1989, and the Central Register on November 29, 1989.

This amendment is necessary for the following reasons: Additional funding has been made available by The Office of Capital Planning to expand the scope of work to include the following items: demolition of abandoned masonry building; removal of three (3) underground fuel tanks; installation of diesel fuel tank; site improvements including tree removal, asphalt paving and fencing.

The cost of these additional design services shall not exceed \$44,439.00, resulting in an amended contract cost that shall not exceed \$134,805.00 (including \$30,000.00 for supplementary services), which is a fixed fee of 12.33 percent based on an increased estimated cost of construction from \$490,000.00 to \$850,000.00. The term of this contract shall be extended to September 13, 1992.

In view of the technical and professional nature of the services required, the expertise and familiarity of the designer with all existing conditions and the reasonable cost of such services, it is my view that further public advertising would serve no useful purpose. I, therefore, request permission to dispense with inviting sealed bids in the *City Record* under authority granted in the City of Boston Code, St. 4, s. 5.

Sincerely,
Paul D. Roche,
General Counsel.

16007-91

June 6, 1991

Dear Mr. Mayor:

Pursuant to a vote of the Public Facilities Commission on May 23, 1991, I respectfully request your Honor's permission to dispense with public advertisement and amend a grant agreement executed on July 30, 1990, with Kit Clark Senior House, a non-profit corporation, with offices at 500 Dorchester Avenue, Dorchester, Massa-

chusetts. The purposes of the grant agreement and amendment are to assist low to moderate income handicapped and/or elderly persons to secure minor and emergency repairs to their houses providing safety, livability and handicapped accessibility during the period of July 1, 1990 to June 30, 1991 at a cost not to exceed sixty thousand (\$60,000.00) dollars. Kit Clark Senior House was awarded this grant based on a competitive request for proposals advertised in the *Boston Globe* on March 5, 1990 and the *City Record* on March 12, 1990. This amendment is exempt from the provisions of the Uniform Procurement Code, because it is a grant agreement with a non-profit corporation to provide support and not for goods and services as defined in M.G.L. c30B, Section 1.

This amendment is necessary to increase the money and extend the grant agreement period to re-evaluate the program to better serve the program recipients.

The cost of this amendment shall not exceed twenty thousand (\$20,000.00) dollars, which I have determined to be reasonable. The contract, as amended shall not exceed sixty thousand (\$60,000.00) dollars. The period of performance, as amended, shall be from July 1, 1990 to December 31, 1991.

Because of the professional nature of the services to be provided, and the qualifications of the contractor, I believe that public advertising would serve no useful purpose in this instance. I, therefore, request permission to dispense with inviting sealed bids in the *City Record* under authority granted in the City of Boston Code, St. 4, s. 5.

Sincerely,
Paul D. Roche,
General Counsel.

SHERIFF'S DEPARTMENT

Legal Services

C3676-91

April 5, 1991

Dear Mr. Mayor:

On August 10, 1990 your Honor approved the award of a contract and on February 28, 1991 an amendment, without public advertising for bids, to Chester Janiak, Esq., an individual located at 125 Summer Street, Boston, Massachusetts 02110, for legal services to the Sheriff of Suffolk County concerning the matter of *Inmates of Suffolk County Jail v. Kearney, et al.* at a total cost not to exceed one hundred thirty-nine thousand dollars (\$139,000.00).

Your approval is requested to amend this contract to provide for additional services which were not anticipated in the terms of the original contract and subsequent amendment. Due to the increased number of hours needed to litigate the matter of *Inmates of the Suffolk County Jail v. Kearney, et al.*, specifically the question of double-bunking the new Suffolk County Jail at Nashua Street, the Suffolk County Sheriff's Department is required to increase this contract. Mr. Janiak will be compensated at the same rate specified in the terms of the original contract. The amount of this amendment shall not exceed sixty thousand dollars (\$60,000.00) which I have determined to be reasonable. The total cost of this contract, as amended, shall not exceed one hundred ninety-nine thousand dollars (\$199,000.00). The period of this contract shall remain from July 1, 1990 to June 30, 1991.

Because of the professional nature of the services to be performed, the fact that he is already under contract and since continuity is essential, I believe that public advertising would serve no useful purpose.

Very truly yours,
Robert C. Rufo,
Sheriff.

PARKS AND RECREATION DEPARTMENT

Design Services

7078-90

May 2, 1991

Dear Mr. Mayor:

On February 22, 1990 your Honor approved the award of a contract based on a Public Advertising Proposal for Design Services to The Halvorson Company, Inc., 161 Massachusetts Avenue, Boston, MA 02115. This award included design services for Garvey Playground, and Ronan Park, Dorchester, during the period of February 22, 1990 to June 30, 1991 at a cost not to exceed seventy-three thousand, one hundred ninety-two (\$73,192.00) based on a construction estimate of \$475,807.00.

Your approval is requested to amend this contract for additional design services which are required due to the increase in the scope of work for site improvements at Garvey Playground. These improvements will result in creating a new storm drain system throughout the playground to collect surface run off, replacing a system that was inoperable. A new sanitary system from the field house area to Neponset Avenue will replace the present system which is also inoperable. All plans, details, and specification will be approved by the Boston Water and Sewer Commission review process. A request by the community to change a basketball court to a street hockey area also increases the design fee. The additional site improvements are estimated to cost \$60,000.00. The amended construction cost estimate of \$540,350.00 will be the basis for the increase in the total cost of the design contract.

The cost for this amendment, which is effective June 1, 1991 shall not exceed nine thousand dollars (\$9,000.00), which I have deemed to be reasonable. The total cost of the contract, as amended shall not exceed \$82,192.00 and be charged (\$1,000.00) to 6T3-300-4332-0725 and (\$8,000.00) to 6T3-300-4333-0725. The period of this contract shall be extended from June 30, 1991 to August 30, 1991.

I therefore request your permission to dispense with advertising in the *City Record* as required by the City of Boston Code, St. 4, Section 5.

Sincerely,
Lawrence A. Dwyer,
Commissioner.

POLICE DEPARTMENT

Radio Repairs

May 16, 1990

Dear Mayor Flynn:

On June 25, 1990, your Honor approved the award of a contract, following public advertising for bids, to Radio Systems, Inc., a corporation, located at 107 Boston Street, Everett, Massachusetts 02149 for repair of the Police Department's portable radios and pagers. The term of the contract is July 1, 1990 through June 30, 1991 at a cost not to exceed \$18,750.00.

(Continued on next page)

Your approval is requested to amend this contract to provide for additional repair hours not anticipated in the award of the original contract. Statistical data showed a similar number of hours would be needed, however, due to staffing shortages in our own radio shop, a greater number of repair hours were necessary.

The cost of this amendment, which is effective on June 10, 1991 shall not exceed \$1,875.00, which I have determined to be reasonable. The total cost of this contract, as amended, shall not exceed \$20,625.00. This funding will be charged against appropriation 011 211 0211 PD02 0270 with an initial encumbrance of \$1,875.00.

All other terms and conditions shall remain in full force and effect. I have determined that this amendment is both necessary and the most economical manner in which to proceed.

Given the necessity for the continuation of radio repairs in the Police Department and given that this amendment is the most economical manner to achieve this goal, I request your approval of this amendment.

Respectfully,
Francis M. Roache,
Police Commissioner.

PUBLIC FACILITIES DEPARTMENT

Ecumenical Social Action Committee

16005-91

June 6, 1991

Dear Mr. Mayor:

Pursuant to a vote of the Public Facilities Commission on May 23, 1991, I respectfully request your Honor's written permission to dispense with public advertisement and amend a grant agreement executed on October 29, 1990, with Ecumenical Social Action Committee, a non-profit corporation, with offices at 3134 Washington Street, Jamaica Plain, Massachusetts. The purposes of the grant agreement and amendment are to assist low to moderate income handicapped and/or elderly persons to secure minor and emergency repairs to their houses providing safety, livability and handicapped accessibility during the period of July 1, 1990 to June 30, 1991 at a cost not to exceed fifty-five thousand (\$55,000.00) dollars. Ecumenical Social Action Committee was awarded this grant based on a competitive request for proposals advertised in the *Boston Globe* on March 5, 1990 and the *City Record* on March 12, 1990. This amendment is exempt from the provisions of the Uniform Procurement Code, because it is a grant agreement with a non-profit corporation to provide support and not for goods and services as defined in M.G.L. c30B, Section 1.

This amendment is necessary to increase the money and extend the grant agreement period to re-evaluate the program to better serve the program recipients.

The cost of this amendment shall not exceed twenty-seven thousand five hundred (\$27,500.00) dollars, which I have determined to be reasonable. The contract, as amended shall not exceed eighty-two thousand five hundred (\$82,500.00) dollars. The period of performance, as amended, shall be from July 1, 1990 to December 31, 1991.

Because of the professional nature of the services to be provided, and the qualifications of the contractor, I believe that public advertising would serve no useful purpose in this instance. I, therefore, request permission to dispense with in-

viting sealed bids in the *City Record* under the authority granted in the City of Boston Code, St. 4, s. 5.

Sincerely,
Paul D. Roche,
General Counsel.

LAW DEPARTMENT

Legal Services

Dear Mr. Mayor:

I respectfully request your permission to dispense with public advertising and to award a contract to John P. Roache, Esquire, an attorney located at 25 New Chardon Street, Boston, MA 02114 for legal services on behalf of the City of Boston. This contract is exempt from the provisions of G.L. c. 30B, and is awarded under the authority of the City Charter.

Under the terms of the contract, Attorney Roache will provide services as defense counsel in matters requiring outside assistance in the case entitled *Broderick v. Roache, et al.*, C.A. No. 90-11500-MA in Suffolk Superior Court and other matters. Attorney Roach is uniquely qualified to do this work because of his long-term association with the case and his experience in civil rights matters.

Compensation under this contract shall not exceed thirty thousand dollars (\$30,000) to be paid at the rate of eighty-five dollars (\$85) per hour, which I have determined to be reasonable for the work to be performed.

The term of this contract shall be July 1, 1991 to June 30, 1992.

Because of the professional nature of the services to be performed, I believe that public advertising would serve no useful purpose.

Very truly yours,
Joseph I. Mulligan,
Corporation Counsel.
